Charley Cowley, the six-year-old son of William A. Cowley, was severely injured while playing at school. He was thrown into an excavation and sustained a fracture of the right thigh.

The vote of this place last Saturday was much less than 50 per cent of the regular vote polled. Buffalo Bill's Far West was of more interest to the Central Pointers than an ordinary primary election.

Mr. and Mrs. Jim Grieve came down from Trail this week to do some shopping and to look after property interests. Mr. Grieve, who is a partner in the Central Point Globe, will probably spend the entire winter in the mountains.

The lecture of Michael J. Fanning was a disappointment to those who expected a minstrel after those who expected a minstrel after part. Mr. Fanning was full of wit and humor and kept his audience laughing for an hour and a half.

A moving picture show company has leased the local opera house and is enjoying a very fair business. Moving picture shows here have always been a failure until the present one, and we wish this one a better success.

G. W. Geffers has purchased the Mayfield property from Mrs. Pankay, in the northwest part of town, and has moved his family into same. Misses Maude and Bessie Lee have moved into the property vacated by Mr. and Mrs. Geffers, adjoining the W. C. Owen residence.

Mr. Pickard is more than pleased with the valley and hopes to return again next year and enjoy a longer stay.

Mrs. Angelina Knudzen, mother of Daniel Knudzen of this place, and a former resident of Jackson county, died in Portland at an early hour Monday morning. The remains were brought to Jacksonville for burial and the services were attended by a large number of her former friends of Jackson county.

Rogue River valley against any part of this coast for big apples and potatoes. Louie Colver, who has the Dr. Hargrave orchard in charge this year, brought down half a dozen apples the other day that measured 12 1/2 inches in circumference. "Well, Mr. Carey said, 'Louie, you have me on apples, but just you look at my spuds.'" Then Mr. Carey brought out quite a number of big tubers that tipped the scales at three pounds perfectly smooth ones, too. Have any of you fellows got a hat stretcher these men could get?

SAGE FOR DARKENING THE HAIR

There is nothing new about the idea of using sage for restoring the color of the hair. Our great-grandmothers kept their locks soft, dark and glossy by using a "sage tea." Whenever their hair fell out or took on a dull, faded or streaked appearance, they made a brew of sage leaves and applied it to their hair with wonderful beneficial effect. Nowadays we don't have to resort to the old-time, tiresome methods of gathering the herbs and making the brew. This is done by skillful chemists better than we could do it ourselves, and all we have to do is to call for the ready made product. Wyeth's Sage and Sulphur, containing sage in the proper strength, with the addition of Sulphur, another old-time scalp remedy. This preparation is sold by all first-class druggists for 50c and 1.00 a bottle, or is sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.

For sale and recommended by Leon B. Haskins.

Mr. Scott Nichol, who bought a business lot here a few days ago and is preparing to build this fall, spent the nights of Friday and Saturday here, and on Monday morning he took the stage for his home near Peyton, where his family is staying.

J. C. Moore and family and J. D. Pierce of Elk creek, passed through here Saturday on their way to Oakland and on Sunday evening they returned, with the exception of Mrs. Moore and her little daughter, and in addition to the party there was Lawrence Moore and his family on their way to Elk creek, where they expect to remain for a few days.

Miss Ida Disworth, of Peyton, who for some time has been at Grants Pass having her eyes treated, passed through here Saturday, returning to her home. She was met here by her parents who returned to their home with her.

The primary election here was

rather a tame affair as there was very little interest taken, and but very few votes polled, totalling only 43 Republicans and 11 Democrats, and quite a number who had registered did not take interest enough in the matter to go to the voting place and vote, and then there was quite a number who registered as independent, socialists, etc., who could not vote.

Mr. Harmon, one of the civil engineers of the P. & E., and the one who ran the survey over the proposed route for the wagon road down Crowfoot, spent the night here Sunday night and in conversation with him with regard to the route for the proposed road says that he found a fine grade and a very practicable route for a wagon road. The new route follows the same course that was used years ago as the only wagon road to Peyton and the country adjoining.

RUSSIAN SPIES ARE CAUGHT IN SWEDEN

STOCKHOLM, Sept. 29.—Two men, said to be Russian spies, are under arrest here after having been caught prowling around the new fortress of Boden, on the Finnish frontier. Their arrest has aroused widespread excitement throughout Sweden and Norway.

The presence of the two men at that particular place is interpreted to mean that Russia is planning to occupy a strip of seaboard on the peninsula in order to carry out her announced intention of keeping a perennially ice-free seaboard on the North Atlantic.

Officialdom affects to regard the situation lightly, but elaborate plans to guard and to prosecute the prisoners have been made.

The two supposed spies, when arrested, said they were mechanics, but their appearance and manner do not indicate that they are. They are said to have had maps and details of the fortifications in their possession when arrested. They gave their names as Molekkin and Wainlin.

NEW ORCHESTRA IN INITIAL PERFORMANCE

There was a new orchestra showed up at the Natatorium last night, which was an agreeable surprise to all who attended the Wednesday night dance. These musicians came up from San Francisco and are all artists. Medford certainly can boast of a lot of good musicians. The orchestra at the theater was unusually good last evening and to walk over to the Natatorium and hear another organization of unusual excellence makes one feel that Medford is truly the young metropolis of Oregon.

The managers of the Natatorium are to be congratulated on the entertainments they are giving the public.
