

ROBERT G. SMITH WINS IN FIRST

Receives Democratic Nomination for Congress and Now Hot Campaign in Sight—Will Carry the Fight into Every County in the District.

Robert G. Smith of Grants Pass has received the democratic nomination for congressman in the First district. Reports from the different counties of the district show that Mr. Smith has been given the democratic nomination by a good majority over his opponent in the race.

Robert G. (Josephine) Smith is well known throughout the First congressional district. He has served in the legislature for several terms and whenever he was there he was one of the prominent figures of the session. He is a ready debater, possessed of keen wit and was one of the leaders in those sessions of the legislature through which he served. He announced, when he became a candidate for the congressional nomination that if Hawley were to be the successful candidate against him he would carry the fight into every county of the district.

The First congressional district, therefore, will be the scene of one of the hard fights of the coming election. When Hawley was first elected he was only a short distance ahead of his democratic opponent. Since that time dissatisfaction has spread into every county of the district with Hawley's attitude and conduct while a member of congress. Smith, with his well known campaigning ability, will enter vigorously into the campaign and make a hard fight for the election.

PACKKEY PUTS UP GLASSY SCRAP

Gotham Picks McFarland to Go Against Champion Wolgast—Hyland is Made to Look Like One Big Dub.

NEW YORK, Sept. 28.—Packy McFarland is Gotham's choice to oppose Champion Ad Wolgast as a result of his showing last night against Dick Hyland of San Francisco. In his fight last night McFarland had everything, speed, stamina and cleverness. He landed at will on Hyland and a less willing lad than Hyland would have cringed quite long before the contest ended. Hyland landed just two blows of any import.

If McFarland can make the lightweight limit, New York sports are willing to go broke that he can wallop Wolgast in any number of rounds.

Quakes in Arizona. FLAGSTAFF, Ariz., Sept. 28.—The mysterious rumblings that accompanied the series of slight earthquake shocks felt throughout the northern and central portions of Arizona early this week continued today. Several slight tremors were felt, although they were barely noticeable in the open country. Reports from the country north of here state that a score of families have left their homes and are journeying here. But one refugee, J. P. Chavez, had reached Flagstaff at 10 o'clock this morning.

"LOTTERY MAN" HERE TONIGHT

During the past season no comedy attained such a degree of popularity as "The Lottery Man," which ran for over eight months at the Bijou theater, New York. Strikingly original in title, theme and treatment, the brisk little play swept over Manhattan like a refreshing breeze on a sultry day. Then everybody began talking about it—even Alan Dale confessed that it kept him awake laughing over the situations—and its fortune was made. The Shuberts are the managers, and Rida Johnson Young, who wrote "Brown of Harvard," the author. "The Lottery Man," with a company including William Rosell, Vivian Ogden, Florence Robertson, May Donahue, etc., comes to the Medford Theater tonight.

WILL REPLANT BURNED AREAS

Forest Service Plans to Seed Between 5000 and 6000 Acres of Recently Burned Over Land at Cost of \$20,000.

PORTLAND, Or., Sept. 28.—With the coming of the rainy season in Oregon the forest service will seed between 5000 and 6000 acres of burned over land at a cost of approximately \$20,000, 700 acres being situated at the Bull Run watershed as an auxiliary to the Portland water supply. The largest amount of planting is to be done in the Mount Hebo district, south of Tillamook. The district was burned over in 1857 and has never been reforested. It is now a mass of ferns and underbrush. On most of the area eastern hardwoods will be planted, hickory, white oaks and chestnut being the favorites. Most of these species are now being grown in the front yards of the ranchers in that section, which gives the federal officers encouragement in the belief that they will thrive. The ferns and underbrush will be cleared away so that seed may be given a chance to grow.

PICTURE OF ASHLAND FOR PORTLAND CLUB

M. C. Miller of Ashland has presented to the Portland Commercial club a very attractive panoramic photograph of the city of Ashland and vicinity, with the foothills of the Siskiyou mountains in the background. The picture exclusive of the frame is 86 inches long and 16 inches deep. It occupies a prominent position in the main office of the club building. To make it even more attractive, this picture is shown in natural colors, this work having been done by Miss Mae Ely of Portland.

DIRECT PRIMARIES FAVORED.

Continued from Page 1) of a "black horse." Roosevelt is known to favor Stimson, while many of his supporters are for Hinman, and it is possible that the colonel may be forced to accept Hinman. "Let Him Elect It." Roosevelt arrived at the convention hall in an exultant mood. He said: "It is a wonderful victory for the rank and file of the republican organization."

