APPLE SHOW TO BE BIG SUCCESS

Unique in conception, original in plan, broad in purpose and educational in result will be the third national apple show in Spokane, Wash., November 14 to 19, 1910.

Two previous shows, conducted under the same auspices, established new records in apple expositions. The first National Apple Show in Spokane, December 6 to 11, 1908, attracted world-wide attention. Nearly a million apples were shown in competition. The second show, held November 15 to 20, 1909, was twice the size of the first show, covering three acres of ground and housing more than 1,500,000 choicest specimens of the king of fruits.

The third National Apple Show promises to eclipse all previous exhibitions. Interest aroused by the two first expositions, when 23 states and two provinces competed for the prizes, has been steadily maintained. Buildings covering four acres of ground are necessary to provide adequate room. Prizes are open in the greatest variety of contests ever offered, ranging from full carloads of 630 bushels down to a single apple. Premiums aggregate in value \$20,000 including cash prizes, trophies, silver cups, orchard machinery, spray material, nursery stock, engraved banners and medals.

For the championship carload of standard winter apples there will be a cash prize of \$1000.

Show Costs \$42,000.

The National Apple Show is an expensive institution. The first show cost \$41,000 and the second show \$42,000. Of this amount Spokane citizens subscribe \$25,000, which is absorbed in erecting the temporary building, furnishing cash prizes and paying office expenses. The balance of the \$42,000 comes back in gate receipts. Thus the show costs the city \$25,000 annually, but as the project is conceded the greatest development feature for the northwest, the citizens willingly pay this sum, realizing that the growth and development of the country means the growth of a Greater Spokane.

Who Sees It.

Visitors come from every state in the Union and from the provinces of Canada to see this wonderful exhibition. The crowds are most cosmopolitan, including fruit growers, shippers, tradesmen, bankers, pomologists, preachers, buyers, children, exporters, farmers, business men and laborers. The Spokane public schools always close for a day in order that the school children may have an opportunity to attend.

HEAVIER RECEIPTS AT UNION STOCK YARDS

The Portland Union Stockyards company reports under date of August 27 as follows:

Receipts for the week have been as follows:

Cattle, 1517; sheep, 4405; hogs, 978; H. & M., 8.

Following the heavier receipts of cattle last week, the buyers were stocked and the market on cattle has been dull and listless, with a lowering of prices all around. Good cows are from 50c to 75c lower than they were three weeks ago, and good steers have suffered a proportionate loss. The market for the week closed with a firmer tone.

The sheep market has remained steady at last week's prices. One good lot of wethers sold at \$4.15. There was a slight weakening on lambs, which have been coming forward rather freely.

The hog market was practically at a standstill, with a demand for any quantity of local offering at last week's high prices.

SAYS PEOPLE KNOW THAT TARIFF IS GRAFT

BOSTON, Aug. 30.—"The people do not care whether the tariff bill is good or bad as a revenue-producer. They know it is full of graft and injustice, and that is what counts," said Congressman Eugene Ross today, discussing the president's tariff letter issued to use in the Republican campaign next month.

"It is certain that President Taft will find out in November that the people do not consider the Payne bill a fulfillment of the Republican pledges," he added.

PRaise FOR PEARS AND JUDGE CROWELL

That Hon. W. S. Crowell, president of Medford's million dollar bank is doing a little boosting on the side is shown by the following extract from the columns of the Pacific Banker:

Thanks to You, Judge Crowell—Talk of the blush on the peach—it's nothing in richness and bluish to the blush on the pear which comes from the Rogue River valley; and we fancy there is no other fruit which so completely yields to melting and resolving itself into a delectable morsel as these same exquisite boys from the Rogue River valley. Our good friend, Judge Crowell of the First National bank of Medford sent us a box of these this week. May his shadow never grow less; and may the totals of his million dollar bank still keep climbing the prosperity columns of southern Oregon.

EIFERT FINDS SOME LIVE ONES; GETS \$41

JudgeEIFERT collected \$41.10 in fines this morning from fines and forfeited bails and also appointed a temporary janitor for the city jail.

Richard Baileus put up \$10 bail for appearance and failed to show up. J. J. Malone was drunk, didn't deny it, and was fined \$10.

Pat Kelley got off with \$5, having been fighting fire in the mountains. He could fight fire best—circus booze was too much for him.

W. J. Mulligan was arrested circus day, pleaded with the judge and then got drunk again. He also contributed \$10.

Martin Silva didn't know whether he had been drunk or not—thought he had been, though. Five dollars was his portion.

Charles Anderson was fined \$10 and ordered out of town. Of the money he had, the judge allowed him 35 cents for his breakfast and credited him \$1.10 on his fine.

Tom Collins was fined \$10 and in default was ordered to clean up the jail, which is worth \$10 of any man's money after circus day.

A MAJORITY OF WANT ADS BRING RESULTS

If that were not true, there would soon cease to be any want advertising. Of course not ALL want ads "pay"—not ALL want ads bring the results sought by the advertisers. But it is a self-evident fact that a majority of want ads DO PAY—do bring results. For if more want advertisers failed than succeeded there would be a gradual decline in the volume of the want ads. There would be a constantly DECREASING number of people who use them. After awhile there would be no more want ads at all.

That there are more and more want ads printed all the time proves that a MAJORITY of them are RESULTFUL—proves that they give REAL SERVICE to those who use them. And this fact ought to have its direct application to YOUR AFFAIRS.

Offers Whiskers for Beer.

PITTSBURG, Pa., Aug. 30.—Joseph Gosek and John Zonbrom are both in jail at McKees Rocks because Zonbrom insisted on collecting some of Gosek's whiskers in payment for three glasses of beer. Gosek, who was thirsty and broke, came into Zonbrom's place and asked for a glass of beer on credit. Zonbrom said he would give him three glasses of beer for his whiskers. Gosek agreed, but after getting the beer refused to part with the whiskers and a fight resulted.
