Whereas, no protests were received dered constructed. for besides increased dryness of the for besides increased dryness of the against the same, the council orders struction of said sewer has been and the improvements to be made, as destribution in suid resolution, and the breby is determined to be the sum of the cost thereof assessed of \$981. beyond control should strong winds thereby. The foreging resolution was passprevail.

Throughout most of Oregon and Medford this 2d day of August, 1910, Washington, up to the present time, by the following vote: more extensive organizations by timber owners and the Forest service Demmer aye. than ever has existed before has fairly well counterbalanced the unusual great number of fires. Most of them have been controlled promptly. Nevertheless the aggregate of small outbreaks in valuable timber represents heavy loss. The Santiam, Klamath, Wallowa and Hood River districts of Oregon, and the Grays of the city of Medford: Harbor and Colville districts in half over.

ports, it is impossible to estimate the where timber owners' fire associa- said city; and, tions are highly efficient, what seems an almost hopeless situation the improvements to be made, as deshas been gotten pretty well in check. cribed in said resolution, and the In western Montana the situation is amount of the cost thereof assessed about as bad as it can be, all available help being inlisted without any

The association emphasizes that the most dangerous pertion of the senson is yet to come. There are Demtier aye. fires everywhere that are barely being held in leash. New ones will overtax all existing organizations.Since conditions threaten under which fires may travel long distances, timber owners are urged to extend patrol bayond their own tracts to all danger points. Establishment of citizens of the city of Medford: fire brigades is advised, organizing in cil to cause Ross court from West advance for having help, lendership Main street to West Fourth street and equipment available without loss in said city to be improved by placof time. Cities and towns are asked ing on both sides of said street a conto taks similar steps to supply men crete curb and gutter and by paving when called upon, with arrangements curb to curb with asphalt pavement, for transportation. Every citizen is consisting of a 4-inch concrete base. unged to spare neither friend nor foe r. 1 1-2-inch asphaltic binder, and a in reporting violations of the fire 11-2-inch wearing surface, all in aclaws, especially by campers, landclearers and spark-emitting locomotives It is pointed out by the associnticn that if the warning widly circulated earlier in the season had resulted in such steps, loss of lives and property would have been largely avoided. They still apply with adjacent to said improvement. even greater force.

REVENUE MINE IS SOLD; \$25,000 PAID

The famous Revenue mine on date of said meeting. Kane's creck, which has been owned for some years by parties in Marion. Ind., has been purchased by H. A. Mears, a well-known mining man of this district, says the News. The absent, Wortman aye, Elfert aye and property consists of 120 acres of decded land and several claims. The consideration was \$25,000, which is considered very cheap for a property which has the remarkable record and rich prospects of the Revenue. It is claimed that one pocket taken out on this property was worth \$85,000. Mr. Mears is now at work on the property. Extensive development work will be done and needed equipment installed. The Kanes creek line of the Gold Hill railroad, when completed, will run only a short distance from the Revenue. The new owner is confident that the Revenue is capable of being made a great mine.
