SPECIAL NOTICE
Sixty months new business to the Mail Tribune will entitle you to a special ballot of 100,000 votes. Each and every month over the sixty way may be able to secure, will entitle you to a proper proportion of another 100,000. In other words the larger number of new months, the larger your special offer ballot will be, and the better the chance your winning the automobile and \$24 in gold will be.

Saturday night at 11 o'clock the great inducement for new subscriptions will close. Just think. Three days left to hustle.

The remaining time should be filled with the greatest possible effort on the part of every candidate in the race. All subscriptions to count in this offer must be in the Mail Tribune office at that time or bear such distinguishing marks at the home postoffice as will prove that the subscriptions were mailed before the date and hour named as the closing time of the special offer.

Here is material to think about. Just figure it out for yourself on any basis in compliance with the voting rules and see if it is not worth getting into the game. A little figuring may do a whole lot of good here in an unthought-of chance for candidates who are down on the list.

During the closing days those contestants who have been getting along very well without making much of a hustle are due for the awakening. The girls who appreciate the fact that good things have to be gone after are not going to let prizes that are now headed in their direction get past them without making an effort to stop them. There is evidence here that there will be some stunts done in making the canvass that will surprise a great many.

Just a Little Urging.
Before the close of the contest a great majority of the people will come in of their own accord and cast ballots for their favorite young ladies. There will be many backward ones of this kind who need just a little urging. The contestants should go after them and try to get them to see the benefit you will derive from one of the Mail Tribune's high class prizes. The longer the period for which they subscribe the more votes you get. Do not let the days slip by and think that you will get a bunch of subscribers during the last week of the contest. Work hard now. You will have your hands full the last week anyway.

NO MORE GRAY HAIR
It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made and used a "sage tea," and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs because they are fifty, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair, and are fast following suit. The present generation has the advantage of the past in that it can get a ready to use preparation called Wyeth's Sage and Sulphur. As a scalp tonic and color restorer, this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers, and it can be bought for 50 cents and \$1 a bottle at almost any first-class drug store, or will be sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.
