

WIDE DECEDENT AMONG REGULARS

Investigation Made by Officials in Philippine in Order to Determine Why Soldiers Are Not Re-enlisting in the Service.

MANILA, Oct. 7.—Brigadier General Ramsay D. Potts, commander of the department of Luzon, today concluded an investigation of growing discontent among the enlisted men of the Philippine division of the army which has resulted in the determination of hundreds of soldiers in the casual camp not to re-enlist.

A considerable amount of dissatisfaction among the men has been brought to light by the unusually large numbers of soldiers returning to the United States upon the expiration of their enlistments in advance of their regiments.

The seventh infantry will return home in June next and the twelfth in August. At least 10 per cent of the men in these regiments have completed their three years enlistment and are returning to the United States, leaving their companies greatly depleted. Some companies have as few as twenty men each.

General Potts' investigation showed that the men are dissatisfied because of the long marches they have been forced to take under the tropical sun and because most of them have had their health undermined by drinking bad water on these journeys.

TEMPERANCE LECTURER TO BE HERE SATURDAY

Miss Mary Harris Armor will speak Sunday night at the opera house at a union meeting of the Medford churches on the subject of temperance.

The following is taken from a two column article in the Philadelphia North American of March 25, 1908, describing Mrs. Armor's last meeting in Philadelphia:

"At a mass meeting which filled the Academy of Music last night

from pit to dome, and overflowed out into Broad street, Mary Harris Armor, the Joan of Arc of the temperance movement throughout the south, bade farewell to Philadelphia and in parting raised a storm of sentiment for local option the equal of which has never been witnessed in Pennsylvania. Pleading, praying and singing, the evangel of the new crusade awakened the multitude to a pitch of enthusiasm, which not once, but a dozen times, brought the entire house to its feet.

"By and by the word was passed along that Mrs. Armor had promised to leave the meeting inside and come out to speak to the crowd on the outside; with this announcement the crowd became denser and the people packed close to the steps. Broad street resounded with cheers in her honor, and a sea of upturned faces greeted her. Broad street presented a scene during her address rarely if ever witnessed in this city. Theater goers on their way home, cab drivers, parties in automobiles, people of all descriptions, stopped for a moment out of curiosity, and ended by surrendering to the spell of the speaker's enthusiasm and reason."

NOTICE. Notice is hereby given that the undersigned will apply to the city council of the city of Medford, Oregon, at the next regular meeting thereof, to be held on October 18, 1910, for a license to sell spirituous, vinous and malt liquors for a period of six months at his place of business, at No. 22 Front street, North, in said city.

JOHN HARRINGTON. Dated October 7, 1910.

MANY MEDFORD PEOPLE AT FAIR

High School Students Leave En Masse to Attend First Football Game of Season—New Rules Are Favored.

Fully three hundred Medford people are visitors at the Grants Pass district fair today, which is Medford day. Among the visitors are a hundred high school students who left on the morning train with banners flying. Their team plays the Grants Pass high school eleven and Superintendent Collins excused for the day all who desired to go to Grants Pass.

The new football rules will be a blessing to the players as they have divided the game into quarters instead of halves. The teams have agreed to play ten minute quarters which will be long enough on the sunbaked ground of the "Granite City" this early in the season's training.

CLIMATE IDEAL HERE FOR CHICKS

So States Professor Dryden of O. A. C. in Letter to Manager Malbouef of Commercial Club—Every Natural Advantage Found.

Manager Malbouef of the Medford Commercial club is in receipt of a letter from James Dryden, professor of chicken husbandry at O. A. C., in which the professor lauds the climate and soil of the Rogue River valley from the chicken raising point of view, and urges that more enter this field of production. The letter in part reads as follows:

"I know of no place in the United States that is more favored in a climatic way for the raising of poultry than the Rogue River valley. You have no extremes of temperature, a moderate rainfall, a little snow and abundant sunshine. You have all the natural advantages of soil and climate. Poultry may be successfully kept in orchards, and there are advantages of such a combination, but you have large tracts outside of your orchard lands that are bringing in little or no revenue now, that might be devoted to poultry raising. I have in mind a farm of 120 acres, too poor for crop growing, that is producing over \$10,000 a year in poultry and eggs, and the same thing could be done on waste land in Southern Oregon that has practically no market value at the present time.

"I prepared a book for the Portland Commercial club on poultry raising in Oregon, which I believe is now being printed. In this I refer to conditions in southern Oregon, and you may get some point from it that you can use to advantage in your community."

"JOY WHEEL" LATEST THING IN "JOY RIDES"

The Natatorium is now nearing completion and in a very short time every amusement feature will be running in first class shape.

At the present time there are many attractions running and the public can be sure of a good time any evening that they see fit to visit this great amusement emporium. The promoters are busy completing the latest attraction, "the Joy wheel," the original wheel from the Seattle exposition. If you have never seen a joy wheel you should go at the first opportunity, for this is one of the greatest amusements of the age.

The swimming, bowling, pool and billiards are as fine as you could expect to find in any city.

The "Nat" theater is running every night and playing to large crowds. All the latest moving pictures and illustrated songs are here, and it is well worth the price. Children are admitted for half price—5 cents.

The "Nat" orchestra plays every night except Wednesday and Saturday, and then it will be engaged to play for the regular dances. If you wish to hear the finest orchestra that ever played in Medford, be sure to hear this one soon. Several other businesses will have their homes in this building and of those you will know later.

SENATOR LORIMER MAY BE CALLED

Investigating Committee Meets in Executive Session to Discuss advisability of Calling Senator Lorimer to the Stand.

CHICAGO, Oct. 7.—The Lorimer senatorial investigating committee met today in executive session and it was reported that they discussed the advisability of summoning Senator William Lorimer to testify regarding the alleged bribery in connection with his election to the United States senate.

