Reduced Rates on All Railroads. Ask Your Local Agents.

cream and honey

Just one and one-half miles due south of the city limits of Medford there is located a block of pear trees twenty years old containing 36½ acres.

Thirty carloads of pears have already been marketed from this block and there remains four acres of Winter Nelis pears untouched, as they will not be ready to pick for about a month.

The gross returns from this block of pears will be about ONE THOUSAND DOLLARS PER ACRE, season of 1910. Every year for the past ten a big crop has been taken from these same trees. There has never been a failure in all these years. The total costs for carrying such a property are about twenty per cent of the gross returns.

You can figure about what this land is worth. For the past ten years it has averaged about ten per cent on a valuation of Six Thousands Dollars per acre, yet we would be willing to sell it for less than one-third that amount.

What we want to call your attention to is the fact that immediately adjoining the above described pear block, in the same field, we have three blocks of pears each containing twenty acres, with trees one and two years old, that we can sell for \$425 per acre on terms.

The trees are of the best varieties, on the best of soil, good drainage, land all tiled, and if you do not secure a little block of these pears it will be your fault.

Medford Pharmacy Inc.

Sherman Clay & Co.

A PLAIN TALK TO PROSPECTIVE PIANO PURCHASERS.

Some firms sell pianos with coupons, guessing contests, puzzles, or on a get all you can system, but **Sherman Clay & Co.** will always adhere strictly to its well known policy of selling pianos and player pianos of incontestable worth at **ONE PRICE TO ALL.**

In buying a piano there are several points to be taken into consideration: A seemingly low price is not always the true indication of a saving. You must know the firm with which you deal. Your own judgment, while trustworthy in many fields, must fail you when attempting to compare the respective merits of the various makes of instruments.

Shrewd purchasers ask themselves: If we can't buy right of The House of **Sherman Clay & Co.**, who in the name of common sense can we buy?

Sherman Clay & Co. sell none but thoroughly reliable instruments of time tried standard manufacture—pianos and player pianos that have answered splendidly the severest artistic tests as to durability and staying in tune qualities. We are sure that pianos of equal value cannot be purchased elsewhere at a lower price.

Payments arranged to suit the convenience of each individual purchaser.

STEINWAY AND OTHER STANDARD MAKE PIANOS.

E. H. HOLT, Manager.
134 W. MAIN.
