

INDIANS TO SELL MANY ACRES

Klamath Reservation Inheritances to Be Put Up to Highest Bidder—New Order to Be Worked in Oregon—Graft and Crookedness Impossible.

KLAMATH FALLS, Or., Aug. 29.—The first sale of the Klamath Indian reservation lands belonging to the Indians is to be shortly made by the Indians themselves. There are now some several thousand acres of Indian lands on this reservation which are subject to sale under a new order which has been made by the government. These lands consist of inheritances which one Indian has received of allotted lands from relatives to whom they have been allotted and who has died.

The plan on which they are to be sold is for the Indian agent or some agent of his to go over the land which is owned by some Indian who makes it known that he wishes to sell and appraise the same at what he believes a reasonable value. This appraisal is placed under seal and the land is then advertised for sale to the highest bidder for cash. These bids are submitted and to be opened on a certain date by the agent, who then sells to the highest bidder, provided the bids are equal to or above his appraisal. If none of the bids are as high as his appraisal, they are again advertised for sale, but no one is supposed to know what the appraisal is made by the agent is. When this is done the Indian owner can then enter a protest if he thinks the bid is not enough for his land or the agent's appraisal is too low.

When the sale is finally made the money is then placed in the hands of the owner, provided he or she is an Indian considered capable of handling his or her own affairs. If this is not the case the agent places this purchase money in a bank to the credit of the Indian and it cannot be drawn out without the sanction of this agent.

When the contract is signed for the sale both the Indian and the purchaser have to make an affidavit to the effect that no graft or other crooked work has been done by either in the making of the sale or purchase and that none of the moneys will go to others for any land they have had in the transaction.

Rock Springs Coal.

Another car of the celebrated Rock Springs coal arrived today. More may come, but this is here. See W. J. Burbridge, the drayman, now and place your order. You will need some of this coal this winter.

Notice.

Notice is hereby given that we will apply to the city council for a license to sell spirituous, vinous and malt liquors in less than gallon lots at our place of business, 31 South Front street, in the city of Medford in Jackson county, for a period of six months from date of issuance.

WILL IMPROVE BLOODED STOCK

A Hundred Head of Young Hereford and Shorthorn Bulls Will Be Distributed Among the Klamath Indians by the Government.

KLAMATH FALLS, Or., Aug. 29.—Indian Agent Edson Watson, who has been in the city for the past two days, is here to receive 100 head of fine pure blood Hereford and Shorthorn bulls, which are to be issued to the Klamath by the government.

These cattle were expected to arrive last evening, but for some reason did not show up, so they are supposed to be here this evening. They were purchased in Nebraska and shipped from South Omaha and are to be distributed over the Klamath Indian reserve by Agent Watson, where they are most needed by the Indians in raising the standard of their stock. These bulls will be issued free to the Indians, but they cannot dispose of them.

This is the second consignment of fine blooded cattle issued to the Indians here by Uncle Sam. Two years ago 4000 head of young heifers were issued these Indians, and with these the breed of cattle has been considerably raised from what they were previously.

Central Point Items

All the population of this man's town aside from your humble servant have taken a day off and are at Medford "seein'" the elephant and indulging in red lemonade.

Clyde Costolo, "Cactus" Patterson, Beecher Danford and Charley High, all of Ashland, enjoyed a day fishing on Rogue river Sunday and succeeded in catching one fine steelhead, blowed up two automobile tires, lost one safety valve, wore out two hydraulic pumps and spent a couple of pleasant hours in Central Point mending punctures.

The Methodist church of this city is receiving some much needed repairs. New seats are being placed in the building and the interior generally renovated and remodeled. It is also quite likely that the exterior will receive a new coat of paint.

Mr. and Mrs. G. W. Jeffers are preparing to go to Ventura, Cal., for the winter.

Messrs. Cowley and Riley of the Rogue River Plumbing company are busily engaged on the plumbing and sewage work at the public school building.

N. E. Childers, who has just completed a temporary place on his lots on East Pine street, will commence the erection of a modern cottage there in a few days, the material now being upon the ground. Mr. Childers, who is one of Central Point's leading contractors, is now engaged erecting three or four different buildings, two of which are business houses.

