

# NEW OREGON SCHOOL READY

Many New Buildings Completed for State's Deaf and Dumb Children—More Teachers Are Added to the Force.

The fall session of the new State School for the Deaf will open September 28. The new buildings, for which the last legislature appropriated \$75,000, have been completed and are being made ready for occupancy. Those formerly occupied have been transferred to the state sanitarium for the treatment of tuberculosis.

The new school plant is modern in every respect, and is most conveniently located in the suburbs of Salem, on a tract of 52 acres, on the line of the Oregon Electric, and about a half mile west of the state fair grounds.

The object of this school is to educate the deaf children who come to it without language of any kind into useful, intelligent, self-supporting citizens. This is accomplished by means of both literary and industrial training.

Trades teaching is an exceedingly important part of the work, and this feature has been greatly strengthened in the last few years.

Through ignorance of the existence of the school, or misconception of its purpose and character, there are deaf children in many communities who are not sent to school at all, or are not sent at the proper time. Thus these children are compelled to lose many years of valuable time, and others are actually allowed to grow up to manhood and womanhood, ignorant, helpless, dependent, unable to express their simplest wants in verbal language, cut off from social converse, mentally and spiritually starved and stunted. Their very unnecessary plight is infinitely worse than that of the wholly illiterate hearing person, and surely no missionary or social or civic duty was ever more sacred than that of seeing that there are as few such cases as possible. Especially so, as the state provides free every facility for the prevention of such disastrous results. Full information regarding the school can be had by addressing the superintendent, State School for Deaf, Salem, Or.

# LA FOLLETTE LENDS POINDEXTER AID

SEATTLE, Wash., Sept. 12.—Senator Robert M. La Follette today sent the following message to the Seattle Star in support of Miles Poindexter, the progressive candidate for the senate:

"Madison, Wis., Sept. 12.—Washington would revolt at the election of Aldrich or Cannon as United States senator. As well elect Aldrich as a man who will take orders from Aldrich. Elect some man United States senator who will serve the people of Washington and the people of every other state fearlessly and honestly. Such a man is Miles Poindexter. I have seen him under fire. It is never necessary to send for him; he is always there. He never lies down or dodges. He stands up and fights in the open. He never requires to be told; he always knows what to do, and he always does the right thing in the right way at the right time. Send Poindexter to the senate to reinforce and strengthen the progressives who are striving to make that body represent the people. (Signed.)

# NAGEL FAVORS PLAN KEEPING HINDUS OUT

SAN FRANCISCO, Sept. 10.—Secretary of Commerce and Labor Charles Nagel today is looking over the branch of his department before starting tonight for Washington. Secretary Nagel has in mind a stricter exclusion of Hindus and other immigrants. He also wants to become better acquainted with the local situation before passing judgment on certain charges which have been published regarding immigration officials here. Nagel arrived from Portland last night. He said today: "I believe some changes should be made in our immigration rules and especially in the case of the Hindus. This, in the main, has caused my visit here. Some action probably will be taken when I return to Washington.

# MORGUE KEEPER PUT ON GRILL

Spends Uneasy Half Hour Under Cross-Examination of Newton, Who Is Defending Crippen in His Trial for Murder.

LONDON, Sept. 12.—The undertaker and morgue keeper who cared for the decomposed remains found in the basement of the home of Dr. H. H. Crippen in North London, spent an uneasy half hour today under the cross-examination of Arthur Newton, who is defending Crippen in his trial for the alleged murder of his wife.

When the post-portal inquest was called, Newton asked that the morgue keeper and the undertaker be called. His object was to secure from them an admission that when they removed the body from the basement they used carbolic acid to counteract the odors.

If carbolic acid were sprinkled on the remains, Newton argued, the analysis made by chemists, tending to show the presence of hyosin in the stomach, would be worthless. Both men, according to the report, had admitted they used carbolic acid. On the stand, however, they declared there was no ground for such a report.

Newton also tried to show that the men, when they removed the body, shoveled it into a box, paying no attention to the stones and sticks that were scooped up. He declared that this handling explained the bruised condition of the body.

