### EXPECTS 50,000 PEOPLE IN THIS CITY SHORTLY

L. Samuel, founder and General Manager of the Oregon Life Insurance Company Delighted With Valley—Has Watched Medford From Its Infancy.

"Within my lifetime I expect to see Medford a city of 50,000. I base this statement upon what I have learned during 40 years' residence in Oregon," states L. Samuel, founder and general manager of the Oregon Life Insurance company, who is visiting Medford. Mr. Samuel is most enthusiastic regarding the growth of the entire state, but is particularly so in regard to Portland and Medford.

"I remember my visits to the Rogue River valley when there was not Medford," states Mr. Samuel. "In those days I came down by stage and stopped in Jacksonville, as that place was the metropolis in those days. On later visits I noted the founding of Medford and its consequent growth, which was not remarkable as it has been during the past five years. Medford today is the only 'city' city outside of Portland in the state.

"When I came to Oregon I did not come in a Pullman, as they come now. I faced hardships of 1870 and I have never for an instant regretted meeting, for my sojourn in this state has always been a pleasure. Portland had 8000 people when I arrived, and I believe that when my life is closed that I will have been the 500,000 mark passed.

"The entire state is growing and developing in a way that is almost beyond belief. And in my estimation the one great asset the state has is its climate. As you probably know, the death rate in Oregon is the lowest per thousand people of any state in the Union. In addition to this, which is due largely to its matchless climate, natural resources add to its attractiveness. A young man seeking his fortune turns to Oregon as naturally as the sunflower turns to the sun when it rises.

"The death rate in Portland is 8 to every 1000 people. In San Francisco, 24 hours away, it is 20 to 1000. This tells the whole story of climate.

"Southern Oregon is a great country. It will fulfill its destiny. To our company it is especially friendly, and I think much of this section."

SAN FRANCISCO, Oct. 13.—In spite of the declarations of District Attorney Fickett that he will prevent the four round fights in San Francisco on the ground that they are as much prize fights as the long-contested arrangements are going ahead for the Hogan-La Grave fight scheduled for tomorrow night.

### ROAD TO REACH BUTTE FALLS BY NOVEMBER 5TH

Stevens on His Return to Portland From This City States That He is Pleased With Progress of Road—Excellent Progress Made On Line Down the Deschutes.

PORTLAND, Or., Oct. 13.—Extension of the Pacific & Eastern railroad to Butte Falls will be completed on November 5, and immediately thereafter train service will be opened between Medford and that point.

John F. Stevens, president of the company, returned today from an inspection of the line and gave out the information that the extension would be completed in November. Stevens said work was proceeding satisfactorily.

Excellent progress is being made with track laying on the Oregon Trunk line down the Deschutes canyon. Yesterday 8,550 feet of track was put down, which is better than expected. Track laying was begun at Clark station on the Columbia river a few days ago.

trust were handicapped by his inability to compel people to testify before him personally.

For several months the city authorities have been waging a war against certain dairy companies whose employees have been arrested and fined at various times for selling adulterated milk.

"I don't know whether Danville legislators were among the jackpotters in this case. If they were drive

them out of office. It makes no difference whether republicans or democrats are concerned or who the senator is—the man must be elected to the office honestly." Senator Beveridge of Indiana joined the Roosevelt party at Danville and was greeted cordially. Colonel Roosevelt speaks today in several Indiana towns and cities on behalf of Beveridge, who is a candidate for re-election. In his itinerary today are included, Crawfordsville, Covington, Linden, Lafayette, Colfax, Lebanon, Indianapolis, Anderson, Muncie and Richmond. In writing an ad about that furnished room you have to rent say, in a convincing way, just what you'd what it was like, "and all about it."
