

Newsy Notes from Rogue River Valley Towns

Butte Falls Items

Mr. Ashman and family have removed from Butte Falls and gone to some point in the valley.

Joseph Geppert of "Edsall" flat has been visiting friends in town.

H. D. Mills, manager of Butte Falls Lumber company, has returned from a business trip to Klamath Falls. He reports that country as flourishing.

Oliver Adams took his infant child to Medford, during the week, to consult a physician for some trouble the little one suffers from and he returned on Friday and reports thinks as brisk and moving along in Medford.

Messrs. Moore, Adams with several others, from valley points, are in the hills on a hunting and fishing trip.

Merchant Metcalf of Butte Falls has gone to Medford on a business trip, but will soon return.

Mark Baker and Dillon Claspill are digging water wells for Frank Netherland and others.

Will Chambers and family have returned from the "Geppert" ranch where Mr. Chambers has been helping to harvest the hay crop.

Mrs. Gordon and Mr. Rigdon of "Obenchain" were visiting friends in Butte Falls this last week.

Attorney Pentz has returned from his homestead and reports that no fires were visible around his section.

Low Warner makes up one of the party camping with Messrs. Gaddis, Howard and others at the Enthrop place.

We are glad to report that Grandma Edmonson, who has been quite sick is now convalescent and improving rapidly.

Our artist painter, "Erie" has been called to Central Point to do some particular work in his line.

Ranger Holt and family have been visiting Mr. and Mrs. Thomaas of Butte Falls, Mrs. Thomaas being a sister of Mrs. Holt.

The Beveridge crew of young men had quite an exciting experience with a Buck lately and it was only after an arduous time that they succeeded in killing their game which they afterwards enjoyed in a feast, but failed to present a slice to your correspondent as they were all so they devoured it all before they gave a thought to it. Next time remember boys that "We" like Venison.

Zach Maxy, bookkeeper of the Medford National bank, having returned from a two months sojourn in San Francisco and visiting other points in California is now rusticiating among his many friends hereabouts and will soon pay a visit to his homestead and enjoy the sweet pleasures of bachelorhood in the hills, all by his lonely.

John Wingham, who has been to Alaska on a mining venture has returned to Butte Falls, to his family. He reports as having a pleasant time and that he was successful in getting some of the Golden-dirt, but was taken sick and had to come out.

Merrill Brainard, one of the mill hands, met with an accident on Friday, which came near proving fatal. It seems as if the mill hands were arranging something about the Conveyer when a belt slipped off and in its circuit picked up rocks and Branard going around to learn the cause of the noise or the trouble was violently struck between the eyes with a rock which cut a large hole in his forehead making a bad wound. He was picked up and Dr. Holt of Eagle Point sent for who pronounced the patient as out of danger and doing well.

The Dupray hotel, which has been closed for sometime re-opened its doors on Sunday, and was well patronized and from now on will continue to cater to the public tastes.

Shorty Miles and wife, who have been sojourning in the Hills, for a month or more left on Saturday for the valley. They had a most enjoyable time.

A Harris of Medford has been visiting in Butte Falls during the past week.

Our brothers Allen & Clarno are doing a splendid business and it is hoped they will continue all winter as they have given good satisfaction.

Mr. Taylor, of the fire patrol, was on his way out after men to fight the forest fires which are raging Four-Bit creek. These fires are of incendiary origin as we have not had any electric storms and fires have broken out in several places over which the forestry men had a few hours before gone and extinguished the fires and from their being set in several places it is conclusive that some one is doing this work and that it is done with malicious intent. The government should have the forests burnt over in the early spring as did the Indians, and then there would not

be the accumulation of litter upon which fires feed.

Many inquiries are being made about Butte Falls property and it is now the time to invest before the R. R. reaches us as it is nearly here and the best sites will be taken or can only be bought at much higher figures. The Pentz Law and Land company has control of and for sale several fine pieces of business and residence property.

Cook Bros. have removed to the valley with their belongings, while Tom Grigsby and family have gone away to the coast to remain some time.

The Pentz Law and Land company, offer for sale a beautifully located residence lot, cor. Tenth and Oakdale avenue, Medford, with street work all done and sewer and water connections made as also 40 acres of land (fruit) in Sams valley, next to the Narrigan ranch. These are both very desirable and choice pieces of property. Terms cash. Address The Pentz Law and Land company, of Butte Falls, with stamp.

Venison has been scarce hereabouts and the mighty nimrods have not slaughtered any dear. Isaac Walton's disciples have enjoyed fine sport in and around Blue Canon.

The Huckleberry crop does not appear to be very plentiful hereabouts and great is the disappointment for housewives have heretofore depended upon this luscious fruit for winter canning.

A lively and feed stable would pay here, especially the latter, as we are without a regular one of either and demands are made upon the local people. If someone would import a large quantity of good hay, they would find ready sale for it and use during the fall and winter.

