

JENNINGS SAYS CUBS ARE BEST

Manager of Three Times Champions
Picks Chance's Team to Defeat
Mack's in the World's Series of
Games.

DETROIT, Mich., Sept. 29.—Hugh Jennings, manager of the three-time champions, the Detroit Tigers, picks the Cubs to defeat Connie Mack's Athletics in the world's championship baseball series.

"Naturally, being an American league man," Jennings said today, "I should like to see the Athletics win. I know, however, that they are undertaking a difficult proposition.

"The Cubs are the greatest inside baseball machine in the game. There may be some truth in the report that Chance's men are slowing up with the added years, but, remember, these same added years are making them just that much foxier and, anyway, a foxier bunch than the Cubs never lived.

"I pick the Cubs to win because of their wonderful inside work. Evers, Tinker, Chance and Kling have no equals in this department of the game. Harry Davis is the real brains of the Athletics, but Harry alone can't be expected to tank against that quartette.

"If Philadelphia wins it will be through their pitchers. Morgan is the man who should beat the Cubs if anyone can. I hope Mack pitches him every day he can.

"No matter who wins, I anticipate the best world's series yet. The Cubs will have no cinch—they will have a fight on their hands. The games will be worth going a long way to see.

MERRICK'S NAME IS FORGED ON CHECK

Last Saturday night three checks forged with F. E. Merrick's name were passed in the city. One \$20 check was passed out in Kennedy's saloon and two 15 orders were successfully cashed at the English chop house and at Sam Dunn's Chinese restaurant.

The falsity of the signature was discovered on the presentation of the checks last Monday for payment at the Medford National bank. The supposed forger of the checks will be arrested in the immediate future, as a warrant for his arrest has been placed in the hands of B. F. Mulkey, prosecuting attorney. The police have been on the trail of the forger since noon Monday and feel reasonably sure that they have the guilty party under surveillance.

PORTLAND IS TO BE BEAUTIFIED

Municipal Architect Undertakes
Work Which Will Not Be Completed
in Lifetime of Any Person Now
Living.

PORTLAND, Or., Sept. 29.—Starting a work that will not be completed within the lifetime of any one now living, and that will be useful not 50 or 100 years from now but for all time, is the task of E. H. Bennett, municipal architect, who has undertaken the assignment of rebuilding Portland, or rather, of directing its growth in future so that the city shall follow some well established lines, looking toward a harmonious whole. The Civic Improvement league, of which Dr. J. R. Wetherbee is chairman, is in charge of the work and employs Mr. Bennett.

The project is a very big one. It takes time to comprehend the details. At first the immensity of the plan seems rather staggering. When it comes to rebuilding a city and rearranging a city and rearranging its salient features of municipal life, the undertaking seems too big for one generation to accomplish, the undertaking seems too big for one generation to accomplish, and it is. But Rome was not built in a day and it is felt a beginning should be made as soon as possible.

Briefly, the plan contemplates the grouping of certain elements into districts, with various centers of municipal activity. A manufacturing district, a civic or administrative center, a transportation center and a trade center are all provided for in the plan now under way. These are to be nuclei for activities of like character, thus making for convenience and the greater growth of the city.

CONGRESSMAN HAWLEY'S NARROW ESCAPE.

(Capital Journal.)

With an eleventh hour candidate who was hampered for ordinary campaign expenses Hawley had a narrow escape. B. F. Mulkey has nothing to be ashamed of in the run he made for the nomination in this district.

Hawley abandoned Canomism just in time to save himself from defeat, and should heed the lesson. He has no future in this district unless he plays closer to the masses of the common people.

His repudiation of State-ment No. One will be long remembered by the laborers and farmers. It will take the utmost endeavors of an united republican party to elect Hawley in November.

The iron hand of intolerance and machine politics has got to be lifted in this district. It may require his defeat to break that close corporation in which the bosses are kings and the people pawns. But the die is cast, the age of insurgency is ushered in, and the direct primary will stand.

The people must be trusted and the people will do what is right.