The colonel called the convention to order at 11:20. Compared with yesterday, the session was a "frost," the galleries being almost bare of spectators. The regulars are more defiant than ever. This was indicated when Lloyd Griscom summoned Congressman Bennett, who long has been a candidate for the gubernatorial nomination, and notified him that Stimson would be a candidate, Roosevelt having just previously endorsed Stimson's candidacy. Bennett showed that he was the most disgruntled of the old guard and indifferent to the makeup of the ticket by saying: "Roosevelt has named the ticket; let him elect it."

MUSICAL CLUB FOR THIS CITY

Preliminary Meeting to Consider Plans Held—Committees Are Appointed to Work Up Interest—Ahe Great Success in Other Cities.

A first meeting to consider the formation of a musical club in Medford occurred yesterday afternoon at the Sherman-Clay music house. William Erhart Snyder addressed the meeting, outlining and suggesting ways and means for organizing such a club as many other cities have in their Tuesday miscels, etc. His suggestions met a ready response, and preliminary measures were taken toward the formation of such a society. Mrs. Parsons and Mrs. Parsons and Mrs. Theiss were elected chairman and secretary protem, respectively, and two committees were appointed for the furtherance of the plans. One, a committee on bylaws and organization, was named, to consist of Mrs. Wakeman, Mrs. Isaacs and Mr. Holt; and a second committee, consisting of Mrs. Vawter, Mrs. Merrick and Miss Darnan, was appointed to solicit membership and otherwise to consider the matter of the club's expansion. It is proposed that the society, of which Mr. Snyder will remain permanent musical director, should give five public concerts during the winter and meet fortnightly for the study and presentation of musical omfils, themes, and the best of operatic or instrumental compositions. The club will afford musical students and the laity as well opportunity for becoming better acquainted with the inner significances of musical compositions so that as a result opera and all concert performances may take on a more familiar and correspondingly still more enjoyable character. This particular club idea doubtless meet with popular interest and support.

SOON TO OPEN JOHN DAY ROAD

Forest Service Will Brush Out Old Road From Near Union Creek to Diamond Lake, Where it Will Connect With Road to Valley.

After 40 years of disuse the old highway over the Cascades known as the "John Day" military road, is to be reopened by the forestry bureau. First it will be brushed out and a trail made for forestry officials' use, but later it will be placed in repair for wagon use. That portion of the road which will be renovated starts at a point about two miles above Union creek and continues northeasterly to Diamond lake. From the lake a road to Fort Klamath is now in use. The old John Day road as built in the 50s by the soldiers was admirably laid out. Its grades are splendid. But it has not been used for 40 years, and in the meantime great trees have grown up in it. However, the grade remains and at a small expense the road can be made passable. With the road to Diamond Lake open an automobile tour to that lake, thence to Fort Klamath and back to Crater Lake will be most enjoyable. Diamond Lake, of which all too little is known here, is a beautiful body of water. The road to be opened will follow the upper Rogue above Union creek and will travel through a splendidly interesting country.

BEAR RUNS WILD ON CITY STREETS

For the first time since the municipality of Medford was organized the citizens of the city have seen a black bear run wild down Main street. Yesterday afternoon Topsy, the pet bear of D. M. Russell, made a wild dash out of his store, tipping over a palm on the way to the open street beyond. Then followed a wild stampede down Main street. People stopped and held their breath as the bear galloped past. Dogs took up the chase, but a few swift slaps from bruin put an end to their attempts to check his flight. Topsy, contrary to the conviction of the people on the street, was not running for the mountains, but was simply returning to her kennel at the home of Mr. Russell on Tenth and Grape streets, where she thought it was time to receive her supper. Topsy was captured some weeks ago in a trap in the Klamath Indian reservation, and still bears the marks of the steel trap.

BANKERS IN PORTLAND.

PORTLAND, Or., Sept. 28.—As guests of Portland bankers a large party of Ohio bankers saw Portland from trolley cars. The party arrived on a special train this morning bound for Los Angeles to attend the annual convention of the American Bankers' association. The travelers will leave for Los Angeles at 5 o'clock this evening over the Southern Pacific.

HARRY NORTON CIRCUIT JUDGE

Receives Democratic Nomination and Will Enter Race Against Frank M. Calkins—Is Well Known Throughout District and is Capable Lawyer.

Harry D. Norton of Grants Pass has received the democratic nomination for circuit judge and will oppose Frank M. Calkins at the polls in November. Mr. Norton is an able man for the place and will make a strong race. He is a lawyer of much repute and is a member of the state senate.

