Ladies, if you have any hair to sell or to be made up into fashionable coiffures, please bring it to Madame L. L. Reame, 246 North Oakdale.

Lee Snipe and family, Indians, were in Medford Friday from the Klamath Indian reservation making their annual fall purchases. They were somewhat lost in the metropolitan mazes of the city. It was not many years ago since strings of ponies and redskin riders were seen each fall in the Medford streets. Lee Snipe and family came in a hack.

Five-acre tracts in Oakdale Park addition, \$3000. Oakdale Land Investment Co., 214 Farmers' & Fruit-growers' Bank bldg.

Walter F. Rau, manager of the Moore hotel, will let the contract Saturday evening for a \$5000 bungalow at the corner of Ninth and Oakdale, where he and his family will reside. Clark and Foster are the architects and the building will be one of the most artistic in the city.

Four-acre tracts in Oakdale Park addition, \$2700. Oakdale Land Investment Co., 214 Farmers' & Fruit-growers' Bank bldg.

California Andrews, local representative for the Los Molinos Land company, is now in Los Molinos with a party of buyers. He has just expressed samples of cotton and tobacco to the local office, same may be seen in the window at 6 South Fir street.

Ell Baker and family, en route from Idaho in a prairie schooner, to find a land of gentler climate, have passed up the Medford district as a permanent camping ground. Baker and his family were routed out of their camp before breakfast this morning by the city police officials and told to move camp. He says that he will never for a moment consider remaining among such inhospitable people.

Mr. and Mrs. C. C. Myers and their two sons of Eugene, Or., are making their old time friend, Mary B. Orr of 815 East Main street, a few days' visit. They are on their way to Los Angeles, Cal., to spend the winter, making the trip in their auto, and have many words of praise for the busy city of Medford. Thus far they have had a charming trip and think this is the way for the traveler to enjoy the scenes of prosperity and the observing traveler secures glimpses of the life that is past, of the easy-going and free existence that was the rule "before the gringo came," which is lost to those making a quick trip by railway.

T. G. Lowry, the tile and floor man, is offering special prices on laying and scraping of floors until October 1st. See him at 336 aEast 6th street, or phone Main 2321.

Miss Ambrase C. Murphy, who has been spending her vacation at home with her parents, left last evening for The Dalles to resume her position as teacher. Miss Murphy holds a state certificate and has been successfully teaching in The Dalles for the past three years.

Fred Brown of Oberlin, Kan., is visiting with H. Rubie and family at Crater Lake Junction.

Mrs. E. Cunningham, aged 52, a newcomer in Medford, died in the Medford hospital early Friday morning.

W. C. T. U. HOLDS AN INTERESTING SESSION

The W. C. T. U. of Jackson county met Saturday, September 17, in the Baptist church. The county was well represented from all unions and the officers were elected for the coming year. President, Miss Jeffrey of Medford; corresponding secretary, Mrs. Grover, Eagle Point; treasurer, Mrs. Howell, Medford.

Reports of the different unions were read and all were encouraged by the progress in each town.

The delegates were elected to the state convention in October. Miss Jeffrey and Mrs. A. A. Holmes, Mr. Hicks of Ashland was the speaker of the evening, and he proved himself a strong support of the temperance cause. He told of so many places and states that have the prohibition law and the success the states are having in increased population and in postal receipts, and in growth in wealth per capita. And in Kansas the Carrie Nation home for the poor has been sold because there was no poor to put into it. And in closing he said that Medford must not think that Jackson county belonged to Medford, but that Medford belonged to Jackson county.

Mr. Lovett of Grants Pass speaks Sunday at 3 p. m. in the Baptist church. Mrs. Unruh in the evening at the tabernacle.

Quarrel Ends Fatally

CHICAGO, Sept. 17.—That a quarrel over \$5 between men who were worth thousands caused the death of Loren B. Atkins, president of the Rainey Medical company, will be brought out today, it is expected, at the inquest into the death of Atkins.

The shooting was the climax of a dispute yesterday between Dr. James Rainey, inventor of the medicines which the company manufactures and Atkins, which began when the men cast up their accounts. The conference over financial matters was held in the private office of President Atkins. Though only Dr. Rainey and Atkins knew the full history of the dispute, the police have discovered one witness who saw the fatal shot fired.

Aeroplane Wrecked

TACOMA, Wash., Sept. 17.—The aeroplane built in this city by Arthur Tunnison, an enthusiastic amateur, at an expense of \$7000, is to be sent to the scrap heap today. Tunnison tried out his machine yesterday, but the weight of the heavy planes were too much for the engines and the young aviator gave up in disgust. The machine is a monoplane built on the lines of the Blériot machines.