This coming year will witness the introduction of electric and water for our town as parties are figuring upon these propositions and we have facilities unsurpassed, and plenty of spring water for domestic use.

The young people's society of the Christian Endeavor, meets every Sunday and Wednesday evening, and is conducted by Messrs. Clevenger & Baily.

CHAMBERLAIN TO AID LADIES CLUB

Promises to Call Upon the Carnegie Library Board in New York and Use His Influence in Behalf of Local Club.

The ladies of the Greater Medford club have secured the promise of Senator Chamberlain to use his influence in their behalf with the Carnegie library board in New York city in an endeavor to secure a Carnegie library for this city.

Senator Chamberlain was waited upon Tuesday afternoon by a committee of the club, headed by Mrs. J. F. Reddy president, who succeeded in enlisting the senator's aid.

A good store location is advertising; good store service is advertising—but both of these are supplementary to the real advertising that is done in the newspaper.

ing the next twelve months.

Mrs. Drucella Mes, of Applegate is visiting in Central Point the guest of her daughters, Miss Mary Mee and Mrs. Emma Bebb.

H. W. Lindsay, cashier of the Central Point State bank, in company with E. A. Torey and T. E. Daniels, made an Automobile run to upper Rogue river Saturday evening and enjoyed a few hours of fly fishing. The catch has never been reported.

Tom Ross has returned from a hunting trip up the river, where with his two sons, Floyd and Jim and Trix Peart, a good time was enjoyed. The party bagged four nice bucks.

The Price blacksmith shop which was closed for a couple of days, has been re-opened. Mr. Price expects to return to Central Point this fall and replace the old wooden shop building with an up-to-date brick structure.

Miss Gladys Brown, a niece of William Leathers, of Willow Springs, who was brought to town two weeks ago for medical treatment, died last Friday at the residence of Prof. F. T. Cooper, the funeral occurred Saturday and interment took place in the Central Point cemetery.

The Central Point water system is already practically on a paying basis with many applications for water coming in daily. The supply of water in the well shows no sign of weakening; a new 50 horse power electric motor is being installed to replace the old 35 horse power machine. The water is exceedingly pure and wholesome, and our people are proud of their bargain in a water system.

TO MAKE NOVEL TRIP TO LAKE

Central Point Boy With Wheelbarrow Will Leave Soon For Crater Lake—Has Special Design of an Irishman's Automobile

Pushing a wheelbarrow of special design, Harry Harvey of Central Point will start for Crater Lake in the near future and expects to make the distance—85 miles—in three days. This is one of the most novel trips ever made to the lake. Mr. Harvey has had a wheelbarrow made especially for the trip. The wheel is fitted with a pneumatic tire and is ball bearing. In the wheelbarrow Mr. Harvey expects to carry his outfit.

Jap Suspect Held

SALINAS, Cal., Aug. 17.—Closely tallying with the police description of Henry Yamaguchi, wanted in connection with the mysterious slaughter of the Kendall family near Cazadero on July 21, a Japanese is detained here today awaiting the arrival of detectives from Santa Rosa. Although the prisoner denies in broken English ever having lived in the northern county, his companions at the Japanese mission, where he was arrested, assert that his home was near Santa Rosa for many months.

RAWLEY CLAIMS BEST PEACHES

Says Trees One Year Old Are Bearing Fruit—Is Greatly Pleased With Success Met in Farming and Says It Beats Mining.

C. R. Rawley of Eagle Point claims the championship as a grower of peaches.

He was in Medford Wednesday on land business and thus had his experience on the "Bald Mountain" ranch near Eagle Point:

"A year ago," he said, "I planted 20 Early and Late Crawford peach trees, little switches, you might say, and didn't expect anything of them for two years at least. Ten of these trees are bearing this year, not heavy crops, it is true, but on the ten there are 63 fine, large peaches. I have been mining all my life, but this beats the mining game all hollow. Mrs. Rawley is delighted with life on the farm, and I enjoy it myself."

Staggers Skeptics

That a clean, nice fragrant compound like Bueken's Arnice Salve will instantly relieve a bad burn, scald, wound or piles, staggers skeptics. But great cures prove its wonderful power of the worst sores, ulcers, boils, felonis, eczema, skin eruptions, as also chapped hands, sprains and corns. Try it, 25c at all druggists.

Make Every Dollar Worth More Than a Dollar!

An educated ad reader will never be poor. To "know advertising" is to have a practical knowledge of values—of things—of when and how and where to buy. No one, having and utilizing such knowledge, could ever be unthrifty, or in any sense careless or reckless of expenses. For such knowledge makes for thrift—for saving. It makes one proof against shams—false values—manipulated reductions.

The intelligent ad reader uses as much thought and ability in buying things as is required in earning the money that is spent for them. And that amounts to a substantial increase of the value of every dollar of the family revenue!