Miss May, secretary of the Marie-Hall Ladies' Guild, of which Mrs. Belle Elmore Crippen was a member, testified that she dreamed she saw Dr. Crippen stabbing his wife. This, she said, was about the time of Mrs. Crippen's disappearance. Miss May told what she knew of the woman's life and of Crippen's statements to her previous to his flight from London with Mile. Leneve, his typist.

Neither Crippen nor Mile. Leneve was present at the inquest.

# TONG WAR SHIFTED FRISCO TO OAKLAND

OAKLAND, Cal., Sept. 12.—The arrival here today of seven Chinese alleged by the police to be gunmen employed by one of the warring gangs, is believed by the authorities to mean that the Orientals have shifted their base of operations from San Francisco to this city.

For several days there has been a noticeable unrest in the Chinese section. Following the arrival of seven mysterious visitors today, the streets of Chinatown appeared almost deserted. The police believed the local Chinese were informed in advance of the invasion. Special officers were detailed to duty, and every effort will be made to prevent bloodshed.

# AVIATORS DESTROY PHANTOM CITIES

BOSTON, Sept. 12.—Thirty thousand persons this afternoon watched a pair of darting aeroplanes play at mimic warfare, hundreds of feet in air.

Wilbur Wright and Walter Brookings, armed with imaginary bombs, destroyed several phantom cities laid out on the aviation field.

Glenn Curtiss, trying for a speed record, covered a mile and a quarter in 2:10.

**NOTICE.**

Notice is hereby given that we will apply to the city council for a license to sell spirituous, vinous and malt liquors in less than gallon lots at our place of business, 12-13, block 20, 37 South Front street, in the city of Medford, in Jackson county, for a period of six months from date of issuance.

J. W. SLINGER.

**Salute for Prince.**

WASHINGTON, D. C., Sept. 12.—Uncle Samuel is going to use several pounds of his good powder when the steamer Manchuria, bearing Prince Tsai Chun, Chinese naval commissioner, arrives in the port of San Francisco Friday. A royal salute will be fired in honor of the prince.

### FOOTBALL SEASON HERE.

Medford Team Will Turn Out for First Practice Tonight.

Football practice will begin tonight at the Medford baseball park, F. S. Hall, who will again coach the local high school team, expects to have a full turnout of candidates and their supporters. Coach Hall is pleased over the season's prospects and hopes to see Medford walk off with first honors, as they did last year. If the team wins all its games in southern Oregon again, it is expected that the eleven will take a trip north and try conclusions with some of the Willamette valley teams.

Coach Hall is not certain as to who of Medford's last year champions will appear in suit on the gridiron tonight, but let a reasonably sure that his whole back field will be there. Scroggin, the gritty little quarterback who played such a heady game against Grants Pass and Central Point last season, will certainly be in this year's lineup again. Farrel, Childers and Burgess, the three backs will be back in harness again.

### NEW BALL DISCOVERED.

Manager Chance Said to Have Surprise to Spring.

CHICAGO, Sept. 12.—Manager Frank Chance of the Cubs expects to spring a surprise in the world's series that will start the fans of the country as much as Pirate "Dab" Adams' showing against the Detroit Tigers did last year. The pitcher picked for the surprise is not a new man. He is one of Chance's veterans, but he has developed a new ball that is expected to leave the Philadelphia Athletics helpless. Jack Pfeister is the man who, it is expected, will do the big end of the slab work.

The surprise comes in with a new ball which Pfeister, a southpaw, has developed to fool right-handed batters. Pfeister has been working on the ball for months. It is a slow ball, delivered in the same way as his fast ones, and breaks out for a right hand batter with as wide a curve as thought delivered by a right hand pitcher.

Chance has christened the ball the "fallaway."

### GOLF TOURNAMENT OPENS.

More Than 200 Players entered in the Events.

BOSTON, Sept. 12.—The national golf tournament opened on the links of the Brookline Country club today. More than 200 players are entered in the events, including almost every golfer of national reputation.

Among the champions and near-champions who will compete are: Gardner, the title holder; H. Chandler Egan, Walter J. Travis, Jerome D. Travers, E. M. Byers, Harriman, James and Douglass.

### PACKY TRAINING FOR BOUT.

Proposed Mill With Wolgast, However, May Be Called Off.

