PLENTY OF LABOR NOW IN PANAMA

No Longer Need Men Be Imported From China and Other Sections—Immigration Recently Has Been Very Heavy.

WASHINGTON, Aug. 11.—The digging of the Panama canal has reversed the condition regarding labor which confronted the United States at the outset of the big task. No longer, according to the reports from the isthmus, is it necessary to send agents abroad to contract for labor. Despite the great number needed for the work voluntary immigration from Greece, Italy, Spain, Costa Rica, Cuba, Colombia and Venezuela now is sufficient to supply all demand for the big force.

The volume of immigration in the case of the European laborers has increased nearly 1000 per cent, and in the case of the West Indians, over 50 per cent, as compared with the first six months of 1909.

Nearly every vessel sailing from a foreign port brings an additional lot of laborers, and within the past few months immigration among the Greeks and Italians has been steadily increasing. As near as can be estimated about 50 per cent of the steerage passengers from Europe at the present time are Spaniards, while the remaining 50 per cent is more or less equally divided between Greek and Italians.

Formerly the stowaway class constituted quite a factor in the immigration movement, and there is a case on record where a vessel arrived at Colon with 288 stowaways on board, including a number of women. At that time laborers were in demand on the canal works, and under the agreement with the republic of Panama, respecting the importation of labor, the stowaways were allowed to land without the requisite amount of cash, and a large number of them went to work on the canal. For some time past, however, stowaways have been returned to the countries from which they embarked, which has discouraged the practice, to a great extent, and caused steamship officials to be more alert.

INSURGENTS ARE VICTORS ALASKA

Wickersham Wins by Plurality of Two Thousand—Made War on Interests and Their So-Called Spoilation of Territory.

JUNEAU, Alaska, Aug. 11.—Tuesday's election is taken in Alaska as a distinct insurgent victory and a slap at the republican administration. Fairly complete returns give James Wickersham, candidate for re-election as delegate to congress, a plurality of 2000. Wickersham made his fight on an anti-Guggenheim platform, upholding the claims of Gifford Pinchot and others that Alaska was being looted by the interests.

The chief point in the fight against Wickersham made by his opponents was that he had been repudiated by President Taft and the administration.

Complete returns from the fourth division give Wickersham 1147, O'Connor labor candidate, 646, and Orr 502. Orr carried only his home neighborhood and lost Valdez, which he was expected to carry by a good plurality. Orr was nominated by the regular republican convention.

COMMITTED TO JAIL FOR NON-SUPPORT

William Thurman of Watkins, occupies quarters in the county jail, held to answer a charge of failing to support his wife and family. He is held to appear before the grand jury on August 28.

Stowaways have been especially numerous on the islands of Barbadoes, stealing on deck unseen, or going on board on some fictitious errand and hiding themselves as the opportunity offered while the vessel lay at anchor on cargo.

With the present surplusage of European labor on the isthmus the commission has been compelled to hold to the rule of filling vacancies in the labor ranks from the contract men, whenever contract men are without work.

NEW TRAINS TO BE PUT ON SOON?

Report Comes From Portland That New Service Is to Be Given Lines in Oregon—Local Office in Dark Regarding Change.

Although the local office disclaims any knowledge of it, an apparently well authenticated report comes from Portland to the effect that the Southern Pacific company will soon double their passenger service over this line by adding two new through trains daily between Portland and San Francisco, one of which will be of the same class as the Shasta limited, while the other will handle both through and local traffic the same as trains 12, 15, 14 and 16 now do. In addition to this it is stated that the local motor service between Grants Pass and Ashland will also make an additional round trip daily. The step is taken because of the increased travel over this line, which has been heavier this summer than ever before.

The local motor service has proven very popular and the car is filled to its capacity almost every trip. Already 12 passenger trains, including the motor, pass over this section of the road daily, and if the reported additions are made, it will give the valley 22 passenger trains, or 11 each way, every 24 hours.

LONDON COMES BACK ON JUDGE

Discovers That Magistrate Who Recently Turned Him Down Owns Property Rented by Keeper of Tenderloin Resort.

OAKLAND, Cal., Aug. 10.—"If you are the George Samuels who owns Muldowney's tenderloin resort of low repute, then what have you to say for yourself?"

