—From the Lyrics of the Contest Editor

Here is an unheard of opportunity for all candidates and especially for those who have not done much up to this time. Even if they feel that they have no chance to win any of the other prizes, the opportunity to win one of these special offer prizes is presented equally to all.

The winners of the two special offer prizes will not be announced until after the contest has closed, and in no way affect the other prizes already offered.

Do Not Delay. Your competitors will not wait for you to rest assured, and unless you get every available subscription during the remaining days of this offer, you may be defeated by a very small margin.

The scale upon which the votes will be issued on all subscriptions, is the same as it has been during the contest. At the expiration of this offer the extra ballot will be mailed out and mailed to you, but the winner of these two special prizes will not be announced until after the close of the contest.

This is your last chance and all candidates should take advantage of it. For those who fail to get in every available subscription, in addition to the five passenger Buick automobile or one of the other valuable prizes, but three weeks remain in this good natured tug of war, and it is imperative that those who desire to win should devote all their spare time to securing of subscriptions and votes issued thereon.

Bargain Period of Contest. This will truly be the bargain period of the great up-to-date voting contest. By a little extra effort, enough votes may be secured to build up an impregnable reserve. Many candidates have given us the assurance that they are going to work hard the next three weeks.

Do not let your competitor get the subscriptions of your locality before you awake to this proposition. More votes will be issued during the next two weeks undoubtedly than in all the previous weeks put together, and why not? This special vote offer is the best inducement of it can readily see that they will lose the opportunity of the race.

Open Evenings. For the benefit of those who are not able to get to this office during business hours, the Contest Department will be open every evening until 9 o'clock.

AMBITIOUS PLAN TO PARK GROUNDS

Ladies of Greater Medford Club Will Take Active Part in Adoption of Plan for Beautifying Depot Grounds.

Medford is to have its new depot dedicated October 13, when all of the state officials will be present. Assistant Manager Boschke of the O. R. & N., accompanied by Landscape Architect Chase, spent Thursday in Medford inspecting the depot grounds. By invitation of Station Agent Rosenbaum, a committee of the Greater Medford club met the gentlemen and offered the assistance of the club in helping to beautify the grounds. The ladies were shown over the depot, which is one of the finest and largest in the state. It is finished in beautifully polished fir and the color scheme is most harmonious, soft shades of brown being used. The depot is well arranged and commodious, and will be a great credit to Medford.

A general plan has been made for the grounds, but a more comprehensive one will be finished by the time of the opening of the depot.

The ground between the new depot and the Exhibit building is to be parked, allowing for a driveway for teams and autos. Rose hedges and shrubs will border the parking. Between the depot and the Wells Fargo building there will be a gross of beds of flowers. Later on it is expected that the strip of stand running between the present site of the depot and the site it will occupy will be parked and ornamental trees and shrubs put in, making a park three blocks in length. The plans are very good, and when finished will make Medford the most attractive depot in the west.

Mr. Boschke is very much interested in Medford and says that this is the first depot he has had enough interest in to inspect before it was finished.

Mr. Chase, the landscape architect, is very much pleased with the location of the grounds and thinks it can be made most attractive. The committee were invited to meet with the officials when they come here for the opening of the depot October 15, and arrangements can then be made as to how much the ladies will do to help in the beautifying of the grounds, as Mr. Boschke said he had no authority to make any proposition to the club.

The Greater Medford club is very much interested in the beautifying of the grounds and will do all they can to assist in putting it through. As it will be a great addition to Medford and attract a great deal of attention from the traveling public, the co-operation of the entire club is needed on this and the many other improvements the club wants to make this year, and it is to be hoped all the members will assist. The club is simply a civic improvement club, interested in the progress of Medford and in doing all possible to help in that way.

The membership of the club is not as large as it should be, and so many new people have been coming in that it has been impossible to keep in touch with them all. To interest the newcomers in the club and its work, a reception will be held in the club-rooms at the Natorium Monday afternoon, October 17, when the ladies are all invited to attend. Each club member is expected to come and bring five guests. There will be a fine musical program and refreshments, and the older residents of Medford will have a chance to become acquainted with the new arrivals.

FRENCHMEN SAY THEY WERE GROSSLY INSULTED

NEW YORK, Oct. 10.—A rigid investigation of a direct insult offered three Frenchmen who arrived here on the Steamer Madonna was begun today. The men are Etienne Boyer, president of the Marselles Cement company; Jean Raubard, his son-in-law, and Joseph Ludevich Michel.

The authorities will try to ascertain just why they were taken to Ellis Island at the request of two private detectives, although they letters of introduction to President Taft, Colonel Roosevelt and others, \$30,000 in cash, and letters of credit of \$70,000 more.
