Trunk Sewer is Connected With West Side System and Troubles of East Siders Are Over in this Regard—Great Delay.

At last after a year of striving and setbacks the residents of the east side have their sewer system in shape where it can be used. The main trunk line across Bear creek has been connected with the remainder of the city's system and the laterals are all in condition to be used. Connection are already being made.

BOY'S QUICK WIT SAVES FATHER'S LIFE

SPOKANE, Wash., Oct. 1.—To the quick wit of his 10-year-old son, who threw a dog into the corral and thus diverted the attention of a bull who was goring him, James Crawford, a prominent farmer of Colville, Wash., owes his life today. Crawford is in a critical condition.

When Crawford entered the corral he did not notice that a rope which held the bull had broken. He cut off escape by closing the gate and latching it.

As the animal charged, Crawford shouted for help. The next moment he was being rolled around the enclosure. His young son answered his cry for aid by throwing his pet terrier into the corral. The dog so worried the bull that it turned on the terrier. Finally the bull rushed out of the gate, which the lad had opened, and Crawford was rescued.

AN OLD-TIME PRESCRIPTION

In a modern product, from time immemorial sage and sulphur have been used for the hair and scalp. Almost everyone knows of the value of such a combination for darkening the hair and making it grow. In olden times the only way to get a hair tonic of this sort was to brew it in the home fireplace, a method which was troublesome and not always satisfactory. Nowadays almost every up-to-date druggist can supply his patrons with a ready to use product, skillfully compounded in perfectly equipped laboratories. Such a preparation is Wyeth's Sage and Sulphur, which is sold by all leading druggists for 50c and \$1.00 a bottle, or which is sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.