Charging that Police Judge Samuels is assessed with the property on which stands the saloon where Jack London was one of the participants in an embroglio while on his way to the Jeffries-Johnson fight, the pugnaeous author has jumped into the arena again with another open letter. In it he asks the question above quoted and indulges in other sarcastic comment.

The police magistrate to whom the missive is addressed admitted today that he is the owner of the property on which Muldowney's establishment stands, but he denies that he is the owner of or is interested in the resort itself, asserting that he leased the property several years ago and the building was put up and rented by other persons.

ATTRACTING WIDE ATTENTION

Any one passing the office of the Oregon Orchards Syndicate could not help being attracted by the crowds looking over the new Hupmobile.

Some of the best-posted automobile men of Medford have pronounced this car a big success and predict a great future for it in this city. Mr. Cornitus, the owner and salesman, reports three orders already booked for spring delivery.

HUNDREDS PAY TRIBUTE TO GANS

Funeral to Be Held Sunday and Will Be Most Impressive Ever Received by a Colored Man in Baltimore—Many Visit Home.

BALTIMORE, Md., Aug. 11.—The home of Joe Gans, "The Old Master," was the mecca today of hundreds of negroes and followers of the flatfoot sport, who gazed for the last time on the face of the dear fighter. Not only are local negroes and members of the local sporting fraternity paying their tribute to the dead pugilist, but others from all parts of the country are sending messages of condolence to the relatives of the dead man.

Gans' funeral will be held Sunday and will be one of the most impressive a colored man has ever received in Baltimore. The services will be held from the Whitecoat African Methodist church. The body will lie all day in state in the edifice. At 1 o'clock the services will begin. Rev. A. Young, assisted by other Baltimore ministers, will conduct the services. Two lodges of which Gans was a member will furnish the pallbearers and the members will attend the funeral in a body.

The remains will be interred in the Rheinart Street cemetery.

The widow of the fighter and his children, James, 16, and Julia, 15, and Gans' foster parents will be the chief mourners.

BOSTON AMERICANS TO TRAIN ON THE COAST

BOSTON, Mass., Aug. 11.—The Boston American Baseball league will train on the Pacific coast next spring. The management has decided on a western trip that will take in a number of California cities.

The team will assemble in San Francisco in March and will play the first game there.

Los Angeles, Sacramento and Oakland are other cities in which exhibition games will be played, and it is likely that the tour will be extended to include others of the larger western towns.

GUARDS CLOSELY WATCHING TAFT

Since Attack on Mayor Gaynor Precautions to Guard President Have Been Redoubled—Never Out of Sight.

BEVERLY, Mass., Aug. 11.—Since the attack on Mayor Gaynor of New York secret service men have surrounded President Taft constantly. Vigilance has been redoubled and the president is not out of sight of one or more of his guards at any time.

When the president motors, one guard stands on the steps of his car and two others follow in another automobile. They have orders to shoot first and ask questions later. One operative always accompanies the president on the golf links.

The renewed precautions of the secret service men is in line with the theory that the attack on Mayor Gaynor may arouse the slumbering insanity of some crank and awake a desire to duplicate the outrage. The notoriety attending an attempted assassination is regarded as one of the features appealing to the weak minded and the suggestion contained in repeated discussions of the crime is added reason the secret service men consider necessitating additional care in guarding the president.

SHIPPED EGGS FROM CHINA AND SOLD THEM IN U. S.

SAN FRANCISCO, Cal., Aug. 11.—Importing eggs from Shanghai, China, and selling them in San Francisco as the fresh product, because he humorously asserts that "all eggs look alike," today brought a local dealer under the investigation of the state board of health. Hens in the Orient no longer will be subjected to the ordeal of supplying consumers across the seas, the authorities having taken steps to stop the importation of further consignments.

TO SCALE SIDES MT. M'LOUGHLIN

Party of Local People Leave for Outing Near Fish Lake and Plan to Set Their Standard High on the Slopes of Mountain.

With the determination of leaving their standard flying to the breeze from the summit of Mt. McLaughlin, a party of local mountain climbers leave Thursday for two weeks' outing. They will pitch camp at the base of the mountain and the shores of Fish lake and from there essay the climb, which is one of the most difficult in this section.

Those in the party are Mr. and Mrs. W. F. Shields, W. H. Watt, Miss Flora Gray, Mrs. W. W. Glasgow, Carl and Sam Glasgow and Miss Agnes Isaacs.
