

POSTAL FOLDERS FOR MEDFORD

Southern Pacific Issues New Publicity Literature for Community—Send Them to Friends in the East—New Fall Colonist Folders.

The Commercial club is in receipt of 18,000 copies of a neat "postal" folder on Medford, issued for this community in connection with the Southern Pacific company.

The pamphlet consists of eight pages and cover, the latter printed in four colors and gold and the inside in two colors. The text was written by C. A. Malboen and the work was planned and executed by the publicity bureau of the Southern Pacific passenger department at Portland.

W. B. Wells, the manager of the bureau, who is in Medford, states that the purpose of this folder is fourfold, and that this new form of literature has been demonstrated to be of great value. The folder is intended primarily for distribution by the business men of the community in their regular correspondence. Thus they become daily boosters for a greater Medford and a greater Rogue River valley. The folder contains a return postcard addressed to the manager of the Commercial club, and the sender is requested to write the names of five other people who may be interested in Medford. This creates an "endless chain" of inquiries which no other community can secure. Mr. Wells states that another important reason for the publication of this literature, which is an innovation in connection with community publicity, is to demonstrate daily to the business interests of a community that the Southern Pacific company is constantly planning new features for Medford's publicity campaign apart from the stipulations of the contract in connection with the publication of the big booklet.

Another form of literature issued by the Southern Pacific for Medford is being printed locally and will be ready in about a week. This is a ten-page colonist folder, 15,000 copies, printed in two colors. The colonist fares will go into effect on September 15 and will continue for one month. The folders are intended for quick distribution and the business and professional interests of the city will be liberally supplied with copies. When this literature is ready, Medford will have received four forms of literature from the passenger department of the Southern Pacific. Other forms are under contemplation for publication in the near future, so that Medford will receive far more and better literature than ever before and sufficient to meet all needs.

TO SAVE RELICS:

(Continued from page 1.)

Native Daughters and Sons of Pioneers to secure suitable quarters for the storing and displaying of relics of the early days, and it has been suggested that a log cabin be constructed, with all the primitive appliances of early days and maintained as a monument to the men and women who made the west.

Many relics are to be found about Jacksonville—rawhide bottom chairs, which "came across" in '46; spinning wheels laboriously transported by ox wagon; even some of the yokes by which the cattle dragged those heavy wagons over trackless deserts and pathless mountains may yet be found.

The coon skin by the door, the 43 sticking in the chopping block, the old, long, muzzle-loading rifle hanging over the fireplace, would keep green in the memory of the descendants of the pioneers.

The days of the trail and the footlog and the flying pony express. When the antlered pride of the forest yielded his skin for a dress; when blankets were used for leggings and tied with a buckskin thong.

And over the mantle the rifle hung from an antlered prong.

LANGFORD AND JOE JEANNETTE TO MEET

BOSTON, Sept. 1.—Sam Langford and Joe Jeannette, both colored, will meet here in a fistie argument next Tuesday night. More than usual interest attaches to the prospective battle because it may develop a challenger for the heavyweight title.

Should he win from Jeannette, Langford undoubtedly will challenge Jack Johnson. If Jeannette wins he probably will challenge the victor of the Lang-Kaufman battle set for Monday at the baseball park in Philadelphia.

2800 ACRES OF LAND SOLD

Chicago Syndicate Buys Land Lying North of Ashland, Formerly Owned by M. B. Waite of Roseburg—Ashland Man Makes Deal.

A Chicago syndicate has purchased 2800 acres of land lying north-east of Ashland, paying \$400,000, according to M. C. Miller, who purchased the land from F. B. Waite of Roseburg.

Mr. Miller has been engaged in the real estate business in Ashland for some time and has been associated with Mr. Waite. The tract lies along Bear creek, just north of Ashland. The tract is to be developed and then placed upon the market in small tracts.

SON BORN TO WIFE OF DR. C. B. HYDE

KANSAS CITY, Sept. 1.—A son was born today to Mrs. B. C. Hyde, wife of the Kansas City physician convicted of having murdered Colonel Thomas H. Swope, millionaire. For many days Mrs. Hyde pleaded with the court to allow her husband to be with her. The request was denied until today, when Hyde was taken to his wife's home under guard of deputy sheriffs.

At the time Hyde was being tried for murder it was announced that his wife soon would become a mother. This fact was made the basis of the plea for acquittal by Dr. Hyde's attorneys.

