KLAMATH FALLS TO MEDFORD VIA CRATER 10 HOURS

Lloyd Rippey, Driving Model 16 Buick, Puts Machine Over Mountain Road in Splendid Time—Run Made Without Accident.

Lowering all previous records for a trip from Klamath Falls to Medford via Crater Lake, Lloyd Rippey, driving a model 16 Buick, arrived in this city Wednesday evening. The run was made in ten hours. Accompanying Mr. Rippey were Mrs. Hoagland, Miss Grace Hoagland and L. Hoagland.

UNCLE SAM PLANTING MANY ACRES TO TREES

WASHINGTON, July 28.—The U. S. Department of Agriculture is using this year on the National forests over three tons of tree seed. Most of this seed has already been planted or sown. The rest will be utilized later in the season, as favorable conditions are presented.

It takes a great many tree seed to make ten tons. Jack pine, the most important tree for planting in the Nebraska sand hills by the Forest Service, will average something like 125,000 to the pound.

Even when nursery stock is raised a liberal allowance must be made for loss. In the first place, a considerable percentage of the seed will be found to be infertile.

There are now twenty-four National forest nurseries, with an annual productive capacity of over eight million seedlings. But there are many millions of old burns on the National Forests which are waiting to be restocked, and some quicker and cheaper method than the actual planting of nursery-grown trees is urgently needed.

THOUSAND MEN FIGHT MONTANA FOREST FIRE

MISSOULA, Mont., July 28.—Over a thousand men are employed at fighting forest fires burning in the northern part of Montana and the Idaho pan-handle, according to Forster W. B. Greeley, who has just returned from a trip through the fire-swept regions of the two states.

INVESTIGATES OLD AGE PENSIONS ABROAD

WASHINGTON, D. C., July 28.—Old age pensions in foreign countries have been the subject of investigation by Congressman Frederick Lundin, republican, Illinois. He finds that they have proved successful and he is hopeful that some such provision for the care of the aged may be made in the United States.

"Germany was the pioneer in the movement," he says, "with a law passed in 1889; amended in 1891 and perfected in 1899. The present law covers 25 per cent of the population and is compulsory in many instances and voluntary in some. The pension is granted up to \$1.50 a year, according to class and weekly premium paid.

"Denmark fell into line in 1891. All persons over 80 years of age are eligible to pension, benefits, with certain limitations as to residence health and record of citizenship.

"Italy, France and Austria are operating systems of annuities and pensions. Old age relief is recognized in these countries as an institution of worth, and the system cannot fail to grow with the advance of the times.
