### Eagle Point Eaglets

—By—  
A. C. Howlett.

When our school opened last Monday the enrollment was 72, 50 per cent above the enrollment last year. That speaks volumes either for our teachers or for the increase of children in our district, and perhaps for both, but most likely for our teachers, for we had an enrollment of 95 last year with the same teachers.

Mrs. Brighton of Butte Falls stopped here Thursday on her way to her new home in Texas. Mr. Brighton went to that state about a year ago and bought land, came back and later returned to Texas, but left his wife and all children to take advantage of the fine school in Butte Falls.

Hon. William M. Colvig came out on Wednesday and Wednesday night delivered his campaign speech. I did not have the satisfaction of hearing him, but the next morning I inquired of three prominent men about the speech and crowd. The first one said that he had a small gathering—the speech was made on the street in front of Brown & Son's store. The next one was one of the old line politicians and he said that when he commenced he had a half dozen hearers but by the time he got through he had 18 or 20; that the most of his time was taken up in explaining the why he had flopped from the republican party to the democrat and from the democrats to the republicans, by the populist and free silver democrat, etc., and summed up by saying that he did not think that the generality of the voters knew enough to select their candidates or senator and consequently he was op-

posed to the primary election law and especially Statement No. 1, and as a bait advanced the idea that he, if elected to the senate, would get a big howl for the proposed Catholic hospital in Medford. The speech in the main was the same one he delivered here when he was candidate for district attorney on the democratic ticket a few years ago, only changing the political names.

Wamsley and Smith had a big barn raising here Friday, raising the Nichols barn on the old J. J. Fryer place.

Miss Varlen Stickle of Burns, Or., came in a few days ago to spend a while with her grandmother, Mrs. Thomas.

Mr. Vincent has moved his family into a part of the old William Ulrich house. He is night watchman for the steam shovel on the P. & E. railroad.

Speaking of the P. & E. railroad, for the benefit of those who are anxious to know what is doing in that line, they are rushing the work right along and expect to be to Butte Falls by the 15th of November. They are at present putting down only half of the ties just so that they can run over the road with the construction cars until they get to Butte Falls, where they can get the ties much cheaper and then they will run over the road again and finish it up. They are doing good, substantial work along the line and putting down heavy rails, and by Christmas we will all be able to ride on the cars to Butte Falls.

### Butte Falls Items

arranging to leave Butte Falls to join Mr. Boughton who has been in Texas for some time, and has bought property there and will locate in Texas.

It is reported that C. O. Metcalf, who opened lately in Butte Falls a hardware, sash and door, etc., store, has left the country and will not return.

John Moore of the unsurveyed lands has returned from the valley and is going to his homestead.

Before Major Martin, with his command, left Butte Falls it was the pleasure of your correspondent to specially dine with the major and his officers, and it was a most pleasant occasion. The officers and men under the command of Major Martin are the finest body of men which it has been our good fortune to know.

Jeff Fredenburg and a soldier, while fighting fires, became lost in the woods and for three days and nights they wandered about, with but little food, but were finally rescued and brought to camp.

Emerson Wheeler of Wheeler & Clappill has gone to Medford for store supplies.

Professor Hulbert, the magazine writer, has returned from his trip through the fire zone and left on Sunday for Portland and will soon begin the preparation of a romance and articles for his magazines.
