ATTEMPTED DYNAMITING IN ASHLAND

Woman Charged with Putting Dynamite in Fire Wood in Order to Kill Sister-in-Law—Hearing This Afternoon Before Captain Eggleston.—Woman Arrested.

ASHLAND, Ore., Oct. 17.—Emma Stone Dorman, a married woman about 35 years of age, is lodged in the city jail on a charge of attempting to kill her sister-in-law, Mrs. Lena Truitt, by the use of dynamite cartridges or caps and rifle cartridges secreted in holes bored in the wood used in Mrs. Truitt's stove and which had been placed conveniently in the family wood house for Mrs. Truitt's use.

It is claimed that the state has evidence to show that the woman purchased the cartridges at the hardware store of Provost Bros. and that other testimony may be produced going to show that she charged the wood with the explosives with the intent to blow up the house and destroy her enemy, Mrs. Truitt.

It appears that Mrs. Dorman came to this city a few months ago from the east, that she became engaged to a man who has since moved to California and meanwhile a brother of Mrs. Truitt, Mr. Dorman, came upon the scene. A friendship quickly grew up between him and the then Miss Stone, which soon warmed into a love affair. The California man was discarded and Dorman and Miss Stone were married, not happily, however, because the husband moved back across the street to his sister's home within a few weeks.

Mrs. Dorman, it is claimed, was of the opinion that the troubles which separated her from her husband were incited or prompted by Mrs. Truitt.

BOWERMAN TAKES ONE MORE FLOP?

That is Question Raised in Ashland Today Following Visit of Candidate to that City—Strenuous campaign is Planned in Jackson County—Has He Promised Support?

ASHLAND, Ore., Oct. 17.—Has Jay Bowerman, assembly candidate for governor and killer of the Ashland normal, taken another flop and after his long and successful opposition to normal schools, secretly come out as their champion in order to get the votes? This is the question that is being asked around Ashland.

Mr. Bowerman spent Saturday and Sunday here in attendance at the dedication of the Elks' Temple and in consultation with local politicians. While here he wore a tag labeled "Southern Oregon State Normal school. Plug and vote for \$40-X. Yes. It will cost you 4 cents on \$1000 valuation—price of two postage stamps."

But Little Support. A strenuous campaign is being planned in Bowerman's behalf. Arguments being used are that if Bowerman is elected governor, unless he is given a fair vote here, Ashland or the Ashland normal can expect only bitter opposition from the executive, whereas if given a fair vote consideration will be received. It is being whispered about that Bowerman has secretly promised to cease his opposition to the Ashland normal and can henceforth be counted upon as a friend, though no public statement to this effect has or will be made, as it would injure the candidate's chances in other sections where his opposition to normal schools is one of his sources of political strength.

Gets in Argument. Mr. Bowerman had several heated

FATHER PENN IS CERTAINLY SOME EXCITED TODAY

Philadelphia Athletics Going Up Against Chicago Cubs for Baseball Championship of the World—Staid Old Village is Excited

PHILADELPHIA, Oct. 17.—Father Penn is far from a sober gentleman today. His Quaker hat is tilted to one side, his spectacles hanging on one ear, his wig awry, and his general appearance resembling extreme perturbation.

And well he may look this way. For his pet Athletics are to begin battle today with the terrible Cubs from Chicago for the baseball supremacy of the entire mundane sphere and the inter-stellar spaces, which is generally considered to be "going some" for such a staid and proper village.

Thousands of Fans. Shibe park was the center of the baseball world today and the very heart of Philadelphia and it was to this great playground that the tens of thousands poured in a mad rush to lend their moral support and vocal chords to the all important object of returning Mack's men a winner today in the first game of the mo-

FINAL SCORE: Teams Chicago Philadelphia

PHILADELPHIA, Oct. 17.—Reversing the judgment of scores of baseball critics all over the country, the Philadelphia Athletics won from the Chicago Nationals by a clever all-around exhibition of the national game by a score of 4 to 1.

The Athletics outbatted the Cubs, and although Kling nipped several runners, the Cub catcher was by no means invincible, and the Athletics were faster on the paths than their opponents.

Bender was in superb form, and had the Cubs grounding or skying. He let down slightly in the ninth when two of Chicago's three hits were made, after errors had spoiled a perfect record for the Athletics.

The lineup announced shortly before the game was: Philadelphia—Strunk c f, Lord 1-f, Collins 2b, Baker 3b, Davis 1b, Murphy r f, Barry ss, Thomas c, Bender p. Chicago—Scheckard 1f, Shulte rf, Hoffman cf, Chance 1b, Zimmerman 2b, Steinfeldt 3b, Tinker ss, Kling c, Overall p.

NO ISSUE OF PAPER TUESDAY

Power Plant at Gold Ray Will Be Shut Down for First Time in Six Years—As There Will Be No Power It Will Be Impossible to Get Out a Paper.

There will be no issue of the Mail Tribune on Tuesday owing to the fact that the power plant at Gold Ray for the first time in years will be shut down. As power is absolutely necessary to operate a newspaper plant, there can be no issue.