MOCK BOUND OVER BY CANON

Julian A. Mock, the murderer of Jesse C. Smith, very much subdued by the events which have transpired in his career since his fatal act last Tuesday night, a week, appeared before Justice Canon for his preliminary hearing Tuesday afternoon. The prisoner was calm and collected when he entered the mayor's offices accompanied by Sheriff Jones and his attorney, Judge E. E. Kelly. The only sign of uneasiness noticeable was his constant curling of his black mustache with the fingers of his right hand. The misery that the murderer was undergoing was shown in his eyes. No attempt was made by Judge Kelly to prevent the prisoner from being bound over to the circuit court. This the mayor did without bail. There was a large crowd gathered for the hearing, filling the mayor's offices to overflowing. Among those present were the eye-witnesses of the tragedy, the coroner's jury and the police officials. The witnesses for the state, placed in the chair by B. F. Mulkey, district attorney, were not as glibe in their testimony when under the gaze of the defendant as they had been before the coroner's jury last week. The case against the defendant was plain, however, as far as the court of the justice of the peace was concerned and the justice displayed no hesitancy in binding the prisoner over to the circuit court.

UNRELENTING WAR.

(Continued from page 1) "The advanced cost of living is only a local reflection of a world-wide tendency and cannot truthfully be laid to the tariff law." The report praised the appointment of Governor Hughes to the supreme court of the United States. Regarding the direct primary, the report stated: "To Governor Hughes is due the merit of arousing the interest of the people and convincing them of the need of directly nominating the party candidates. We promise legislation which will enact these principles into law."

YOUNG MACHINISTS BUY LOCAL GARAGE

The Medford Auto company has been sold by its owner, E. L. Roth, to F. A. Powell and A. G. Gordon. In the future it will be known as the Powell-Gordon Garage. The buyers were formerly employed as machinists in a local garage. They have ordered \$1000 worth of new machinery and intend to run an up-to-date machine shop in connection with the garage. If you have business ability, show its quality in the way you advertise Haskins for Health.

22 HOURS IS AGENTS SHIFT

Shasta Limited Now Delivers Mail at Central Point and Office There Does Not Like Lengthened Hours.

CENTRAL POINT, Or., Sept. 28.—A recent order from the railway mail service requiring train No. 12, north-bound Shasta Limited, to change the mail at this station at the unholy hour of 2:44 a. m. is the cause of much dissatisfaction among the local depot force. Since the order went into effect on the morning of the 26th inst. the member of the force whose duty it is to handle the mail at the station and deliver it to the postoffice is required to be on duty practically 22 hours out of the 24, which it will be admitted is a pretty strenuous shift. The work at the depot is all done by Agent Cornelius, with two helpers, and includes the regular agent's work, ticket selling, telegraphing, freight and express business and taking care of the mail, and under the present arrangement it seems to be impossible to take care of the work without working at least one of the force practically day and night. And, to make the situation all the more galling, it is pointed out by the depot boys that the change, with all its added hardship, does not give the business people of the community one whit better service than it was getting before the change was ordered. Mail is now carried to Portland on No. 16, leaving here at 5:34 p. m., reaching Portland at 7:30 the following morning. Train No. 12 leaves here at 2:44 a. m.

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made and used a "sage tea," and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs before they are fifty, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair, and are fast following suit. The present generation has the advantage of the past in that it can get a ready to use preparation called Wyeth's Sage and Sulphur. As a scalp tonic and color restorer, this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers, and it can be bought for 50 cents and \$1 a bottle at almost any first-class drug store or will be sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price. For sale and recommended by Leon B. Haskins.

STOCK MARKET DULL

NEW YORK, Sept. 28.—In the stock market today Feeding dropped 1/2 and several large orders were executed. Otherwise the market was dull with small declines throughout. Southern Railway preferred, Ontario & Western, Chesapeake & Ohio, and American Sugar all dropped a point under yesterday's final prices. Late in the day the market rallied a fraction. American Car preferred rose notably, gaining 2 1/4. The market closed steady. Bonds were irregular. (Furnished by Moss & Co. by private wire.)

BIG REDUCTION IS MADE IN RATES

VICTORIA, B. C., Sept. 28.—A big reduction has been made in the passenger rates to and from the orient by the Nippon Yusen Kaisha, taking effect with the sailing of the steamer Tamba Maru, which sailed from the outer wharf yesterday, and the steamer Sado Maru, now en route from Japan and expected to arrive tomorrow. The saloon passenger rate between Victoria and Seattle and Yokohama has been cut from \$175 to \$125.

MOORE-MORAN MILL TONIGHT.

PHILADELPHIA, Sept. 28.—Pat Moore, the sensational young lightweight, will be given a real test tonight when he goes against Owen Moran at the National club's show here. Moore's picked by many as the coming champion, and if he can put Moran away will have justified this belief, for Moran is considered one of the shiftest boys at his weight in the business.

TO INCORPORATE AN ORCHARDISTS' UNION

WOODLAND, Wash., Sept. 28.—The Lewis River Valley Fruit Growers' association will be incorporated soon with 10,000 capitalization, according to members today. The association is growing rapidly and arrangements are being made to place the packing and grading on a standard basis. You can sell to two people where you now sell to one if you double the force of your advertising.