WICKERSHAM AND NAGEL ON WAY HOME

CORDOVA, Alaska, Sept. 1.—Attorney General Wickersham and Secretary of Commerce and Labor Chas. Nagel left on the steamer Albatross today for Seattle. They are expected to arrive September 6.

Wickersham and Nagel are returning to the states after a six weeks' trip in Alaska, during which they made special investigations of territorial conditions for President Taft. The attorney-general probably will go direct to Beverly from Seattle.

The cabinet members arrived here yesterday from Seward. They were met by a delegation of citizens and officials of the Copper River railroad, a Guggenheim project.

The party at once boarded a special train and were taken for a trip over the line. The guests inspected the mines and visited the Child's glacier also.

Following their return in the evening, Wickersham and Nagel were the honored guests at an informal reception.

JUDGE CALKINS ISSUES ORDERS

(Continued from page 1.)

the sewer was to be carried across the stream on the supports of the bridge. They were also to have \$25 worth of work done by the first of August. It is said that this amount of work was not done at that time and that the city, instead of building a wagon and foot bridge, is putting in piers and a five-foot footbridge only. It is stated that this led Mr. Phipps to bring suit against the city, although it is not mentioned in his complaint.

The complaint filed by Mr. Phipps states that the placing of timbers in the creek at this point will endanger his land in time of flood. He asks to redress other than that the city be permanently restrained from building across the creek at that point.

As soon as the papers were served on the city officials this morning, Acting Mayor W. W. Eifert directed the city engineer to immediately halt his work on the piers, in accordance with the orders of Judge Calkins.

FOUR FEROCIOUS BEARS ATTACK SHEPHERD

CHELAN, Wash., Sept. 1.—After being brought overland on horseback for 35 miles, Amiel Pellegrin, a young French shepherd, is receiving treatment here after a terrible battle for life with four ferocious brown bears. The animals attacked a flock of sheep on Pellegrin's range and when the shepherd attempted to frighten them away they attacked him. The sheep stampeded and 600 of them swept over a high cliff. Three hundred were killed. Pellegrin was frightfully torn and may die. He was two and one-half days without medical attention until discovered and brought here.

ATTEMPT MADE BLOW UP BLOCK

Seattle Greatly Alarmed by Terrific Explosion in Lyon Office Building—Man Caught by Detectives and Is Held as Suspect.

SEATTLE, Wash., Sept. 1.—The police are making a rigid investigation into the mystery that envelops the attempt to blow up the Lyon office building at Third avenue and Jamison street with dynamite at midnight. As a result of the terrific explosion that spread alarm throughout the city, hundreds of windows in stores and business offices were shattered and the fire department of the entire city was called out on a general alarm.

Constable Shannon was severely injured by the shock of the explosion and several citizens passing were thrown to the pavement and injured.

Detectives saw a man running through an alley near the Lyon building just after the explosion and they pursued him. The man was overtaken and is locked up as a suspect.

Thousands gathered at the scene of the explosion and it was first believed that an attempt to wreck the Canadian Bank of Commerce by dynamiting had been made. A hurried investigation showed that the explosion was caused by nitro-glycerine thrown into the bottom of the elevator shaft of the Lyon building, which is now in process of construction. The building was to be a six-story structure with a 120-foot frontage on Third avenue. It was to cost \$250,000.

The police declare that the explosion was caused by disgruntled workmen.

CIGARETTE SMOKERS ARE "FOILED AGAIN"

ST. LOUIS, Mo., Sept. 1.—"Foiled again," is what women cigarette smokers in St. Louis are saying today.

For days users of the weed among the fair sex have been congratulating themselves on the prospects of enjoying their "smoke" with as much freedom as men. The Princess theater management had announced that a smoking room for the use of women patrons would be an important adjunct to the playhouse.

Now come scores of society women, leaders of women's clubs and the like, saying "nix on the comedy. Avant, innovations."

The Princess theater management has bowed and decided to forget about the women's smoking room.

STATE BEGINS ITS ARGUMENT BROWNE CASE

CHICAGO, Sept. 1.—The state today began its argument in the case of Lee O'Neil Browne, after a sharp legal tilt between the attorneys had occupied the opening minutes of the session.

Attorney Forrest, for Browne, moved that the case be dismissed on the ground that the court had no jurisdiction. The point had been ruled on once before by Judge Kersten and he promptly overruled the motion, after stopping the rather heated argument that was begun by attorneys on both sides.

