

COUNTRY CORRESPONDENCE

Ashland Notes

ASHLAND, Or., Sept. 16.—No less than seven Ashland girls will leave shortly for San Jose, Cal., to attend the normal school at that place. This is but one of the results of the closing of the southern Oregon normal school.

The play "Danny Buckshot," a stirring melodrama, will be put on by local talent in about a month for the benefit of the Young Men's Social and Improvement club. It will be staged under the direction of George Watson.

There will be an old maids' convention in Ashland September 23 for

the benefit of the Ashland band. The maids will be of the masculine persuasion and it promises to be the funniest thing yet. It is being put on under the supervision of Ann Lil-yan Dunkel of Philadelphia, but is said to be much livelier than the usual gathering of single females in the Quaker City. The date of the event will be September 24.

Jefferson Meyers, candidate for the democratic nomination for governor, was in the city yesterday looking after his political interests.

Fred W. Mears of Medford was in the city today looking after his candidacy for state representative.

Central Point Items

Only a few years ago the mossback element of Central Point fought the building of our present schoolhouse and it took hard work on the part of the progressive element to secure the present building, the opposition arguing that we would never need so much room. However, we have filled the new building to overflowing and some of our pupils are forced to take refuge in the old wooden build-

ing. Central Point needs and must have another school building, just as the wide-awake element predicted when the present high school structure was built.

The frame work of N. E. Childers' five-room cottage is up and work is rapidly progressing.

John N. Hayes has returned from a visit to a daughter who resides at Skey, Wash.

CATARRH GERMS

Move Out When Hyomei Moves In.

No stomach dosing. HYOMEI (pronounce it High-o-me) is made from the highest grade of eucalyptus, taken from the eucalyptus forests of inland Australia, and combined with the excellent antiseptics employed in the Listerian system.

In inland Australia the atmosphere is so impregnated with balsam thrown out by the eucalyptus trees that germs cannot live, and in consequence catarrh and consumption are unknown.

Breathe HYOMEI and get the very same, pleasant, healing, germ-killing air as you would get in the eucalyptus forests and kill the germs. HYOMEI is sold by Chas. Strang and druggists everywhere, at \$1.00 a complete outfit.

An outfit consists of a bottle of HYOMEI, a hard rubber pocket inhaler and simple instructions for use. The inhaler will last for a lifetime, but bear in mind if you need another bottle of HYOMEI you can get it at druggists for only 50 cents. Guaranteed to cure catarrh, croup and throat troubles, or money back. Trial sample of Hyomei free to readers of the Mail Tribune. Address Booth's Hyomei Co., Buffalo, N. Y.

A store should be advertised as regularly as it is opened for business. A merchant who wouldn't close up for a while now and then "to save running expenses" shouldn't stop advertising now and then to "save expense."

CAVALIERI DENIES STORIES OF SCANDAL

PARIS, Sept. 16.—The pre-nuptial agreement between Madame Lina Cavaleri and Robert Winthrop Chanler, under which the diva is alleged to have secured possession of the Chanler fortune, was nothing more than the usual French provision for a marriage settlement, according to Cavaleri's statement today.

"The reports that I received large sums of money from Mr. Chanler are absurd," said Madame Cavaleri. "Our agreement was merely the marriage settlement common in France. Robert realized what the document was, and although such custom does not obtain in America, he was willing to sign it."

"There is no trouble between us. The difficulty which the American press appears to be making so much of now is merely the settling of some details. My attorneys are attending to this and before long everything will be finished. There is no basis for the stories that are being circulated."

AN OLD-TIME PRESCRIPTION

In a modern product, from time immemorial sage and sulphur have been used for the hair and scalp. Almost everyone knows of the value of such a combination for darkening the hair and making it grow. In olden times the only way to get a hair tonic of this sort was to brew it in the home fireplace, a method which was troublesome and not always satisfactory. Nowadays almost every up-to-date druggist can supply his patrons with a ready to use product, skillfully compounded in perfectly equipped laboratories. Such a preparation is Wyeth's Sage and Sulphur, which is sold by all leading druggists for 50c and \$1.00 a bottle, or which is sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.

ROGUE RIVER ELECTRIC COMPANY,
216 West Main St., Medford, Or.

This Advertise- ment

would not appear unless the property I quote below was priced far below its real value, for it would only be a waste of money, your time and mine, but let me tell you that these are actual money makers:

40 acres; 10 acres in fruit; no buildings; six miles from Medford, on good road; price \$7000, if taken before October 1st.

80 acres free soil; two-thirds cleared; close in; a real bargain at \$90.00 an acre; will consider taking half interest in above, and develop it; 200 per cent profit.

The Most Perfect Block of Trees in the Pacific Northwest

Sixty-six and a half acres of SUNCREST ORCHARDS is offered for sale in five and ten-acre tracts on terms that should prove most attractive.

This tract is planted, two rows alternately, to Yellow Newtown, Spitzenberg and Jonathan Apples, the very choicest standard commercial varieties.

They are eight years of age and have a good crop this year. They are well set with fruit spurs for next year's crop.

The trees are large for their age, are uniform in size and exceptionally thrifty.

The soil is the very best. Drainage is perfect. Altitude about sixteen hundred feet. Distance from shipping station about a mile and a half.

Price and terms: \$1000 per acre, half cash, balance in three equal annual payments, with interest at six per cent.

A five-acre tract of this bearing orchard will cost the purchaser \$2500 in cash, \$833.13 in 1911, \$833.13 in 1912 and \$833.13 in 1913. After the first payment is made the crop should a great deal more than pay the balance.

This is an exceptional opportunity to become the owner of what is unquestionably one of the finest young orchards in the northwest. The trees are the right varieties, they are in perfect condition, and there is a surety of a satisfactory income.

The time to buy is now. Let us show you these tracts.