W. E. Kahler and S. A. Pattison report a fine blackberry crop in the Applegate country and better still the finest alfalfa crop it was ever

DUCK SEASON IN KLAMATH OPEN 30TH

KLAMATH FALLS, Or., Aug. 29.—There will be an unusual bombardment in this vicinity next Thursday morning to greet the opening of the duck season, which remains open from the first of September to the first of February. There is an unusual number of ducks in this vicinity this fall and as there has been very little illicit shooting going on the young birds are not very wild, and will afford some excellent shooting during the first few days of the open season.

L. Alva Lewis, deputy game warden, states that there are more young ducks along the lakes than he has seen in many years. He and his assistants have been very watchful of the game violators all summer and states that so far as he has been able to ascertain there has not been any attempt to violate the laws.

Trout fishing on the Link river will open on the first day of September, and there will undoubtedly be a number of sports out with hook and line to try their luck with the nimble trout. There has not been any fishing along this stream for the past three months and the fishing should be good there during the early part of the season. Link river always affords the fishermen some excellent sport, as the stream is literally alive with fish, which rise to the fly in good shape.

their pleasure to gaze upon.

A. E. LePonte, the "all Oregon granite" man, who has been putting out enormous quantities of fine grave stones all over the coast country, has received several large orders from northern California, where he goes in a few days to deliver and set up the work.

Bittinger & Campbell, machinists, who have been operating for some time in Blaine, Wash., are in the city with a view to establishing a machine shop for all classes of work needed in the valley. They propose to use electrical power and modern machinery.

A. W. Clemmens' household goods were sold at public vendue Saturday afternoon, S. H. Murray acting as auctioneer. The goods brought a good price, as they always do when Sam Murray sells them.

There is a battle imminent here between the "wets" and the "drys" but we see no use of fighting either for or against "booze" in Central Point, when it is only a stone's throw to Medford and Jacksonville, but as election approaches the question is being asked by the "tea-totalers," is he for a "dry Oregon" or a wet one?"

A store should be advertised as regularly as it is opened for business. A merchant who wouldn't close up for a while now and then "to save running expenses" shouldn't stop advertising now and then to "save expense."

YOU ARE GROWING YOUNGER MOTHER

BANISH THOSE GRAY HAIRS!

Kill the Dandruff Germs—Stop Hair Falling

Thousands of mothers are looking younger.—Their gray hairs are gone. The natural color has come back, and with it a new growth of soft, glossy, luxuriant hair. Why should you look old before your time, when you can look years younger by using

WYETH'S SAGE AND SULPHUR HAIR REMEDY

Dandruff Cured

Three applications removed all the dandruff and left my scalp clean, white and smooth. Wm. Croak, Rochester, N. Y.

It is Positively Guaranteed to Restore Faded and Gray Hair to Natural Color

If other "so-called" Restorers have failed, don't give up hope, but give WYETH'S SAGE AND SULPHUR HAIR REMEDY a trial. You run no risk. If it is not exactly as represented, your money will be refunded.

PROFIT BY OTHERS' EXPERIENCE

Gray Hair Restored

My hair was getting quite gray and falling out rapidly and I was troubled with a terrible itching of the scalp. My head was full of dandruff, which fell upon my clothes and kept me continually brushing it off. While on a visit to Rochester I heard of your Sage and Sulphur for the hair. I got a bottle and used it. A few applications relieved the itching, my hair stopped falling out and gradually came back to its natural color. It is now a nice dark brown color, soft, glossy and pliable. Several of my friends want to use it, and I want to know what you will charge me for six bottles of it.

THOS. E. A. ROSS, General, Electric Co., Pa.

Grew Hair on a Bald Head

For two or three years my hair had been falling out and getting quite thin until the top of my head was entirely bald. About four months ago I commenced using Sage and Sulphur. The first bottle seemed to do some good and I kept using it regularly until now I have used four bottles. The whole top of my head is fairly covered and keeps coming in thicker. I shall keep on using it a while longer, as I notice a constant improvement.