Browne is being tried on a charge of bribery in connection with the election of William Lorimer to the United States senate.

OLD GUARD WILL PERSIST IN NAMING SHERMAN

NEW YORK, Sept. 1.—That the "old guard" will persist in its determination to present the name of Vice-President Sherman as temporary chairman of the New York republican state convention was authoritatively stated today by William H. Barnes, Jr.

"I intend to present Mr. Sherman's name," said Barnes. "There's no thought of withdrawing it in favor of Roosevelt."

Notwithstanding this assertion, it is rumored here that Sherman's name will be withdrawn.

Brooklyn Has 1,634,351.

WASHINGTON, D. C., Sept. 1.—The population of the borough of Brooklyn, N. Y., is 1,634,351, according to the census bureau in a bulletin issued today.

To Test Western Coal.

WASHINGTON, D. C., Sept. 1.—With a view of testing western coal compared with the eastern article, the armored cruisers Maryland and West Virginia, now at Mare Island, have been ordered to re-coal. One vessel will be provided with western coal, while the other will burn eastern fuel. Should the western coal prove good a mine for naval use will be sought.

LOCAL APPLE SHOW IS PLAN

Commercial Club Holds Meeting and Transacts Much Business—Committees Appointed to See That the Valley Has Exhibit at Spokane.

If the plans of the Medford Commercial club do not miscarry an apple show will be held in this city this fall that will surpass anything of its kind ever attempted in this city heretofore. Choice apples are to be secured from all sections of the valley and will be placed on exhibition here. It is planned to hold the show about the time the club moves into its new quarters in the Natatorium.

The Commercial club at its meeting last evening appointed a committee to look over the orchards of the valley and interview owners in an attempt to interest them in making an exhibit at the Spokane national apple show. The committee consists of C. E. Whistler, J. A. Perry, H. J. Neely, R. H. Hanauer and A. C. Randall.

A second committee was appointed to solicit funds. On this committee were Messrs. Olwell, Hanauer, Glazie and Neely.

William Bittle Wells of the publicity department of the Southern Pacific met with the club and outlined certain publicity work which will be undertaken by the Southern Pacific at once for Medford. His remarks were well received.

Messrs. Medinsky, Bean and Klum were appointed to assist the hospital committee in securing the remaining \$3000 of the \$10,000 necessary to secure a Sisters' hospital in this city.

W. H. Black, a recent arrival, was elected to membership.

"FOUL LIE!" SAYS COLONEL

(Continued from Page 1.)

of mendacity.

"As far as I was concerned, every man who visited the White House did so openly, Harriman as well as the others. I took no money from Harriman, either secretly or openly, to buy votes or for any other purpose. Whoever wrote the article in question knew that this charge is the foulest, basest lie."

"The statement in the Post is not only false, but malicious; it is not only a direct contradiction of the facts, but is such that it could only have been made by a man who, knowing the facts, deliberately intended to pervert them. Such an act stands on the same level of infamy with the worst act ever performed by a corrupt member of a legislature or a city official and stamps the writer with the same moral brand that stamps the bribe-taker."

EVENING POST REPLIES.

Says That They Do Not Object to Being Called "Liar" by Colonel.

NEW YORK, Sept. 1.—The Evening Post fired a broadside this afternoon in reply to the crossfire of an editorial by the "contributing editor" of the Outlook. The Post says:

"Roosevelt writes an editorial calling the Post a 'liar,' and adds that objection may be made to the language. Not by us. We regard it as a decoration to be thought worthy of securing it as an order of merit. Roosevelt has bestowed the word upon so many distinguished citizens that it makes us, in his own words, 'very proud and also very humble.'"

"We supported measures to force the corporations out of politics and especially illegalize contributions of money by them to campaigns, long before Roosevelt was, and we did our best to make corporations 'gifts' to politicians odious, at the very time when Roosevelt's agents were collecting hundreds of thousands of dollars from them to help elect him. In view of this, we will not retort to Roosevelt's word upon him, merely saying that he has been misinformed."

"It is plain that Roosevelt, as president, urged E. H. Harriman repeatedly and cordially to come to the white house, and Harriman did afterward go to see Roosevelt and contributed \$50,000.

