

LOCAL KNIGHTS THANK KLAMATH

Adopt Resolutions Expressing Appreciation of Treatment Accorded Them on Recent Visit to Neighboring Lodge—Welcome Klamath.

In order to more fittingly show Klamath Falls, Oregon, their appreciation of the royal treatment accorded the members of Tallman lodge, No. 31, and Pythian Temple, No. 40, both of Medford, Or., on their recent visit to Klamath Falls on account of the annual K. of P. convention for district No. 6, the following resolutions have been passed and a copy ordered spread upon the minute book of Tallman lodge, No. 31; a copy given to the press, and a copy mailed to Klamath lodge, No. 99:

Be it resolved, That Tallman lodge, No. 31, in behalf of all its members, and especially in behalf of those who visited Klamath Falls, does hereby extend formal greetings to Klamath Falls lodge, No. 99, and a vote of thanks for the royal treatment received at the hands of the Pythian ladies, and members of Klamath lodge, No. 99, and their friends, for the following excursions, entertainments and treatment in general:

First—For so kindly arranging with the Southern Pacific Railway company to transfer our special car from Medford to Klamath Falls in one day.

Secondly—For sending a committee to meet the train and transfer us to comfortable, clean and reasonable quarters in hotels and rooming houses and for providing a sumptuous spread, which was enjoyed after a hard day on the road.

Thirdly—For providing the excursion by steamer on the upper lake and lunch among the beautiful lake tales.

Fourth—For the most delightful entertainment and banquet in Pythian hall on Monday evening.

Fifth—For the most excellent manner in which the morning, afternoon and evening sessions of the convention were conducted on Tuesday, and

Sixth—For the spirit of friendship so openly manifested on all hands and which should cement the bonds of friendship now existing between Klamath Falls and Medford lodges in so firm a manner that it will endure for all time.

Be it further resolved, That should the next convention be held in Medford, that a formal and most cordial invitation be extended to the Knights and ladies of Klamath Falls to visit Medford in a body next year, and assist in holding the said district convention, at which time we hope to show our appreciation in a more substantial manner.

Trusting that you will continue to grow and prosper, and wishing success and happiness for all, we remain, yours in F. C. & B., as witnessed by the seal hereby attached and the signatures of the chancellor commander and keeper of records and seal. (Signed) H. G. WORTMAN, C. C. J. F. HUTCHASON, K. of R. S.

FANCY HOGS BROUGHT TO ROGUE RIVER VALLEY

Six thoroughbred Berkshire hogs arrived in Medford Sunday from Salem. The hogs were bought by Fred Cummings at the state fair for the Fish Lake ranch. All are of prize-winning stock.

NEW YORK Sept. 19.—The Dixie Kid of San Francisco will clash with Fighting Dick Hyland at the Olympic club tonight. A good bout is expected by the fans.

MANY COLONISTS ARE ON THE WAY

Low Rates Now in Effect Are Being Taken Advantage of—Many Are Scheduled to Visit the Rogue River Valley Direct.

Colonist rates on all the transcontinental lines went into effect on September 15, and if the number of letters of inquiry received by the Medford Commercial club is any criterion, the Rogue River valley will witness the greatest influx of colonists during this fall of any year in its history.

The nature of the correspondence would indicate that the colonists will be composed largely of farmers who have sold their lands in the east and middle western states, and are coming to embark in the fruitgrowing industry.

The cheap lands of Oregon, combined with the high price received for farm produce, is the chief cause for the flood of immigration that is pouring into the northwest.

In years past the majority of the colonists came direct to Portland and gradually scattered to the more remote parts of the state. Largely through the work of the Oregon Development league, the colonists have been supplied with advance information in regard to the exact location for which they are bound, and in this manner they are saved the expense of a trip or a stopover in Portland, and many are scheduled for a direct trip to Medford.

The colonist rate will remain in effect until October 15.

TAFT IS TO URGE FORTS AT PANAMA

President Fears That Democrats, If They Control the Next Congress, Will Oppose Idea, and Hence He is Rushing His Plans Through.

BEVERLY, Mass., Sept. 19.—President Taft will, in the coming short session of congress, urge an appropriation for the fortification of the Panama canal.

While no official announcement has been given out to this effect, it is intimated here that the president intends to hurry the work for the fortification plan at the coming session, fearing that if the democrats control the next congress they will oppose the idea.

He will ask an appropriation of \$2,000,000 as a starter on the work and will eventually expend \$20,000,000. The work to be done first will be the beginning of the plan of fortification which will necessitate the expenditure of the larger sum to carry to completion.

