FRUIT SALES IN NEW YORK

California Bartletts at \$2.25-Very Routine Business Transacted by City Heavy Arrivals-32,000 Boxes in Four Days-Heavy Shipments Are Ended From California.

Sales at auction here this week were: Mouday, 32 cars; Tuesday, 26 cars; Wednesday, 26 cars, and today, Thursday, 29 cars. Present prices are as follows:

Heavy shipments ended from California and the missioner and recorder were referred end is not far off.

Plums-The finer varieties are arriving from California and the market is stronger, the demand being excellent. Most satisfactory and profitable prices are being obtained, as examination of above quotations show. Buyers are asking especially was referred to license committee. for Hungarian, Gross, Germans, etc. Good market ahead, we believe.

Peaches-A great change in the market, very strong. Georgias close to the end, shipping lighter from northern Georgia and that fruit is selling for shout double what it did a week ago, so the few peaches from California are doing well.

Grapes-About two cars daily, Malagas and Thompsons, and they are being fought for at satisfactory prices. Some of the Malagas are not prime. A very few Tokays arriving, mostly from Vacaville, and selling \$3.25 to \$2.75 per crate.

The weather this week has been almost insufferable owing to the excessive heat. However, the atendance at the sales has been large and the bidding spirited, showing that the fruit arriving has gone into quick consumption. Georgias hearly finished, but some nice peaches are acriving from Delaware and western Virginia, where they are said to have pretty good crops,

Our cars from California are coming through in nine days over the Western Pacific and D. & R. G., and we understand the Southern Pacific are arranging to make equally good time.
