

Butte Falls Items

Deputy Assessor Sterit, formerly deputy under Peter Applegate, passed through our town lately for the fall timber on his way for a hunt.

We are all glad to hear that Robert G. Smith will make the race for congress, and if he makes an earnest canvass of the district, he will win as "Trimmers" and stand-patters, and Assemblyites are not in good grace with the voters of the present day.

C. E. Powers is being kept busy constructing homes for our people and reports that quite a number of houses are to be built.

D. H. Miller, who has been confined to his home for some time with a very painful eruption on his right leg, due to a former attack of typhoid fever, is now much better and is able to attend school.

Mrs. John Obenchain made a hurried visit to her home lately, but immediately returned to Medford to nurse her daughter, Mrs. Yorr, who has been sick for several weeks, but is now improving.

Several of the town boys are out in the woods cutting a supply of wood for the needs of the town this winter.

The Iowa company has hauled a large quantity of slab wood near Edsall's preparatory to ship the same to Medford for fuel, when the railroad is through, which will not be very long.

John Bellinger, Republican candidate for sheriff, has been here interviewing the voters in the interest of his candidacy, and says that he is likely to be elected the next sheriff of the county as he is receiving much encouragement around. If he beats Wilbur he will have achieved a great victory as Mr. Jones is very popular and one of the Jackson county boys who has grown up under the eyes of the people.

Rev. Jones is arranging to have built a "Manse" for his family use as he is permanently located here, and thinks that a minister should have a home among his people to do the most good.

It is said that there is a case of "hog" stealing around this section, and the owners of the swine, are about to take steps to bring the parties to punishment.

"Shorty" Miles, with another person drove up Friday night in his car

and after providing themselves with some necessities, continued on during the night to the hills bent on a hunting expedition.

A party of drummers from the valley were interviewing our merchants on Friday evening and succeeded in booking several orders.

It seems that if the defeated party chiefly interested in the incorporation of Butte Falls, are not satisfied with the result of the late election, and threaten to try again, but they will find the people more determined than ever to thwart a purpose, the object of which is well understood and the calamity of which, should it be incorporated, will not be overcome for years, to say nothing of the effects in the growth of the town, and the introduction of influences making for the worst. If we do not want a mortgage on every little home and a general bitterness of feeling in the community and a constant wrangling among the people, this question of an untimely act will be buried.

Mr. Harnish brought in a large load of freight for our merchants, on Saturday, but it will not be long that we will have to haul freight by team, as we can now send our freight over the railroad as far as Cameron and haul from that point a distance of only six miles.

The mill, owing to the lack of logs in the pond, has closed down for a short season, but will soon resume, as it has large contracts for the railroad which must be gotten out on the right of way.

We are enjoying most delightful fall weather and the woods are taking on their variegated hues, presenting a most attractive sight.

REMAINS OF DECEASED ENGINEER ARRIVE

Walter Gardner, the Pacific & Eastern engineer, who was injured in a wreck on the line some six weeks ago, died at a hospital in Portland Tuesday and his remains arrived last Thursday afternoon.

Mr. Gardner sustained internal injuries at the time of the accident and later was removed to Portland for treatment. He was compelled to undergo an operation and in his weakened condition was unable to survive the shock. The direct cause of death is given as bronchial pneumonia.

UNCLE SAM COINS CHRISTMAS MONEY

WASHINGTON, Oct. 14.—Uncle Sam as a supply for Santa Clause has switched from gold pieces to stamps. Up to this year the governments have coined large quantities of two-and-a-half dollar pieces, which were known among the treasury officials as Christmas money.

It was decided this year to discontinue the coinage of the gold pieces, and now Uncle Sam has placed an order for a large quantity of bright new yellow postal saving stamps.

These, together with a postal card upon which they are to be placed, represents a deposit in Uncle Sam's Postal Saving bank. In order to stimulate savings among the youngsters of Yankee Land, Uncle Sam has gone to a great expense to furnish a very attractive stamp. It is expected that here will be a great demand for these at Christmas time.