CHICAGO, Sept. 12.—Packy McFarland will go to Lake Bluff, 30 miles north of Chicago, to begin training for his proposed bout with Ad Wolgast. Though Packy has made preparations for hard preliminary work, it is doubted here whether the fight will be pulled off.

The Milwaukee club, which bid for the battle, was scheduled to post its \$1000 forfeit not later than yesterday. The money has not yet been put up.

McFarland threatens to cancel the fight unless the money puts in an appearance today. If the fight is called off the "pride of the stockyards" probably will sign to meet Jack Redmond in New York September 27.

### SUTTON JOINS HOTCHKISS.

Tennis Champions Will Tour Europe Together.

DEL MONTE, Cal., Sept. 12.—Miss May Sutton, women's national tennis champion, and Miss Hazel Hitchkiss, whose attempt to wrest Miss Sutton's laurels from her Saturday, is still the talk of tennis circles, have joined hands and next season will tour Europe, challenging all comers for women's doubles.

Their itinerary will include all the courts of England and Germany, where tournaments are scheduled. They will be the guests of Mr. and Mrs. Charles Clark of San Mateo and will represent the Pacific States Tennis Association.

### DANIELS QUILTS SWIMMING.

Champion Man-Fish Announces That He is Through.

NEW YORK, Sept. 12.—C. M. Daniels, who holds the record for the 100, 150 and 200 yard swim and who was swimming champion at the Olympic games in St. Louis, Athens and London, has decided to quit the game. He says he will never again appear in aquatic events.

### NEW MOTORCYCLE RECORD.

William Strief Chugs Across Continent in 28 Days.

NEW YORK, Sept. 12.—William Strief of San Francisco, who has jolted and chugged across the country from his home on a motorcycle in 28 days and 3 hours, mounted his machine this morning again for the last run of his journey. He went to St. James, where Mayor Gaynor is recuperating, to present a letter sent by Mayor McCarthy of San Francisco.

# STOCKS SHOW BUT LITTLE VARIATION

NEW YORK, Sept. 12.—Prices of stocks today advanced somewhat at the opening. Chicago Great Western, Canadian Pacific and Republic Steel rose 1; Union Pacific and Reading 1/4. Business was dull. Later trading became more active and other advances were noted. Southern Pacific, Chesapeake & Ohio and Consolidated Gas rose 1/4. Rock Island was strengthened by the sale of Kuhn, Loeb & Co.'s holdings to Phelps-Dodge company. The preferred rose 1-1-2 and the common 1/4. American Cotton Oil gained 2. The market closed dull.

Bonds were steady.

# GLEN ROGUE TO PLANT 1200 ACRES FRUIT

JACKSONVILLE, Sept. 12.—It is reported that the Glen Rogue Orchard company, which bought the old Bloecher place, three miles south of here, will clean and set to fruit in the near future some 1200 acres of land. If this is the case, it will put Jacksonville on the map as a fruit-shipping point. There are several orchards for which Jacksonville is the shipping point that prefer to haul and ship from Medford. The remedy for this would be quicker and more careful handling of the freight by the Rogue River Railway company.

gave much amusement to several hundred spectators. The only regret the soldiers expressed as to the grand finale of their two weeks of toil in the mountains was that they had arrived in Medford on Sunday, when those swinging doors refused to swing.

The favorite officer of the troops among the men is Captain O'Flery. He holds the unique distinction of commanding the same company as his father commanded before him. It is the wish of the father that his young son Robert, who was with him up in the fire district, shall some day command company E, as his father and grandfather did. Captain O'Flery is up from the ranks and knows his men.

ple, will file a claim for the reward.

He was generally believed that the money would go without question to Captain Kendall of the steamer Montrose, on which Crippen and the girl crossed the Atlantic.

Barclay, whose boat is on the water front, was called into the case because of his knowledge of shipping. With the aid of Detective Sergeant Thomas Arle, he made a search which resulted in his recommendation that the officers keep a close watch on the Montrose. He also demands a share of the money for Arle.

Third Officer Mowatt of the Montrose was in charge of the ship when the Scotland Yard men came aboard to warn her officers. He claims to have been the first to recognize the pair. Mowatt refused to admit, how-
