

TWO WEEKS MORE AND CONTEST ENDS

Only Two Weeks More and the Most Gigantic Voting Contest Ever Conducted in Southern Oregon Will Close—Just Fourteen More Days for the Different Candidates to Hustle the Votes.

After today the contest will have 13 more days to run. At 12 o'clock on Saturday evening October 29, the good-natured tug-of-war will be at an end. Candidates in every district are doing their best to secure votes the last few days, and many surprises are in store for those now in the first place. Promises to subscribe for the Mail Tribune at a later date will be no good after that date.

Those who are in the lead should look after their laurels, for there are many young women who are not in the initial position who will make very good records on the closing days. It is then that the reserves of which have been hoarded so carefully during the past weeks, will be very much in evidence. Candidates should make the most of every minute from now on, as the race has started down to the telling pull of the last few days.

But 14 more days remain in this great contest. Not very many when you come to count them, is it? Well, that means a little hard work for every contestant in the race, especially those who intend to make a showing on the last day, Saturday, October 29.

The vote of yesterday was one of the largest cast on a single day since the contest started. Almost all the contestants were heard from and some voted thousands of ballots. This has caused great changes to take place in the standing of the contestants and a glance at the list will show the interest that is being taken by almost all of the contestants.

Some of the candidates think it is a good plan to be in the lead at this stage of the game and are drawing heavily on their reserve to get there. Voters go out daily to people who are not interested directly in the contest and they generally cast their ballots for the candidates who stand well in their district. A reserve is a good thing to have, but the leadership is also a worthy ambition and voters cast from day to day are not lost by any means, as they all count in the final "show-down" on your part.

Do not wait for others to get the votes, but start today and make up for any time you may have lost waiting for others to vote for you.

These beautiful prizes are surely worth a strenuous effort on your part. The girl who is wise enough to realize that a new subscriber will bring her just twice as many votes as an old one is the one who will stand a far better chance of winning these beautiful prizes at the close of the contest.

Any number of girls tell the contest manager they do not care for the first or second prizes, but what they are in the contest for is to win one of the scholarships. It is very commendable for any young lady to want to seek a business education, but her friends should lend their assistance by paying their arrears or in advance for the paper and give her the votes to which they are entitled.

Open Evenings.
For the benefit of those who are not able to get to this office during business hours the contest department will be open every evening until 9 o'clock.

Will Help You to Win!

DEAR CANDIDATE:
Your last chance to get extra votes.

The management of the Mail Tribune has decided to make one more FINAL SPECIAL OFFER for NEW SUBSCRIBERS. This is positively the LAST CHANCE during this contest to get extra votes.

For one week, six days, the Mail Tribune will give to every contestant 100,000 EXTRA VOTES for every ten NEW subscribers turned into the Mail Tribune office between Monday morning, October 17, and Saturday evening, October 22, 1910. The new subscribers to count on this offer must be people who are not subscribers now getting the Daily Mail Tribune.

The only restriction on this offer is that the ten new subscriptions must average three months each. For example, if you turn in eight new one month subscriptions and two new one year subscriptions you will be entitled to the 100,000 EXTRA VOTES. Or if you turn in ten NEW three months subscriptions to the Daily Mail Tribune you will be entitled to the 100,000 EXTRA VOTES! This offer is for NEW SUBSCRIPTIONS TO THE DAILY MAIL TRIBUNE ONLY.

You surely know ten friends who are not taking the Mail Tribune, and who would willingly take it for three months each. This is positively the most liberal vote giving offer of the contest—this is opportunity week. Subscribers to the Weekly Mail Tribune and changing to the Daily will count in this offer.

This is the last BONUS OFFER of the contest and it will pay you to take advantage of it to the fullest extent.

All old subscribers of the Weekly paying their arrearages, changing to the DAILY, will be considered new subscribers and ballots issued accordingly.

This is an opportunity to obtain a great many extra votes by a little effort. The subscriptions should not be held back until the last day, but turned in as secured.

An accurate account will be kept by the Contest Manager of all subscriptions turned in during this offer and the EXTRA BALLOT will mailed to the contestants after this offer closes.

IRRIGATED ORCHARDS

PLANTED TO STANDARD VARIETIES OF TREES
PLOWED, LEVELED AND FENCED

\$350 Per Acre
20 PER CENT CASH. BALANCE COVERING PERIOD OF FOUR YEARS.

The variety of trees in your orchard is of vast importance. When your orchard is in bearing it should produce marketable fruit, the kind that is in demand in the market and the kind for which this district is famous.

TRANSPORTATION

Nothing is more important to the grower than convenient transportation. This feature of our proposition is one of its attractions. The Hill System has built its P. & E. R. R. directly through the center of our lands and exactly in the middle of our orchard tracts the company will build a station, giving prompt and adequate service to the growers, both for shipment and for passenger traffic. The Station will be seven miles north of the S. P. R. R. Station on Main St. in Medford, and will be known as Roguelands. It will give the growers of this locality every convenience enjoyed by the growers of the older districts.

OUR LARGE AREA

We have 6500 acres of orchard land, which includes nearly every kind of soil represented in the valley, and every acre of this land carries with it a perpetual water right in the Rogue River Valley Canal Company.

OUR PAYMENT PLAN

Our small payment plan covering more than sufficient time for the development of your orchard, which provides for the care and development of orchard tracts, should interest every salaried man. If you will call at our office or write to us, we will take pleasure in giving you full information relative to this attractive proposition.
