SAYS BALLINGER IS A BULL DOG

Secretary Wilson Declares Associate Is Standing for the Interests of the West—Thinks Republican Party Situation is Alright All Along Line

PORTLAND, Or., July 29.—Secretary of Agriculture Wilson who is making his annual tour of inspection, believes that Secretary Richard A. Ballinger of the interior department is a "bulldog, standing for the interests of the west."

At least that is what Secretary Wilson said he believed, shortly after his arrival at Portland last night. The secretary left today for a visit at Hood River, which is in the heart of the orchard country of the Oregon mountains.

Secretary Wilson would not discuss politics. Nevertheless, he did the following to say: "I think the republican situation is all right everywhere, and the administration is not mixing with the affairs of any state."

In discussing the forestry service, a burning question in the northwest, Secretary Wilson made the announcement that he has taken personal charge of the administration of the forestry affairs.

Secretary Wilson will return to Portland in time to meet Secretary Ballinger, who is expected to arrive in Portland Monday. As Wilson expects to leave Monday morning, a strong effort will be made to persuade him to remain over to attend a luncheon Monday afternoon at which Ballinger will be the guest of local business men.

EIGHT-MILE WALK FOR ARRESTED ROWDIES

PORTLAND, Or., July 29.—Arrest, an eight-mile walk to Portland police headquarters and fines of \$10 each were the penalties paid by Jessie Winney and Carl Dehl, two millwrights, who were found creating a disturbance at Lombard and Van Houten streets, early today.

WASHINGTON, D. C., July 29.—The bureau of statistics today reported that during the fiscal year ending June 30, 1910, the United States exported manufactured goods to the value of \$768,000,000, by far the greatest amount on record.

Figures for each ten years beginning with 1880 show the increase of increase of exported goods to be enormous. In 1880, according to the bureau, the value of the exported manufactures was \$122,000,000; in 1890, \$179,000,000, and in 1900, \$485,000,000.

During the past year exports to Canada have increased 32 per cent.

SUBSTITUTE FOR AMERICA

Los Angeles Propose New Words for National Anthem. But Cooler Heads Prevail and Song is Not Abolished.

LOS ANGELES, Cal., July 29.—That the anthem, "America," is not on the scratched list of the Los Angeles votes for Women club and a substitute elevated to its place is due to the counsel of several of the club's cooler heads, according to reports circulating here today.

At last night's session of the suffragist society, Mrs. Bertha Wilkins Starkweather declared that the sentiments expressed by "America" are untrue so long as women are not permitted to vote. She offered a substitute to be sung at club meetings. One stanza is as follows:

"As long as children cry From mill and factory, On every hand, Can father, mothers, too, Refuse to dare and do? Oh, let our boast be true— Our own free land."

During the excited discussion there were frequent determined demands for a vote on the new song. A test ballot foreshadowed the relegation of "America."

Mrs. Clara Shortridge Foltz, an attorney connected with the district attorney's office, led the defense for "America." The declaration that the ban on the old anthem would provoke state-wide indignation and jeopardize the success of a vote for women in the next campaign carried the day. A re-consideration was moved, and "America" was retained.

ROOSEVELT'S NEPHEW DEFEATED AT PRIMARIES

LITTLE FALLS, N. Y., July 29.—Theodore Robinson, nephew of Theodore Roosevelt, probably will not call on his distinguished uncle to make the speeches the former president promised to deliver in his behalf.

Returns today show that Robinson was defeated at the primaries yesterday, when he made the race for the republican congressional nomination in the Twenty-Seventh New York district. Robinson will carry the contest before the congressional convention tomorrow.

Resolutions.

The angel of death has passed the outside guard and knocked upon the inside door of our Pythian Sisters lodge. In the early morning of a quiet Sabbath day, July 24, 1910, our beloved sister, Mrs. T. E. Beaujeu, was called from her home and our fraternal association, in Medford, Or. In tenderness and in love we remember her beautiful life and offer to her companion, also a member of our Pythian order, our sympathy and condolence. Ere the sun of a young and happy life had reached the zenith of its glory it set behind the premature horizon of a sorrow, which can find its greatest comfort in the promises of the Supreme Being.

