BRISTOW PREDICTS LA FOLLETES VICTORY

SALINA, Kan., Aug. 19.—That Senator Robert M. La Follette of Wisconsin will be re-nominated and re-elected is the belief of Senator Joseph L. Bristow of Kansas, who has just returned from a tour of Wisconsin.

"I don't believe they can beat La Follette," said Bristow today. "I think he will win the re-nomination by a plurality of 75,000 votes."

Bristow said that insurgency in Wisconsin is a certain victory as it was in Kansas and that the movement has as great a backing there as his own state.

We are watching the dispatches carefully in the expectation of learning that Dr. Crippen has been insane all his life.

SAVED FROM DEATH BY A HUMAN CHAIN

BELLINGHAM, Wash., Aug. 19.—News of the saving of J. B. Wollas of Bellingham from death in the swirling waters of Wells creek, near Mount Baker Wednesday night, by a human chain reached here today. With other members of a fishing party, Wollas was walking along the banks of a stream. He stumbled and fell into the creek where the current runs like a mill race. His coat caught on a snag and he was held in midstream, his head beneath the water. Clasp hands, a living chain was made and Wollas was rescued. He was unconscious for three hours after being dragged out.

We've had a lot of worries, but thank heaven, the age of the earth is not one of them.

RUSSIAN LABOR TO INVADE CALIFORNIA

HONOLULU, Aug. 20.—Disatisfied with conditions in the Hawaiian islands and asserting that their labor contracts with the planters had been broken, eighty Russian laborers left here on the Matson liner Wilhelmia for San Francisco.

The leaders of the first contingent of Russians are emphatic in their statements that they will bring many of their fellow countrymen to America by the way of the Orient if they find that they are well treated in the United States.

Some months ago Hawaiian plantation owners imported some 200 Russians to work in the sugar fields. The men became dissatisfied and have been agitating a removal to the United States for some time.

REFRESHING RELIGION SECURED UPON A LAWN

SPOKANE, Wash., Aug. 19.—"Get It Out O' Doors," followed by the words, "Restful, Refreshing Religion, served on the cool comfortable capacious lawn," is the heading of announcements in newspapers and big signs placed by officers of the Dean Avenue Christian church of Spokane, to attract people to a series of popular sermons by the pastor, Rev. Dr. Brown, who is an advocate of the liberal use of printer's ink. Dr. Brown is assisted by a choir and a male quartet. The first Sunday evening service on the lawn of the Bryan school, where Dr. Brown preached upon "Popular Fancies, Fads and Follies," was so well attended that the congregation has decided upon open air meetings the rest of the summer. It may be added that Dr. Brown, who worked in a printing office when a boy, has converted many of his congregation and others to the value of advertising. He believes that the newspaper is the greatest and best medium to reach the masses, and in proof of this he points to the crowds at his meetings at a season when many prefer to pass the week-end in camps and at lake and forest resorts.

SOLDIERS FIGHTING FIRE

(Continued from Page 1.)

of the troops will not be required. Like conditions obtain in other reserves in Washington and Oregon.

In Idaho the principal fire is on the south fork of the Clearwater river in the northern part of the state. An area estimated to be 20 miles long by 10 miles wide has been burned over. While much green timber was consumed, much of the land burned over was second growth and dead timber.

Twenty-Five Fires Burning.

In the Crater reserve, according to Cecil, there are approximately 25 fires burning. The fire area covers 50 square miles. According to Cecil, first reports of the extent and the damage wrought by the flames were exaggerated, although it was admitted that a large acreage has been burned over and hundreds of thousands of feet of timber destroyed.

"The present danger is practically over," said Mr. Cecil. "The army men, being disciplined, will easily have the Crater fire under control. The great difficulty our men have labored under has been the trouble of securing efficient help. The farmers want the men to work in the fields. If the fire gets a little warm the men want to retire from the front line, and, as they are only paid while they work, we cannot prevent them leaving. As a general thing they will not work at night. With the army men there will be details for day and night work, which will insure continual fighting."

TEDDY SPEAKS FOR HIMSELF

(Continued from page 1.)

tached to the announcement of the proposed visit, however, owing to the fact that Griseom made it plain that he would be in Beverly before August 30. Roosevelt will speak at Ossawatimie, Kan., August 31.

It has been reported that in this speech Roosevelt will define his attitude on insurgency, probably coming out squarely in favor of the insurgent movement. Roosevelt has held a number of conferences with former Secretary Garfield and former Forester Pinchot in regard to this speech, and it is believed that both urged him to make it a declaration for insurgency very strong.

Taft's Attitude.

Politicians speculating on Griseom's visit to Beverly, say it is likely that he will let Taft know what and that the question of the attitude of the administration toward the insurgent movement will be discussed. Whether the mission is one looking toward a healing of the breach that is believed to have come between the president and his predecessor, the politicians are divided. Some, however, believe that the mission will be to deliver what is virtually an ultimatum on the part of Roosevelt, defining his stand on insurgency and informing Taft just how far he is willing to go in endorsing the administration.
