and see if you do not believe that we are the best equipped of any factory in Southern Oregon for getting out your Mill Work. If You Do, Then Give Us Your Order. We employ only the Most Skilled Workmen and have the Most Modern Machinery

## \$170,000,000 FOR INLAND EMPIRE

Value of Agricultural, Forest and Mineral Products for 1910 Estimated—Big Production in Mineral and Lumber.

SPOKANE, Wash., Oct. 8.—One hundred and seventy million dollars or about \$265 per capita, is the value of the agricultural, forest and mineral products in the inland empire for 1910, according to reports compiled by A. W. Lindsay, cashier of the Fidelity National bank of Spokane, who has made a close study of the situation in this part of the northwest for 20 years. He says:

"The value of this year's wheat crop, at the lower prices, is about \$33,000,000. To this must be added the wheat carried over from last year, bringing the total up to \$38,000,000. But this is not a fair figure as the crop, principally because there has been a long season, was harvested far more cheaply than usual.

In other words the crop this year has a money value of \$41,000,000 as against \$49,000,000 last year. The crop of 1910 was valued at about \$4,000,000, but 10 per cent was held over by the farmers."

Mr. Lindsay predicts that the production of materials and lumber will be about the same as in 1909, when the value of the first named amounted to \$43,000,000, while the timber cut had an estimated value of \$19,000,000. He adds:

"It is in fruit that a big increase will be seen. The value of the crop was \$15,000,000 in 1909, and it is estimated that the yield will be from 35 to 50 per cent greater this season. This is owing to the fact that orchards planted so widely the last few years have come into bearing this season. Against this, however, must be set a lower price for apples. 91denwruolBdlt"

"On the whole, it can be readily seen that the production of wealth within the inland empire for 1910 will not fall far behind, if at all, of that of 1909. If the crops in the grain districts were not as large as formerly the difference is made up by a great fruit yield, and the result to the community is the same as last year."

## NO CROWD TO MEET TEDDY AT LYNCHBURG

LYNCHBURG, Va., Oct. 8.—Colonel Roosevelt passed through here on a private car on his speechmaking tour through the south and middle west. The former president did not leave the car and there was no crowd to greet him.

His first stop beyond here was scheduled at Bristol, where he will remain two hours. He will reach Knoxville at 3 o'clock and will visit the Tynalochian exposition.

Orders have been given to sidetrack the former president's car at Washington to enable him to visit there.

## FRENCH OFFICIAL TO VISIT HERE

Delegate of French Government to Dry Farming Congress Plans to Spend Some time in Fruit Districts of Northwest.

SPOKANE, Oct. 8.—Colonel Marcel Maleor of the Twelfth Dragons of France, stationed in Tunis, who has come to Spokane as an official delegate of the French government and the province of Algeria to the fifth dry farming congress, will visit the chief commercial fruit districts in Washington, Idaho and Oregon at the close of the convention here.

"This is truly a wonderful country," said Colonel Maleor. "My good friend, M. Jusserand, minister of France in this country, who visited various parts of the what is known to many as the Inland Empire and other districts in the northwest, told me to be sure to see the orchard districts and the wheat fields in Washington, Oregon and Idaho. I want to see everything.

I marvel at what I would see in the Yakima, Wenatchee, Walla Walla, Touchet, Columbia river and Spokane valleys; also that I would do the same in the Hood river, the Medford and other districts in Oregon. I have seen the Spokane valley, which, the growers told me, is as yet nothing as compared to the older districts in the three states. The trees are just coming into bearing.

"If what there is in the Spokane valley is nothing to what you have in other parts of the country, where orchards have been bearing for years, I must say that I never dreamed you had such a country, though I have read a great deal of the growth and progress of this Inland Empire. I am going to pass several weeks in the northwest and expect to see most of the districts."

## NOTICE OF SALE OF \$50,000 SCHOOL BONDS, DIST. NO. 49, JACKSON COUNTY, OREGON.

Bids will be received up to October 15th, 1910, at the hour of 2 o'clock p. m. of said day, by Jas. M. Cronemiller, treasurer of Jackson county, Oregon, at the office of the county treasurer, in the town of Jacksonville, Oregon, for the purchase of \$50,000.00 (fifty thousand dollars), coupon bonds of \$1000.00 denomination, to be issued by school district No. 49, of Jackson county, Oregon, payable in twenty years, ten years optional, bearing 5 per cent interest per annum. Interest payable semi-annually. Bids to be accompanied by certified check five per cent of the amount of the bid. The directors of said school district No. 49 reserve the right to reject any and all bids.

Dated this 17th day of September, 1910.  
JAS. M. CRONEMILLER,  
Treasurer of Jackson County, Oregon.

## BEAR KILLING BREAKS RECORD

More Are Seen and Slain in Foot-hills Near This City Than Ever—No Less Than 15 Are Killed During Past Two Months.

Not for several years has there been such a great number of bear stories developing in Medford as this. Nearly every hunter who has taken to the woods this season has returned with a bear hide as a trophy, while Mr. Bruin has been in evidence in the valley in a far greater degree than for some time. Thursday one was seen in the heart of Phoenix, in fact was shot by a woman and wounded, but succeeded in escaping.

The older residents of the valley state that the only way they can account for the number of bears found this year in the foothills is owing to the great forest fires which swept the country last month. These are said to have driven Bruin to the lower levels and he has not as yet given up his new found home. No less than 15 bears have been killed this season within a radius of 25 miles from Medford. James Kershaw on Antelope creek has dispatched three.
