LUMBERMEN ARE NOW AFTER BETTER RATES

ST. LOUIS, Aug. 24.—Hoping to cause a general protest over increased freight rates, the lumbermen of the south and southwest are considering legal action against the trunk line railroads that have been cutting them off from a division of the rates heretofore effective. Duval said that he believed the chief source of danger was the series of impromptu speeches Roosevelt makes from the rear platforms of railway trains.

In writing an ad about that furnished room you have to rent say, in a convincing way, just what you'd say if someone asked you to tell him what it was like, "and all about it."

CITY HALL NOTES

W. W. EIFERT, Mayor, WILL P. MEALEY, City Attorney, MAY TELFER, City Recorder.

That's the way you write it now. And under the new city administration things are expected to hum. Business is going on uninterruptedly and to all appearances the Hd is on as tight as ever.

Mayor Canon, with his family, is in Newport enjoying the breezes of the sea, and in the meantime Bill Eifert, president of the council, is as busy as a cranberry merchant, fulfilling the duties of mayor.

City Recorder Telfer and City Attorney Neff left Wednesday evening for Portland to look up matters in regard to paving ordinances. They will spend some time in the recorder's office in Portland and the rest of it at the ball games. Bob and Porter are both enthusiastic fans and are counting on seeing the present series.

Mrs. Telfer makes a most efficient city "recorderess." She does not seem to have half as hard a time as Bob had when she left for a vacation.

While in Portland Mr. Telfer plans to call upon A. J. Long, a dealer in fire equipment, and see if certain equipment now owned by the city cannot be turned in on an order for new.

Chief Amann of the fire department will leave in the near future to attend a convention of fire chiefs in Stockton. At a recent meeting of the council he was instructed to make the trip and turn in his expense account on his return. The chief will probably absorb considerable new data on the fighting of fires.

SHARP EXAMINATION OF REPRESENTATIVE WHITE

CHICAGO, Aug. 24.—Concentrating all efforts toward breaking down the testimony of Representative Charles E. White, principal witness for the prosecution in the trial of Lee O'Neil Browne, charged with legislative bribery in connection with the election of William Lorimer to the United States senate, the attorneys for the defense today subjected White to a sharp cross-examination.

The grilling cross-fire of questions which probed into every action which the court would allow to be investigated by the defense, was concluded at noon. At that time the counsel for the defense announced their belief that White had been effectually impeached. White seemed confused by the ordeal and several times his evasive memory saved him.

JAPS SEEK APPROVAL ANNEXATION OF KOREA