The power has been very weak during the past few days, owing to the fact that a small amount of machinery is being used temporarily in the plant to do the work of the entire plant. When the new machinery is installed there will be plenty of power for all comers.

The machinery which is being installed is to go in place under 22 feet of water. In order that this work may be accomplished the water must all be turned out of the power house.

It is expected that by 3 o'clock Tuesday afternoon the machinery will be in place and the work under way again.

So, do not look for your issue of the Mail Tribune Tuesday evening.

PARIS VIRTUALLY UNDER MARTIAL LAW FOLLOWING BOMB OUTRAGES

Strikers Grow Desperate Following Refusal of Premier Briand to Allow Demonstration by Strikers in Public Square.

PARIS, Oct. 17.—Paris virtually is under martial law today following bomb outrages believed to have resulted from a refusal by Premier Briand to allow a demonstration of strikers in the Bois de Vincennes. One bomb partially wrecked the home of M. Massard, director of La Patrie, a newspaper opposing the strike. The explosion also damaged the home of Madame Sarah Bernhardt, which adjoins that of Massard. By a coincidence no one was injured in the explosion.

A second bomb was fired in the Terens quarter and one man was injured. On Massard's door was hung a card reading: "This is the strikers' first warning."

The police have arrested 120 anarchists on suspicion of having plotted the outrages.

Papke Ketchel's Successor?

CHICAGO, Oct. 17.—To just whom the title of middleweight champion of the world, made ownerless by the death of Stanley Ketchel, will fall is a matter of much speculation, but of all the contenders in the 158-pound division Billy Papke appears to have the call, by Chicago sports at least.

WILL PASS SIX MILLION MARK

Without including railroad property the assessed valuation of Medford this year is \$5,787,112, according to the county assessor's rolls. The railroad valuation will bring this amount to over \$6,000,000 as there are four miles of track and road bed which is assessed at \$38,000 a mile and the depot and depot grounds. Including the valuation of the road bed the valuation is \$5,787,112. To this must be added the valuation of the depot and depot grounds.

The assessed valuation last year of the city was \$2,407,394 so that the valuation has more than doubled. The assessed valuation of Ashland this year is \$2,717,438; Gold Hill, \$138,610; Ventral Point, \$345,995. The county board of equalization met Monday at Jacksonville to adjust the assessments made by assessor

KUHN MARVELS AT CITY AND VALLEY

Otto Kuhn of the firm of Kuhn, Loeb & Co., of New York, who visited Medford Sunday expressed himself as very much delighted with what he saw of the city and valley.

His words of praise were echoed by every member of his party.

Mr. Kuhn and his party were shown a portion of the valley by local business men.

Grieve this year. In accordance with the charter of the city which provides for an advisory board to look after the proper adjustment of the city assessments. Mayor Canon has appointed L. G. Pryter and E. J. Runyard as such a board. This committee will be over the entire assessment of the city and equalize the valuations as nearly as possible—or rather recommend such equalizations.

TACOMA WILL TAKE A CENSUS

Business Men Start Movement to Recount Census—Great Indignation Caused by News From Washington that Returns Were Padded.

TACOMA, Wash., Oct. 17.—Following the announcement of the director of the census that Tacoma's census count was padded with more than 30,000 fake names, the leading business men today started a movement for a complete recount of the census.

Great indignation was caused by the news from Washington of the action of Director Durand in charging that thousands of fictitious names had been found in Tacoma's census returns.

Champion Johnson Weeps.

NEW YORK, Oct. 17.—Champion Jack Johnson shed large tears today in discussing the passing of Stanley Ketchel. Real salty crystals poured down his shiny cheeks and if Johnson harbored any ill feeling toward the middleweight champion, as it was rumored he did at the time of the meeting of the pair in San Francisco, he appeared to have forgotten it.

"Too bad about Ketchel, too bad, too bad," Johnson blubbered. "He was a greater fighter—a great fighter. Stanley was a real fighter—he fought, he didn't box. There are few like him these days. Poor Stanley, poor boy."

Estimated that Balloon Has Traveled 700 Miles Already, Which is Record Flight for Dirigible—Crew of Airship Praised for Its Nerve.

SIACONSET, Mass., Oct. 17.—The Wellman dirigible America has been out of touch of the wireless stations and passing ships for many hours and it is believed that the aeroplanes are continuing steadily northward toward the Irish coast.

The last report was that the weather was ideal and that the airship was able to conserve its store of gasoline.

The speed at which the America sailed was reported at 20 knots an hour.

The last word from Jack Erwin, the dirigible's wireless operator, was "good-bye" at noon yesterday.

Atlantic liners are expected to intercept and relay messages from the America.

It is estimated that the balloon has traveled 700 miles already, which is a record flight for a dirigible. The reason, it is believed, that Wellman sent a wireless message yesterday saying that the "outlook was not so favorable" was that the dragging cable had snapped.

The crew of the airship is highly praised by experts here because of their grit in undertaking to go on in spite of a heavy fog. It is feared that a storm reported last night off Sable island may have struck the airship.

You "pay" for neglecting to read classified advertisements—and sometimes you pay a big price. Maybe it's in the guise of too much "ent"—or of too small wages. Inevitably, you "pay."