The card on which the stamps are pasted will cost ten cents, and will be in fact a "bank book". It represents the initial deposit of ten cents. This may be exchanged for a dollar certificate.

With the use of the stamp for Christmas presents, will arise the question as to whether the postmaster may be required of lawfully to do a "mail order business", for the postal saving bank system, as they will be only installed in only one or two offices in a state this year.

This question has not been decided as yet by the officials. They are of the opinion, however, that if the mail order for postal saving stamps do not reach a very big amount for any one office, it will be allowed for a postmaster to fill mail orders until more postal saving depositories are established. Generally speaking, however, the postal saving system is not to be a mail order institution, and each man is to be required to deposit his money in his own town in order to keep the depositors within the required limit of one hundred dollars a month for postal deposits.

He was a brother of Mrs. W. T. Andrews of this city and leaves a wife and three children.

He was a member of the Woodmen and the Redmen and the funeral will be conducted, under their auspices.

Haskins for Health.

POLITICAL CARDS.

For County Recorder.
I am the republican nominee for the office of county recorder for Jackson county. Election November 8, 1910. FRED L. COLVIG

For Sheriff
WILBUR A. JONES
Candidate for re-election.

For State Senator
R. P. NEIL
Democratic Nominee for State Senator from Jackson County.
Stands for Statement No. 1.

WHY NOT GET RID OF CATARRH?

Here are some symptoms of catarrh; if you have them, get rid of them while there is yet time:

Is your throat raw?
Do you sneeze often?
Is your breath foul?
Are your eyes watery?
Do you take cold easily?
Is your nose stopped up?
Do you have to spit often?
Do crusts form in your nose?
Are you losing your sense of smell?
Do you blow your nose a great deal?

Does your mouth taste bad mornings?

Do you have to clear your throat on rising, or have a discharge from the nose?

Does mucus drop in back of the throat?

Have you ringing noises in the ears?

HYOMEI (pronounce it High-ome) is guaranteed to cure catarrh, asthma, coughs, colds, sore throat, bronchitis, asthma and croup, or money back. Just breathe it in. Complete outfit, including hard rubber inhaler, \$1.00. Chas. Straag and druggists everywhere sell HYOMEI. If you already own an inhaler, you can buy an extra bottle of HYOMEI for only 50 cents. Remember that.

QUAIL SEASON OPENS SATURDAY OCTOBER 15

The open season for quail commences Saturday, October 15, and on that day there will be a general exodus of hunters—both real and alleged—for the quail hunting grounds.

While the birds are reported as very plentiful, the trespass signs which encompass nearly every good hunting ground will result in making the boys short, unless the hunt-

Cottolene

The way to healthful cooking is to start right—with Cottolene.

Cottolene-cooked food agrees with one because Cottolene contains not an ounce of hog fat—it is a vegetable instead of an animal product. Its wholesomeness and purity are vouched for by Nature. Cottolene is "the fat from the flower."

All the country's best cooks—Mrs. Mary J. Lincoln, Mrs. Sarah Tyson Rorer, Mrs. Helen Armstrong, Marion Harland, Lida Ames Willis, and a dozen others of national reputation—recommended Cottolene in preference to lard or any other medium for frying and shortening.

Isn't the testimony of such experts worth something to you?

Order a pail of Cottolene from your grocer to-day and learn why it "shortens your food—lengthens your life."

THE ESSENTIALS

of an Orchard Platting Proposition for a home or an Investment are

Good Soil, Good Location And a Price WHICH GIVES THE OTHER FELLOWS AN OPPORTUNITY TO MAKE A PROFIT

We have a 200-acre tract between Talent and Ashland, located on the main road, with about 75 acres planted to pears with peach fillers. Stock and machinery go with the place. The price per acre is about half what others are asking for similar tracts, and we can make very easy terms. If you want a platting proposition you should not overlook this. It is priced low for a quick turn. If interested let us show you this property.
