

"NOT TRYING" SAY PHILLIES

But Fans Are Not So Confident Now That Their Team Will Win World Championship—All Stars Playing Splendid Ball.

PHILADELPHIA, Oct. 15.—The champion Athletics still insist that they are not "trying" in their games with the All-Star aggregation of American league players that is conditioning the Philadelphia team for the coming world's series with the Chicago Cubs.

The Athletics have not won a game from the All-Stars, who have taken four straight from the American league champions.

Manager Jimmy McAleer of the All-Stars said today that the All-Stars is the best team living and offered to bet \$10,000 that they could beat the Cubs in a series of five games.

The poor showing of the Athletics with the All-Stars has had its effect on the Philadelphia fans, and they are not so confident that the world's championship will rest with the American league team as they were a week ago.

The weakness of the Athletics is causing the fans the greatest worry. Mack's men have shown up woefully poor against the All-Star pitchers, and the fans are wondering if Coombs, Plank and Bender can hold the Cubs down to as poor a showing.

The baseball bugs here fear the Cubs will play a bunting game, at which they are masters.

The advance sale of seats for the four games up to last night is the largest ever recorded for corresponding games in a world's series. The Philadelphia team will leave tonight for the country, returning Monday.

ADMIRAL COMING.

TOKIO, Oct. 15.—Admiral Kazunori left here today for San Francisco.

HANDS HUSBAND \$200 AND LEAVES

Woman Offers Reward of \$200 to Man Who Will Marry Her—Then She Gets on Steamer and Leaves to Get Fortune.

WASHINGTON, Oct. 15.—Miss Eugenia Adams, who advertised a reward of \$200 for the man who would marry her within a week so that she could obey the terms of her grandfather's will and claim his estate in Germany, was married today to Horace E. Brown, a building wrecker.

When the ceremony was concluded the bride dug down in her purse and took out two crisp \$100 notes.

"I am much obliged to you," she said to her husband. "Good-bye."

And without another word she walked out of the court room.

"Good-bye and good luck to you!" replied Brown.

Brown glanced from his disappearing bride to the bills in his hand.

"Darned nice girl; kinda hate to see her go," he muttered laconically. "But it was a bargain and I'll stick to it. If she ever wants to come back, darn it, I'll take her, too. If she don't, I won't bother her."

The bride left at once for Philadelphia, where she will sail on the first boat for Germany to claim her estate.

Brown went back to his job.

NOTED JAPANESE DEAD.

TOKIO, Oct. 15.—Takenosuke Samejima, one of the best known fighters in the Japanese navy, died here today, aged 67. Samejima was once a member of the house of peers and later chief secretary to the cabinet and auditor of the bank of Japan.

OVERALL WILL PITCH MONDAY

Manager Chance Chooses Big Coast Twirler to Open Series for Chicago—Brown Will Pitch the Second Game for Cubs.

CHICAGO, Oct. 15.—Orval Overall, the Chicago's giant pitcher, today was selected by Manager Frank Chance as the twirler who will work in the opening game of the world's series with the Philadelphia Athletics at Philadelphia Monday. Mordecai Brown will pitch the second and Reulbach or Pfeister the third. Ritchie will act as relief pitcher.

The Cubs were scheduled to play the final game with St. Louis here this afternoon. Accompanied by hundreds of fans, the team will leave for Philadelphia on a special train at 7:30 tonight.

Chance's announcement of his pitchers is considered significant, in that it shows he intends taking no chances with his youngsters. During the world's series, Chance said today, McIntyre, Cole, Foxen and Pfeiffer will warm the bench.

Jim O'Leary, a Chicago sporting man, is offering odds of 7 to 19 to Cub backers and 6 to 5 to Athletic bettors. The largest bet yet recorded is \$1200 on the Cubs.

JAPAN LAUNCHES

GREAT WARSHIP

TOKIO, Oct. 15.—The Kawathi, 20,800 tons, Japan's largest battleship was successfully launched today at Yokoseka in spite of a heavy storm that prevailed. The mikado and a large number of prominent officials attended the launching.

The Kawathi was built along the lines designed to eliminate faults discovered in the battleships engaged in the Russo-Japanese war.