NEW ORLEANS CITIZENS SORE CENSUS SHOWING

NEW ORLEANS, La., Sept. 19.—There is a general feeling of disappointment among citizens here today following the announcement of the federal census, showing the population of New Orleans, and many prominent business men hold to the opinion that the figures may injure the prospects of New Orleans for the Panama-Pacific exposition. The results of the San Francisco census is awaited with interest, as San Francisco is making a strong bid for the 1915 fair.

TOM AND JERRY GIVEN A LESSON

Fire Boys Start Instruction of New Team, Which is Expected to Soon Don Their Harness Like Veterans at Tap of the Bell.

Tom and Jerry, the young team recently purchased by the Medford fire department, received their first instruction yesterday. The team, although frisky, as most 4-year-olds are, showed remarkable intuition as to what was expected of them. With a few days' practice it is expected that they will don their harness at the stroke of the bell like veterans.

The team was bought about a month ago from Jim Fowler on Applegate for \$725. Tom is just 17 days older than Jerry and when weighed last was just 17 pounds heavier. The horses weigh about 1500 pounds each and will probably add 150 pounds before they stop growing.

GIRL OF 14 KILLS FATHER WITH AX

Then Turns on Brother and Takes His Life—Angered Because They Had Beaten Her—Broke Down During Examination by Officers.

NEWKIRK, Okla., Sept. 19.—Posses seeking the man who attacked little Ebby Alice Shepherd, 13, and beat her father, Taylor Shepherd, and her brother, J. W. Shepherd, to death, were called in today when the little girl, tearful and hysterical, confessed that she had killed her relatives.

According to the confession, the little girl sobbed out today the fantastic story she told Saturday of assault and murder was fabricated to hide her own terrible deed, when, angered because they had beaten her, she stole up behind her father and beat him to death with an axe, and then, fearing that her brother would discover the deed and tell of it, she killed him also.

The screams of the little girl brought people to the scene of the attack of Saturday. Her father, semi-conscious and bleeding, was found nearby and her brother was found near the same place. Her father regained consciousness and the few words that he spoke confirmed the belief that his daughter had beaten him.

Those who heard the words that Shepherd uttered believe that the first blow struck him unconscious and that he knew nothing of what happened afterward.

For hours the girl lay unconscious and when she regained her senses she told of an attack that had been made on her. Under cross-examination she broke down and confessed. She is hysterical today and is under the care of a physician.

Both father and brother lived for several hours after they had been struck by the little girl. J. W. Shepherd never regained consciousness. Both suffered fractures of the skull.

MEDFORD INTERESTED IN GOOD ROADS MOVEMENT

(Oregon Journal.) H. B. Blake, demonstrator for the Portland agency of the Brush car, returned the later part of last week from a trip to Medford, driving one of the agency's machines from Portland for delivery to the Sherman-Clay piano house, Medford. His trip was full of incident. About 100 miles this side of Medford the flywheel of the car broke, but Mr. Blake continued on his journey, pushing the disabled car through at a good speed.

"Medford shows good prospects for a busy automobile season during the year of 1911," he said. "Every one is interested in the machines and many have announced an intention of buying. I found most of the roads in good condition. Medford people are interested in improving the roads in that neighborhood."

SUGAR TRUST OFFICIALS SENTENCED TO JAIL

NEW YORK, Sept. 19.—Charles Heike, former secretary-treasurer of the sugar trust, was today sentenced to eight months' imprisonment and \$500 fine by Judge Martin. The imprisonment is to be served at Blackwell's island.

An appeal was granted and Heike's bond was fixed at \$15,000.

KLAMATH VOTERS AGAINST ASSEMBLY

Split Promised in Republican Ranks—Many Will Support Democrats—No Show for Old-Line Politicians It Is Said.

KLAMATH FALLS, Or., Sept. 19.—With the approach of the primaries politics is getting warmer in this section of the state. The primaries will be only the first step in the struggle. Insurgency, so rampant throughout the nation, has taken hold in this county and there are many republicans who declare publicly that they will support no man who had any connection whatsoever with the assembly. It is their contention that the assembly was a direct attack upon the rights of the people. There are many republicans who will support West for governor in the event Bowerman is the republican nominee.

After the primaries are over the chief issues in the campaign will be local option, Southern Pacific rule and the courthouse removal. It is almost certain that political lines will be forgotten. The three issues mentioned, together with the anti-assembly feeling, will have a tendency to shatter the republican party organization. The prospects are good that Klamath will line up in the democratic column this year.

GOOD WAY TO USE HYOMEI FOR CATARRH

Besides breathing through the inhaler a few times a day, many catarrh sufferers write that they find inhaling HYOMEI (pronounce it High-o-me) from a bowl of steaming water each night before retiring a great aid in curing stubborn cases. Try it; it's very simple; gives quick relief and makes you breathe easier.

