GRAND TRUNK FREIGHT WRECKED IN YARDS

DETROIT, Mich., July 30.—Twelve Grand Trunk freight cars were derailed today as a freight train was pulling out of the yards here. A switch was turned after part of the train had passed. The railroad officials blame the strikers

for the accident. An investigation is being made and arrests may follow.

The strikers deny that they had anything to do with the accident. They say the wreck may have been caused by strikebreakers, whom they claim are incompetent.
