## STRIKERS VOTE TO GO TO JAIL

**Protest Filed by Metal Workers Against Anti-Picketing Ordinance Recently Passed by Council—Believe Many Will Be Arrested.**

LOS ANGELES, Cal., Aug. 6.—Ninety-five per cent of the striking metal workers in Los Angeles have voted to go to jail voluntarily as a protest against the anti-picketing ordinance, and at a meeting today 700 strikers clamored to be placed on picket duty in order that they might be arrested and crowded into the county jail.

A large number of those asking to do duty were assigned to various metal plants about the city. Five were arrested before noon and before the day is over it is expected many more will be taken into custody.

The five prisoners accompanied the officers to the station smiling. According to labor leaders, the picketing will continue until the ordinance is either repealed or the city officials cease to enforce it.

If necessary, leaders say, 1400 strikers are ready to go to jail for violating the ordinance.

### MISS FLORENCE SUMNER CROSSES GREAT DIVIDE

Died—On the morning of August 1, at Midadero sanitarium, Santa Barbara, Cal., Miss Florence Sumner, beloved daughter of Mr. and Mrs. W. A. Sumner, interment at San Francisco.

Miss Sumner is the only daughter of W. A. Sumner of the Palmer investment company. With her mother, she came to Medford last spring to make her home, but her health failing, she left for California to spend the summer, it being hoped that the change would be beneficial. She suffered from an affliction of the heart and gradually failed.

Miss Sumner was an unusually pretty and attractive young woman and very popular with acquaintances. Her death came as a shock to those who knew her and her grief-stricken parents have the heartfelt sympathy of the community.

## ANOTHER ACCIDENT ON HOODOO SHIP

LONDON, Aug. 6.—Advice received by the admiralty report the serious injury of two officers and five men in an explosion of oil on board the hoodoo vessel of the English navy, having been in many accidents since her completion in 1903.

## MINOR TRANSACTIONS WEEK END MARKET

NEW YORK, Aug. 6.—Minor transactions marked the week-end stock market today. Few fluctuations were recorded and price changes were mixed. Kansas & Texas lost 3/4, Pressed Car, American Beet Sugar, Reading, United States Steel, Union Pacific and Southern Pacific 1 point, and Great Northern preferred, 1 3/8. Other railroads and industrials gained small fractions.

The market closed strong.

### IN SHOWS AFTER 9 P. M.

BERLIN, Aug. 6.—On account of the immorality of the moving pictures being exhibited, the prefect of police has given strict orders that no children under the age of 14, or without parents, shall be admitted to the shows after 9 p. m. It is said that further restrictions will follow.

Miss Alice Waring of Portland is the guest of Miss Fern Hutchinson.

Miss Susy Barnard of Grants Pass is the guest of Miss Belle Pickel.

Mrs. P. A. Hussey has returned from an extended trip east.

Madame Radcliffe is the guest of Mr. and Mrs. F. W. Streets.

Hon. and Mrs. Benton Bowers autoed down from Ashland to Medford Sunday, accompanied by Miss Hankins of Tacoma, and visited with Hon. and Mrs. B. F. Mulkey, who came from Jacksonville and joined the party.

## FIRE MAY RUIN LA GRANDE WATER

**Flames Now Making Their Way Toward Watershed—City Sending All Men Available in Effort to Check It—Large Force Busy.**

LA GRANDE, Or., Aug. 6.—A forest fire is threatening the Beaver creek watershed, and should the army of fire fighters rushing to the mountainous district fail to stay the progress of the flames, La Grande's newly constructed water supply reservoir will be made useless. Fifty men, under government agents and forest rangers, were rushed to the fire 20 miles away at 11 o'clock today, and it will be a day before news reaches the city of their success. The blaze is on Jordan creek, and is rapidly making its way over the divide to the watershed from which La Grande gets its water. The situation is extremely critical, and the government and city authorities are sending men as fast as they can be recruited.

### MILK AND CHAMPAGNE ON COMMON GROUND

WASHINGTON, D. C., Aug. 6.—Milk and champagne drinkers have at last found a common ground. Prices of the effervescent beverage have begun to skyrocket hand-in-hand with the cost of the lactical fluid. Ravages of mildew among the grapes of the Rheims district in France is said to be responsible for the advance in wine figures.

## ASK INSURANCE AGAINST OLD J. PLUV

PASADENA, Cal., Aug. 6.—The Tournament of Roses association, under whose direction Pasadena will hold a rose carnival on January 1, applied today to a New York insurance company for \$8000 insurance against loss on account of rain. The tournament has been held in Pasadena for the past 22 years. Last year it rained for the first time on tournament day, causing a heavy loss to the association.