TABERNACLE IS NOW A FACTORY

Medford Concrete Construction Company Will Install Their Plant in Building Erected for Use of Evangelist Oliver in the Spring.

The Medford Concrete Construction company, the local corporation organized to engage in the manufacture of cement sewer pipe, tile, brick, and the selling of crushed rock, washed sand and gravel, has arranged to install its plant temporarily in the Olive tabernacle building and on Monday will re-roof the building and make other necessary changes to accommodate the plant until a permanent place can be provided. The sewer pipe machine will be installed this week and by Friday or Saturday the work of manufacturing sewer pipe will be commenced. The public will be welcome to call and inspect the plant when it is completed and the gentlemen interested in the company are confident that all will become boosters and friends of the process upon a visit to the works. The company believes it will turn out the best article of its kind ever made, for the following reasons: In the first place, they will not make what is generally known as concrete pipe, a coarse wall composed largely of gravel and a small per cent of cement. They will use one part of the best Portland cement and two parts of sand, one coarse and one fine, thoroughly tamped into moulds by machinery, making a very dense wall. In addition, the core of the mould revolves, giving the inside a smooth finish, the coating thus put on serving to make the pipe practically waterproof. This pipe has been subjected to 100 pounds to the square inch without affecting it, showing its strength as well as its proof against percolation. The pipe made on this machine has been especially popular among plumbers for connecting up residences with the street sewers on account of its uniformity, making it easy to fit and connect while laying. Every length is exactly the same size and perfectly formed. It has the bell end and is made in full two-foot lengths without figuring the bell. All the fittings, wyes, tees and bends will be manufactured.

The Medford Cement and Paving company first called the attention of the manufacturers of this machine to the opportunities here and while waiting for the establishment of a plant here they secured a hand outfit and are now engaged in making 24-inch pipe for the Sixth street storm sewer. The new company has already sold several good orders and will push its product in all towns in the valley.

The following gentlemen and companies are stockholders in the new enterprise: George B. Carpenter, James H. Henley, Big Pine Lumber Co., R. C. Kenleyside, C. J. Semon, F. A. Glidden and A. P. Allen, the latter being from Tacoma, Wash., and has had considerable experience in the manufacture of cement sewer pipe.

Advertised Letter List

The following letters remain uncalled for at the postoffice at Medford, Or., September 14, 1910:

J. Brunot, F. Buffa, K. M. Bybee, Geo. N. Campbell, F. E. Coft, Emmett Conner, E. S. Davis, L. G. Demert, Mrs. Susie Emerson, W. Gereno, Wm. Gorsline, Frank Harris, H. P. Houston, Samuel Horton, J. B. Hamell, R. C. Hensley, A. J. Horner, A. J. Johnson, Laurido Jensen, J. Jones, Charles Kohl, George Lee, C. W. Lockheed, R. C. Loucks, J. A. Mahack, Chas. Parties calling for the above letters will please say "advertised." A charge of one cent will be made upon delivery.

A. M. WOODFORD, P. M.

BOY IS RUN DOWN BY AN AUTOMOBILE

In the excitement of a chase to a supposed fire Stuart McArthur, the 12-year-old son of C. A. McArthur, was run down by an automobile driven by J. W. Keyes on South Oakdale. Through an act of providence and the presence of mind of the driver the little fellow was not seriously hurt, but was only badly bruised. Keyes turned his machine so that it hit the lad broadside rather than head on.

LABORER CHARGED WITH THEFT OF \$1500

SEATTLE, Wash., Sept. 17.—John Tyberg, a Norwegian laborer, is locked up in the county jail and will be taken back to Nome, Alaska, to answer to the charge of stealing nearly \$15,000 in gold dust from the sluice boxes of the Pioneer Mining company, by which he was until recently employed.

Tyberg arrived in Seattle last Monday night, together with other former employes of the Pioneer company. Yesterday he walked into the local assay office and exhibited a bag of gold which he said he had cleaned up in the Iditarod district.

ENGLISH POET IS SUED FOR DIVORCE

NEW YORK, Sept. 17.—According to friends of the couple, there will be nothing sensational in the divorce suit brought against Richard Le Gallienne, the English poet, who has lived in New York for several years. According to a Paris dispatch, the wife merely wishes to secure legal possession of her child. In her effort to do this, it is said, she will not compromise her poet husband "beyond that which is necessary."

Mrs. Le Gallienne conducts a millinery shop in Paris.
