Many such cases come to hand yearly in the penitentiary, and this school will now be installed.

Thorough-bred Stock. Great care has been used in selecting the tree stock on the Burrell orchard. Nursery stock was grown on the farm and scions and buds for grafting were taken from trees that bore fancy fruit and had a crop every year. In this way and in no other can trees be bred up—just as are fancy cattle or horses. It Pays Best. To own something high-class if you contemplate going into the orchard business. The right location, right soil, right drainage, right trees, right varieties, right pruning and right care is what you can find in the Burrell Orchard. In proof of this is the fact that it has already shipped thirty-eight (38) cars of pears so far this season and the end not yet in sight. The best proof, however, is the orchard itself. Come and go with us to see it. Several Medford people who know what it is are figuring with us for a block of this land. It is being subdivided and offered for sale. Motor cars stop within 1320 feet of the Burrell orchard and then we have several automobiles here at the office in which to drive out with you and your wife on the new macadam drive. Jno. D. QUESTION OF THE DAY, FROM WOMAN'S VIEWPOINT. The socialists of Medford have been very fortunate in securing Anna A. Maley, who is one of the world's greatest lecturers of the present age. She will speak Saturday evening on the street at the depot at 7:30 o'clock; Sunday afternoon at 2 o'clock at the east edge of city park. All should hear this wonderful speaker. She says to the women, come and take part in a discussion of the question of your food, clothing, shelter and the education of your children. To the men: Why do the flour mills close while the children of the millers are hungry? Why does the shoe factory shut down while the families of the shoemakers are barefooted? The workers produce all the food, clothing and shelter, why do they not have an abundance of the things? Come and hear these questions discussed by Anna A. Maley, woman's national organizer.

FAST RACE WON BY MEDFORD TEAM. The relay race between Ashland and Medford teams at the Natatorium Wednesday night, was won by the Medford team by a very small margin. Henselman, for Medford, had the best of Anderson of Ashland in the first lap, and Paul Evans increased the lead by getting away quicker than his Ashland opponent, W. E. Evans. With a handicap of nearly 20 feet, J. A. Overdorf of Ashland finished only a few feet behind Frank Cain of Medford. Overdorf gave an exhibition of fast short-distance swimming that brought the spectators to their feet, and although his team was defeated, he was the man who "got the hand."

Relief in Five Minutes and Permanent Cure or Money Back. When Charles Strang states that he has a remedy that is guaranteed to cure any man or woman who suffers from food fermentation which causes belching, sour stomach, gas eruptions, heartburn and that lump of lead feeling in the abdomen or money back, what are the poor stomach sufferers in Medford and vicinity going to do about it? The name of this most remarkable stomach prescription is Mi-o-na. Most people call them Mi-o-na stomach tablets because they know that there is no remedy so good for indigestion or stomach disorders. Here is one opinion: "I have been troubled with indigestion for more than a year. I bought one box of Mi-o-na and it cured me. Now I would not be without a box in the house for \$50. It saves a lot of doctor bills when you can be cured for 50 cents."