## IN THE FRUITGROWING WORLD.

(Continued from Page 9.)

last season. The orchards at Hutchinson have plenty of fruit, but the quality does not give promise of being desirable. Many of the apples are badly diseased, apple blotch having affected them. F. L. Martin says that in his old orchard where there are Missouri Pippins and Ben Davis apples there is a great deal of the blotch. At the Yaggy plantation there is a very small apple crop this year, but a great deal of blotch is to be noticed.

On the other hand, it is declared that the orchards of Underwood & Viles are in fine condition, and this also seems to be the case in a number of other orchards.

Manhattan will have 20 per cent, Emporia 50 per cent, Atchison 50 per cent, Waverly about 75 per cent, Council Grove 40 per cent, Leavenworth and Wathena from 70 to 80 per cent of a normal yield, and Wichita a full crop.

### Colorado Crop Light.

Denver, Col.—The apple crop of Colorado this year will be considerably lighter than that of 1909, but the yield promises to be much better. Delta will have only one-third of what it had last season, when the crop was 75 per cent normal. Grand Junction will have about 2600 cars, while Canyon City will have about the same as last year, or 820 cars. Silt, which had 90 per cent of a full crop last year, will ship only 10 per cent of a normal output. Rocky Ford will have a normal yield, or about 90 cars, while Montrose will have only 0 per cent of a full crop. The other sections will show a falling off, except Manzanola, which will have four times the quantity it had last year.

### New Norwegian Minister.

CHRISTIANA, Norway, Aug. 6.—Succeeding the late Ove Gude as minister from Norway to the United States, H. H. Bryn, councillor of the Norwegian legation at Paris, has been named. He will proceed at once to Washington.

### LAMP OVERTURNS; WOMAN IS BURNED

DAYTON, Wash., Aug. 6.—A living torch, her clothing ignited by the overturning of a lamp last night, Mrs. Anna Gahill, wife of W. R. Gahill, a prominent realty dealer, rushed from her home into the yard, despite the efforts of two women visitors to restrain her.

Mrs. Gahill was sewing and knocked a lamp from the machine. In a

**Question:**  
**WHAT IS THE FOUNDATION CAUSE** for the daily decrease in shipments of Live Stock to market?  
**Answer**—The simple fact is that the supply is not being kept up with the increasing demand caused by the natural growth of our population. The long stream of men and boys pouring into our cities and deserting the farms has had a two-sided effect—increasing the numbers of those who live on the products of others, and diminishing the number of those who produce the world's food.

### The Solution of the Problem is This:

**BUY** a tract of irrigated land perfectly drained at **LOS MOLINOS, CALIFORNIA**, where the **SOIL** is rich and from 15 to 20 feet in depth, where the **WATER SUPPLY** comes from a snow-clad mountain and is **NEVER FAILING**, where **ALFALFA** and all **FOOD PRODUCTS** grow to perfection, where you have **CHEAP TRANSPORTATION** and **CASH MARKETS** at highest prices right at your door and where the climatic conditions are such that Live Stock of all kinds can be raised and matured in the shortest possible time.

To the **PRACTICAL FARMER** the above conditions mean **RICHES** and **INDEPENDENCE**. **THESE LANDS, INCLUDING A DEEDED PERPETUAL WATER RIGHT, SELL AT**

**\$150.00 PER ACRE**

**ONE-FIFTH DOWN AND BALANCE IN FOUR EQUAL ANNUAL PAYMENTS.**

I make several trips each month to show these lands and will be pleased to have you join our next party. The expense is small and we will be gone only a few days.

If after investigation you find that a **SINGLE MISREPRESENTATION** has been made, I will willingly refund your expenses.

## THE NAME

Certain names in the business world are instantly recognized. Rothschild stands for banking and Lloyds for insurance; Krupp makes cannon and Pullman builds cars; Gorham stands for silverware. These names designate the world's accepted standard of Quality.

Gorham Silverware is classed with the finest craftsmanship in all ages; with the Damascene work of the Saracenic armorers, with the seal cutting of Nineveh in the 7th century before Christ, with the bronzes of Pompeii, and the intaglios of Greece.

It is the ripe product of three successive generations of trained silversmiths, working with a single object in view—to establish Gorham pre-eminence throughout the world.

To distinguish Gorham Silverware always look for the trademark.
