HAWLEY'S OPEN LETTER.

THE utter incapacity of Congressman Hawley to grasp the real issue of the campaign and to understand the wave of popular protest that is sweeping the country against misgovernment is again portrayed in an open letter which he has just addressed to the voters of the First congressional district.

This communication consists of a bunch of platitudes and generalities that tell nothing except the egotism of the writer—the impenetrable, bombastic egotism that is the candidate's chief characteristic.

Mr. Hawley prates about the need of lower tariff. Why, then, did Mr. Hawley vote, without protest, for the infamous Payne-Aldrich tariff bill, that increases the profits of the trusts at the expense of the consumer?

Mr. Hawley says he does not favor a protective tariff on non-competitive articles. Why, then, did he vote without objection for schedule after schedule, placing high tariffs that benefited only monopolies?

Mr. Hawley states that he favors a change in the rules of the house. Why, then, did he vote times innumerable against the changes sought by the insurgents? Why was he a faithful henchman of Cannon throughout the session, opposing all changes?

Mr. Hawley says he believes in the rule of the people. Why, then, did he go into the assembly and make a speech there favoring the restoration of government to the politicians?

Mr. Hawley says that he has "no interests to serve but the public interests." Why, then, was he a faithful servant of the system, voting for their every measure, obeying their every order against the public interests?

Mr. Hawley says he favors the direct primary. Why, then, did he lend the prestige of his position to the effort to undermine it? Why is he opposed to Statement One?

Mr. Hawley asserts that if re-elected he will "continue to support effective and progressive legislation for the general good." What effective and progressive legislation did Mr. Hawley ever initiate or champion? You search the Congressional Record in vain.

Mr. Hawley brags that he has "traveled extensively over the district at my own expense to secure information as to the needs of localities." Mr. Hawley has made two trips through the district, the last purely to look after his political fences before the primary. He draws \$7500 a year and mileage and is supposed to tour the district out of it. Who did Mr. Hawley expect would pay his expenses for these trips?

Mr. Hawley meets none of the issues of the campaign. He refuses to discuss progressive policies. He fails to go on record for Statement One or against Cannonism. What he does say sounds insincere in view of his stand-pat record.

Deeds rather than words count, and Mr. Hawley's deeds belie his promises.

OLD RESIDENT DROPS DEAD ON SEVENTH STREET

George Lambert, for Twenty-five Years a Resident of Jackson County, Suddenly Dies—Coroner Notified and Will Hold Inquest This Afternoon—Was Aged 70 Years.

George Lambert, aged about 70 years, dropped dead at the corner of Main and Grape streets in front of Rardon's bakery this morning at 9:55 o'clock.

The old gentleman had been a resident of the county for more than twenty-five years and has one married daughter living near Jacksonville, Mrs. N. Mitchell.

For the past several years he has been making his home on a claim some two miles southeast of Jacksonville, where he has been developing a stone quarry, and indulging his fondness for the growing of flowers and shrubs.

He came to Medford this morning in apparently his usual state of health, and while walking down Main street was seen to stagger and then fall. By the time bystanders reached him life evidently had fled.

The body was carried to the East Side pharmacy, where restoratives were applied, but with no avail. Coroner Kellogg has been notified and will arrive this afternoon to hold the inquest.

The remains were taken charge of by Weeks & MacGowan.

MAY OVERTHROW GOVERNMENT (Continued from Page 1) office. The laborites were still barricaded. Most of them appeared to be armed and shots were fired from the windows. A scattering fire was returned by the police and soldiery, who charged and captured the men within the building.

Strike is Effective. The strike was even more effective today than yesterday. The Northern line ran a few trains, but no attempt at regular service was made. The Eastern and Western lines made a spasmodic attempt to resume traffic but failed.

Food trains, heavily guarded, started shortly after noon, but the presence of armed men on the cars did not prevent hostile demonstrations on the part of the strikers. Cloaked by the strike disorders, Apaches have been busy today and many reports of crimes have been received. Holdups, burglaries, big and little, street brawls and other minor disturbances have occurred and the police charge their occurrence to the labor trouble which has resulted in the almost total withdrawal of policemen from patrol duty.

PRESIDENT GEN. MANAGER

ONE QUESTION PARAMOUNT. MARTIAL LAW PREVAILS.

(Continued from Page 1.) divided camp of craziness on the question of whether the New York Giants are the superiors of the New York Americans. League race figures do not solve the riddle because each team finished second in its respective organization. Therefore this only solution is a series of games, the first of which began this afternoon before some 32,000 baseball bugs and lodgbugs.

The players will get 60 per cent of the gate receipts and it is estimated that 100,000 will elick past the turnstiles at the Polo Grounds at the Highlanders' park during the series. The national commission's rake off is 10 per cent. The old reliable line-ups were on the job when Empires Klem and Evans sent the teams away, while Matthewson and Meyers were at the points for the Nationals, opposed by Ford and Sweeney for the Americans.