Fill a bowl half full of boiling water; pour into the water a teaspoonful of HYOMEI, cover head and bowl with a towel, and breathe through nose and mouth the pleasant, medicated, antiseptic and healing vapor that arises.

This method relieves that stuffiness at once, and makes your head feel fine.

You can get a bottle of HYOMEI at Chas. Strang's and druggists everywhere, for only 50 cents. Ask for extra bottle of HYOMEI inhalant.

But bear in mind that a HYOMEI outfit which includes inhaler and bottle of HYOMEI costs \$1.00.

HYOMEI is guaranteed by Chas. Strang and druggists everywhere to cure catarrh, sore throat, coughs, colds, asthma and croup, or money back. Try it on that generous basis.

AN EASY AND HARMLESS WAY TO DARKEN THE HAIR.

Who does not know of the value of sage and sulphur for keeping the hair dark, soft, glossy and in good condition? As a matter of fact, sulphur is a natural element of hair, and a deficiency of it in the hair is held by many scalp specialists to be connected with loss of color and vitality of the hair. Unquestionably there is no better remedy for hair and scalp trouble, especially premature grayness, than sage and sulphur if properly prepared. The Wyeth Chemical Company, 74 Cortlandt street, New York city, put up an ideal preparation of this kind, called Wyeth's Sage and Sulphur. It is sold by all leading druggists for 50c and \$1.00 a bottle, or is sent direct by the manufacturers upon receipt of price.

GENE DEBS HANDS ROAST TO TEDDY

Scores Former President at Every Turn and the More Pronounced His Denunciations the More Vigorous the Applause.

CHICAGO, Sept. 19.—That Eugene V. Debs, candidate for president on the socialist ticket in 1908, has just as strong a hold on socialists now as he ever had, is indicated by his reception by a record-breaking crowd that gathered yesterday at River View park and heard him "say things" about Theodore Roosevelt.

Debs scored the former president at every turn and the more he pronounced his denunciations the more vigorously was he applauded. The meeting broke up with prolonged cheers for the speaker.

"Thousands regard Roosevelt as a deliverer and a savior. He is regarded as a Deity—a thing to be worshipped," said Debs. "Recently he declared that he favored publishing the source of contributions to campaign funds. Ten of the greatest trusts in the world contributed to his campaign fund. As commissioner of New York he had access to records that forced corporations to contribute freely to campaign funds. Cortelyou was his tool in holding up corporations. The 'My Dear Harriman' letter was one example."

WOMAN OF AFFINITY FAME SPURNS HUBBY

PARIS, Sept. 19.—The first Mrs. Ferdinand Piney Earle, of affinity fame, does not care to see her former husband. Asked today about a report that Earle was seeking a reconciliation with her, Mrs. Earle, who now bears her maiden name, Alice Fishbacker, said that she did not know of any such intention.

"I have had enough experience with his barometric devotions which are either soaring or plunging toward the lowest depths. There was much more certainty in our divorce than in our marriage. If my former husband is in Paris he has not advised me of the fact, and I do not believe that he will."

FIGHTING BOB WANTS BIG NAVY

Says He Is Warm Supporter of Plan for a Big Fleet for the Pacific—Points Out Value of Battleships to the Government.

SEATTLE, Wash., Sept. 19.—"Fighting Bob" Evans is in Seattle today and declares that he is a warm supporter of the plan for a big fleet of battleships for the Pacific. As to the expense of a large fleet, the admiral declared that it would pay the government.

"It has been figured," said he, "that the cost of a fleet of 100 battleships would not exceed one-tenth of one per cent of the property within reach of 12-inch guns on the Atlantic coast."

As a proof of the insurance value of battleships he pointed out that at the beginning of the Spanish-American war property along the Atlantic seaboard depreciated in value and houses exposed to the sea could not be rented at any price.

Taking up the protection afforded along the Pacific coast defenses and forts, the admiral characterized a fort as a sign for a hostile fleet to steer clear of. He said a fort was protection to the country within reach of its guns.

Even after the completion of the Panama canal, the admiral contends, the United States should keep a permanent fleet on the Pacific coast. He said that the danger of ships passing through the canal during a war would be too great risk to the entire fleet on the Atlantic coast.

Harvard Hopes High.

BOSTON, Sept. 19.—Twelve of last year's veterans were in uniform on Soldiers' field this afternoon to begin preliminary training for the coming football season, and the hopes of the crimson supporters are accordingly high. Coach Houghton outlined his plans briefly and put the men through a series of preliminary moves preparatory to the real practice.