We, your committee, request that this expression of our sympathy and love be spread upon the records of our lodge and that copies of same be furnished to the daily papers of Medford for publication.

MISS EDNA EIFERT, MRS. J. H. BUTLER, MRS. B. J. TROWBRIDGE, Committee.

MULTNOMAH CLUB RAISES MONEY FOR NEW QUARTERS

PORTLAND, Or., July 29.—Nearly one-half of the \$200,000 bonds of the Multnomah Amateur Athletic club, issued to defray the expense of rebuilding the clubhouse recently destroyed in the Exposition building fire, have been issued to the business men of the city and members of the club. The bonds will pay 6 per cent interest and will run for two years.

The largest single subscription was made by O. W. Wilcox, president of the Portland flouring mills. He took \$2500 worth of the bonds and promised to subscribe for that much more should the bonds not find a ready market.

DEER SEASON WILL OPEN AUGUST FIRST

In the southern Oregon counties the deer season opens on Monday, August 1. Even at the present hour we presume many a "pump-gun" is polished up and many a camp outfit overhauled in anticipation of the sport in store for the hunter among the hills. To the man who will brave the heat of the canyons, the strenuousness of mountain climbing and take the chances of being shot to death by some buck-fevered hunter, there is a chance for the most fascinating as well as most exacting sport. Notwithstanding the depredations of cougars and hide hunters, deer can yet be found in considerable numbers, and one need not go more than a few miles from town to strike their trails on the roads.

For the benefit of newcomers and those not acquainted with the provisions of the revised statutes, we publish the following paragraphs: The law as amended and passed in February, 1909, provides that no female deer shall be hunted, taken, killed or offered for sale at any time in the state of Oregon.

Buck deer may be hunted and killed in limited numbers during the open season, which shall comprise the period between the first day of August and the first of November, in all the counties of Oregon excepting Wallowa, Union, Baker, Umatilla, Grant, Malheur and Harney. In the counties named, the open season extends only from the 12th day of September to the first day of November.

The law further stipulates that no deer shall be hunted in the open season later than one hour after sunset, nor earlier than one-half hour before sunrise in the morning. No person is permitted to kill or have in his possession more than five deer in any one season. It is unlawful for any person to hunt deer with dogs, or to lie in wait for them at any feeding grounds or watering place, or on any trail where deer are accustomed to pass in numbers.

Hunting of deer for their horns, hide or skins, for the purpose of sale or barter is prohibited except that in case a hunter, who has not taken more than five buck deer, applies to a justice of the peace or county clerk for a leather tag to be affixed to each carcass or hide, he may offer the same for sale or trade within the state, after making affidavit to the fact that he personally killed the deer, stating the time and place of such killing.

Any person found guilty of violating any of the foregoing provisions may be fined not less than \$50 nor more than \$250 or punished by imprisonment.

BULL MARKET CREATED BY LONDON BUYING

NEW YORK, July 29.—London buying caused a general advance of securities in the stock market in the earlier hours today, but after a higher opening, the list reacted. Rock Island and Wabash rose 1 5-8, D & R. G. 1 1-2, Southern Pacific 1 1-8 and Amalgamated Copper and Ontario & Western 1. Great Northern lost 3-4, and Canadian Pacific 1 1-8. Tennessee Copper rose 1 1/2 and Pressed Steel Car 1. Denver & Rio Grande later rose 2 and Kansas City Southern preferred 2. Before the close United States Steel, Northern Pacific and Colorado Fuel lost 1. Later the list reacted.

The market closed firm. Bonds were firm.

THE NASH GRILL WINDOWS.

A new and strikingly artistic effect in window decorations has been ably executed and designed by Cuthbert & Co. for the windows of "The Nash Grill."

The design is a beautiful empire wreath, in the center of which is worked the monogram "N" on a field of plain ecru French net with linen borders stretched on frames and fitted close to the window.

It affords us great pleasure to call the attention of our readers and especially our patrons of the fair sex to work which is only another evidence of the growth and development in our midst of a demand for as high-class decorative standards as are to be found in any city of the country.

With your knowledge of what things should cost, you'll often find something advertised under the "For Sale" classification that will make you wonder "what's wrong with it?" And usually all that's wrong with it is that the owner has ceased to need it.