Some of the members of the committee are said to have opposed such a move and there was no indication that the committee had reached a decision when the executive meeting adjourned.

State Senator Lee O'Neil Browne was on the stand today and reiterated his denial that he had bribed anyone in the interests of Lorimer or anyone else.

DUNLAP NOW TALENT'S MAYOR

Little City votes for Incorporation and Elects City Officials—Close Race for City Recordship and Other offices.

Talent, the prosperous metropolis of the Wagner valley has taken another step toward incorporation as a municipality, an election being held confirming the proceedings heretofore had, and choosing the first officers for the town. Seventy voters were cast.

The formal vote for incorporation was 46 for and 24 against.

V. A. Dunlap was elected mayor, with a total of 58 votes to his credit, the highest cast for any candidate.

For recorder there was a close contest between C. W. Sherman and G. W. Ager, Sherman winning, with 30 votes to 28 for Ager.

J. M. Manning was elected marshal with 56 votes, and G. A. Gardner treasurer with 55 votes.

The vote for aldermen was: M. Tryer, 59; A. Alford, 48; Dr. D. A. Forbes, 47; T. J. Bell, 46; J. H. Lacey, 44; C. W. Wolters, 32. The incorporation will become effective as soon as the proceedings are finally approved by the county court.

KILL THE GERMS.

That's the Only Way to Cure Dandruff and Parisian Sage Is the Only Killer.

Parisian Sage soaks into the scalp, and when it reaches the roots of the hair it not only kills every dandruff germ, but it supplies the hair with just the right kind of nourishment to put vigor and strength into it and make it grow.

Parisian Sage is the most delightful hair dressing in the world and is not sticky or greasy. Use it one week and you will never give it up.

Parisian Sage is guaranteed by Chas. Strang to stop falling hair; to cure dandruff; keep hair from falling; to stop itching of the scalp, or money back. Price 50 cents a large bottle. The girl with the Auburn hair is on every bottle.

All apples must be on display at Exhibit Building by Monday, October 10th, at 12 o'clock, and remain for one week. Competent judges will be selected to pass on the same.

THINK CZAR IS TO GRAB LAND

Recent Energy Is Ascribed to Under-standing Arrived at Between Czar and Kaiser—Every Courtesy Extended While in Germany.

ST. PETERSBURG, Oct. 7.—The hastening of reserve forces to the Swedish frontier is causing a great deal of speculation here as to the czar's intentions and the belief is general that Nicholas will grab the ice free strip of seaboard along the North Atlantic he has been yearning for.

Nicholas' recent visit to Germany is believed to have had something to do with his energy along the Swedish border. Some sort of an understanding with the German kaiser to that effect has been made.

Stories of Nicholas' reception in Germany are reaching here daily. They are to the effect that the socialists, liberals and radicals alike did their best to make his visit uncomfortable, although the kaiser and his followers extended him every courtesy.

THREE CLEWS DYNAMITERS.

(Continued from Page 1.) yesterday in Yuma after, it is alleged, he stated he could explain the dynamiting of the Times plant.

Asked to Join. Hoffman stated that he had been asked by two men to join them in the dynamiting plan. The proposition was made, he said, in a Los Angeles saloon.

The gasoline schooner Kate and its wanderings are of unusual interest to the officers, who have learned that the little craft was taken from San Pedro to San Francisco early in September. A mysterious vessel was sighted off the Venice pier late on the night of September 29 by em-

GOMPERS CALLED A MURDERER

Charles M. Post Charges Gompers With Murder in Connection With Los Angeles Times Disaster—Gompers Replies.

BATTLE CREEK, Mich., Oct. 6.—Replying to the accusations of Charles M. Post, who accused him in a local paper of being a murderer in connection with the Los Angeles Times dynamiting, President Samuel Gompers of the American Federation of Labor denounced Post at a labor meeting here last night.

"Post knows that the charges against me in connection with the Times disaster are absolutely false. The St. Louis papers published my expressions of horror. I repudiate all statements connecting labor with the fatality. Labor had nothing to do with it. Why charge labor with a crime before it is known that a crime was committed?"

ployes of the Windward hotel. It had disappeared before morning, but returned on the night of September 30.

The hotel employes attached no significance to the craft's visit until the aKte was drawn into the discus-sion of the disaster. They believe it carried a gasoline engine.

Want Times Bottled. Mayor Alexander and the city council will be petitioned by the metal trades council to put a stop to the Los Angeles Times' reiteration of the charge that union labor was responsible for the explosion that wrecked the Times building, sending a score of men to their death.

The metal trades council passed resolutions setting forth the claim that many other organizations and persons have been at open enmity with the Times and that in the absence of definite proof any one of

HUSSEY'S

These might as reasonably be held responsible for the disaster as labor. The resolution calls upon the mayor and council to enforce the American fundamental principle of assuming all persons guiltless until proven guilty.

AN UP-TO-DATE DRUGGIST

It is surprising how many old-fashioned remedies are being used, which goes to show that it is hard to improve some of our grandmothers' old, time-tried remedies. For instance, for keeping the hair dark, soft and glossy, nothing equaling our grandmothers' "sage tea" has ever been discovered. Although, by the addition of sulphur and other ingredients, this old-fashioned brew has been made more effective as a scalp tonic and color restorer. Nowadays when our hair comes out or gets faded or gray, instead of going to the garden or garret for herbs and making the "tea" ourselves, we simply go to the nearest drug store and ask for a bottle of Wyeth's Sage and Sulphur. This preparation is sold by all leading druggists for 50 cents and \$1 a bottle, or is sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of Price.

FOR RENT—Furnished rooms. 225 Riverside ave., S. 175
