

# OLD GUARD MAY READ TEDDY OUT

Intimated That Attack on Roosevelt's Standing as a Republican Will Be Made—Want Him to Drop Fight on Sherman.

NEW YORK, Sept. 3.—That the "old guard" will attempt to "read" Theodore Roosevelt out of the Republican party is the thinly veiled threat made by machine leaders here this afternoon. Unless Roosevelt drops his fight against Vice President Sherman they intimate, they may attempt to force the unseating of the colonel as a delegate in the Saratoga convention on the grounds that he is not a republican.

One of the leaders today made the significant statement that it "is entirely possible that the state convention may be asked to decide what constitutes a republican, at least so far as the convention goes."

William Barnes, the republican boss at Albany, discussing the recent speech of Roosevelt, said they did not interest him. Asked what he thought of the new platform outline by the former president, he said:

"Why should that interest me? I am a republican interested in the republican platform."

The regulars are making a supreme effort to capture delegates in districts supposed to be loyal to L. C. Griscom, republican committeeman of New York and leader of the Roosevelt forces.

"Griscom says he will control two-thirds of the delegates," Barnes remarked, "yet the man he represents prates of safeguarding the people's will. We had no thought of controlling the delegates. We merely planned for the controlling of the convention. Of course if there is a bossism and dictation we have nothing to say."

"We are party workers all our lives. We are willing to wait and see what the delegates want. Griscom's statement that the state committee will reverse its former action is really funny. I predict fully and freely that not a single man who voted for Sherman will change his vote. Anyone that thinks that Sherman is a quitter has another guess coming. It may be that he will be beaten, but if he is the republicans throughout the country will know why before the election is over."

The regulars believe that President Taft will finally throw his support to them repudiating the stand that he has taken on the Sherman attitude.

The studied attitude of Colonel Roosevelt in refusing to mention the administration in his western speeches will turn the scale of Taft's preference in their favor, they predict. They believe that it certainly indicates that Roosevelt will be a candidate for the republican nomination in 1912 and as such will be opposed by Taft.

They think that Taft will not remain silent much longer and that when he does speak the "federal machine" in New York will hastily come to the aid of the regulars and that it will mean the overthrow of Griscom and his hastily built organization.

## ENGINEER CHOSEN TO BEAUTIFY SEATTLE

SEATTLE, Wash., Sept. 2.—The municipal authorities today opened negotiations with Virgil C. Bogue, a civil engineer of San Francisco, with the view of securing Bogue's services as "beautifier" or Seattle. The salary will be \$1500 per month.

Bogue's daughter was queen of the Portola festival at San Francisco last fall.

According to the plans under consideration, Bogue will be given charge of shaping plans for "Greater Seattle," in line with the other duties of the "official beautifier," should he accept the position.

## EDUCATOR SHOES

LETS THE CHILD'S FOOT GROW AS IT SHOULD

# Childrens' Educators

THE MISSION of the EDUCATOR SHOE is to make a nation of men and women to whom walking will be a pleasure and with whom perfect feet will be the rule rather than the exception.

Could parents be brought to realize the importance of starting the child's foot right, there would be little or no suffering in later life from foot blemishes.

As nature forms the child's foot, each toe lies flat and straight, thus providing the human foot with the power to balance the body, and the spring to make walking easy.

EDUCATOR SHOES for children are designed not to be cheap shoes, but the best wearing shoes possible to produce by the most progressive shoemaking methods.

EDUCATORS cost a few cents more than the ordinary child's shoe, but these few cents are in the shoes and mean to the purchaser double service and much longer wear. The price is low considering the quality.

EDUCATOR soles are fastened by the new Richardson short stitch, warranted not to rip. It is laid in a perpendicular channel that more fully protects the stitching than the usual slanting channel, and also leaves no flap to peel up in an unsightly manner when worn. It also assures unusual service.

The uppers are carefully selected from high grade stock, and the inner soles are smooth and soft to the child's feet.

We carry children's EDUCATORS in four styles of leather—Patent Colt, Black Kid, Russia Calf and Chrome Calf. Sizes and prices are as follows:

FIRST STEPS, Sizes 2 to 6 (Spring Heel)	\$1.25, \$1.35
INFANTS' sizes 5 to 8 (Spring Heel)	\$1.50, \$1.75
CHILDREN'S sizes 8 1/2 to 11 (Spring heel)	\$1.75, \$2.00
MISSES' sizes 11 1/2 to 2 (Low Heel)	\$2.25, \$2.50

For school wear we suggest the Black Chrome Calf.

## TOLO AND VICINITY! GROWING RAPIDLY

That a determined effort is being made to build a town at Tolo is made manifest by the number of new buildings and many real valuable improvements being made in that vicinity. In the town proper astonishing progress is being made. Many modern cottages already ornament the slightly location and new business houses have been completed during the past week. But more houses are necessary for the coming winter season. More than 20 families are now living in tents, which will not suffice when the cold rains come. However, 40 cottages are to be erected; the only drawback has been material, and as it has been almost impossible to get logs to the Tolo mill, the matter of building has hung in the balance. This, however, must come to an end, and if the mill cannot furnish the material it must be obtained elsewhere, as the many laboring men of the granite works and the brick words and sawmill must be sheltered for the winter. Tolo enthusiasts, in conversation with the frifer, figure that the new town will have 500 population in another year.

## TO TEACH APPLE PACKING AT SHOW

SPOKANE, Wash., Sept. 3.—Commercial grading and packing, in which growers and handlers in the box group, composed of California, Washington, Oregon, Idaho, Utah, New Mexico, Montana, Colorado and British Columbia are keenly interested, will be taught free to all at the school in connection with the third national apple show in Spokane, November 14 to 19.

A. P. Bateham of Mosier, Or., who was chief judge of pack at the second show, and J. M. Carroll, also of Mosier, a scientific packer of wide experience, will have charge of the classes. Diagonal and square packs as used in the northwestern and special boxes will be demonstrated.

The school will occupy the entire floor of the state armory, with tables and racks to accommodate at least 50 pupils and leave ample room for spectators. There will be sessions from 9 o'clock to noon every morning during the week. The students are eligible to enter the packing contest, in which \$100, a gold medalion watch charm and the title of world's champion is the first prize, with \$50 and \$25 in gold to second and third, respectively.

## TED SHOULD HELP THE LITTLE GIANT

LINCOLN, Neb., Sept. 3.—William J. Bryan, in his paper, The Commoner, suggests that the former president Roosevelt should go to the aid of Senator LaFollette, who is being fought by the administration forces. "LaFollette is fighting desperately for his senatorial life. It is Roosevelt's opportunity to test practically his insurgency," says the Commoner. "Roosevelt is said to dislike LaFollette personally. That is of no moment of this time, when the special interests in the Republican party are trying to defeat the Wisconsin senator. LaFollette has been true to the public interests. He has not done everything the Democrats would have had him do, but he has made a determined fight according to his convictions and is entitled to the cordial support of men like Roosevelt who professes to be counted on the side of the masses rather than aligned with the special interests."