"Harriman himself said: 'I was not a political manager. I could help raise the money, and I did, collecting \$200,000, regarding the expenditure of which I wrote Sidney Webster. At least 50,000 votes were turned in New York City alone.'"

14,000 in Yakima.

WASHINGTON, Sept. 1.—The population of North Yakima, Wash., is 14,042, according to a bulletin issued by the census bureau this afternoon. Kennewick, Wash., has 1219; Pasco, 2083; Prosser, 1298, and Sunnyside, 1379.

ED. POTTENGER SELLS FOR \$12,500

A. C. Abrams Buys North Central Avenue Property and Will Erect a Business Building Thereon—May Be an Apartment House.

T. E. Pottenger has completed the sale of four lots at the corner of Central avenue and Fourth street to A. C. Abrams, who has recently bought other property in the valley, for a consideration of \$12,500.

This property was bonded some time ago to another party, who was unable to raise the necessary funds, but the latter sale is practically a cash one.

Mr. Abrams will erect a business building on the property and is now negotiating for some adjoining holdings in order that he may erect a suitable structure.

Whether a business block or a modern apartment house has not been decided upon.

POLITICIANS PLAN.

(Continued from page 1.)

politicians. Should Senator Root believe that it would be unwise to allow a vote against Ballinger, it is thought that the backers of the plan would have hard work in forcing through their plan to keep him from voting.

Although he was not present at the final days of the hearing, it is pointed out that the testimony and argument have been transcribed and are open to his perusal.

Many politicians believe that a sharp struggle among party leaders may result unless the plans of the anti-Ballinger faction are well matured before Senator Root arrives in New York next week.

FIFTY-EIGHT INDICTMENTS FOR NEWARK RIOTS

NEWARK, O., Sept. 1.—The grand jury that has been investigating the lynching of Detective Carl Etherington, today reported that 58 indictments. In addition to this the jury reported that if the sheriff, mayor and chief of police had performed their duty there would have been no lynching. The voters also were criticized for electing such officials. Twenty-five persons were indicted for murder in the first degree, 21 for rioting, 10 for assault and two for perjury.

The inquiry followed the killing of Carl Etherington by a mob that took him from the county jail. Etherington had shot and killed a Newark man during a raid of private detectives on saloons and gambling houses operating in violation of the law.

NOTICE.

To real estate men, that my property is not on the market.

142 EDWARD A. EVANSON.

ROOSEVELT CHEERED.

(Continued from Page 1.)

tional thousands, who stood in the drizzling rain eager to hear his words.

Governor Herbert S. Hadley of Missouri, Mayor Brown of Kansas City, a battalion of the Third Kansas National Guard and thousands of citizens met Roosevelt here. He was escorted to the Baltimore hotel.

The people crowded the sidewalks and streets for a glimpse of the distinguished visitor and cheered him as he passed.

Colonel Roosevelt was the guest of honor at a banquet at the Baltimore hotel, at which many prominent citizens attended. Among those present were: Governor Hadley of Mis-

FOR SALE

HUSSEY'S

souri; Governor Stubbs of Kansas, Mayor Brown, former Secretary of the Interior James R. Garfield, Gifford Pinchot, former Congressman Cowherd and William Allen White of Emporia, Kan.

Colonel Roosevelt was taken on an automobile trip through the city this afternoon. In the course of his journey he addressed the pupils of the Westport high school.

The program tonight includes a dinner at the Commercial club at 8 o'clock, an address at the Auditorium and departure for Omaha at 11 p. m.

The echoes of Roosevelt's speech at Osawatomie rang through the columns of the local press today. It was discussed by politicians here and all united in the sentiment that it was one of the most remarkable addresses delivered since Roosevelt began his journey west.

"I regard yesterday as the most important political day ever known in Kansas," said Senator Bristow. "The gathering that listened to the Osawatomie speech was the most remarkable I ever saw. Considering the circumstances of the speech, it was, in my judgment, the most important Roosevelt ever made. Colonel Roosevelt did not deny the belief of the Kansans that the speech marked him as an insurgent."

Congressman Madison said: "Kansas was already placed in the progressive column, and Roosevelt's speech positively confirmed that classification. It was an unqualified endorsement of the principles of the progressive republicans and has given impetus to the cause."

TURN EXPENSE INTO INVESTMENT

If it's merely a question of what you can "get along with," use an ordinary paper for your business stationery. If, however, you are seeking to turn expense into investment, use
