**TOO LATE TO CLASSIFY.**  
 \*\*\*\*\*  
**FOR SALE**—Los Molinos irrigated lands; a 20 acre tract of this rich land, with abundant water supply will make you independent; consider these essentials: A charming California valley, "just over the mountains from Medford;" an abundant water supply, never failing; dark, loamy soil, 15 to 30 feet in depth; perfect drainage, climatic conditions ideal; cheap transportation by water, rail and electric line; cash markets and highest prices for everything produced; good schools; diversity of crops; every kind of fruits you can mention; citrus as well as deciduous; two crops of most all kinds of garden truck and berries can be grown here; and alfalfa, this is its natural home, cut six times per year and yields from 10 to 12 tons per acre. It is impossible to find a region where the returns are more generous. These lands sell, with perpetual water rights included, for \$150 to \$200 per acre, 1-5 cash and balance in four equal annual payments. Call at the office and let me explain the project in detail, or write for free booklet and literature. Samples of cotton, tobacco, and pomgranates grown on these

lands on exhibition at the office. Frank G. Andrews, No. 6 South First street Medford, Ore., Resident agent, Los Molinos Land Co., Tehama Co., California. 178\*

**YOUNG MAN, WELL KNOWN HERE, DIES IN CANADA**  
 Walter R. Pittenger, who spent several months here in the spring of this year, died at Wolf Creek, Alberta, Canada, October 12, 1910, according to advices received today by friends. Mr. Pittenger came here from Southern California and spent some months visiting with Harry H. Hicks of the Mail Tribune.  
**Notice.**  
 Notice is hereby given that the undersigned will apply at the next regular meeting of the city council of the city of Medford, Oregon for a license to sell malt, spirituous and vinous liquors in less quantities than a gallon, at their place of business located at lots 9 and 10, block 21,

original townsite in said city for a period of six months.  
 M. AND E. J. ADAMS.  
 Dated at Medford, Oregon, October 20th, 1910.  
**TRIMS HIS FRIENDS.**  
 (Continued from Page 1.)  
 of the work gang commenced to compare notes and soon there were swear words in foreign tongues splitting the atmosphere, which caused even some of the veteran mule skinner to gasp for breath.  
 In the meantime George had cashed the thirteen checks amounting to some \$800 and disappeared. He is reported to have been seen at different points along the line, but no definite trace has been found.  
 He is described as being about 5 feet, 6 inches in height; weight about 135 pounds, and very dark complexion. When talking or laughing his upper lip rolls back, exhibiting the gums and teeth.  
 One of the Greek colony here said this morning:  
 "We'll get him. Maybe one year, maybe two, but we find him after-while."  
**PHILADELPHIA WINS.**  
 (Continued from Page 1.)  
 game at Philadelphia on Tuesday, but he steadied after the third in-

ning, after three hits had been made off him and allowed no further scoring until the eighth, when his wild pitch let in two more Cubs. He more than atoned, however, with three healthy swats.  
 The game was played in a heavy rain and for a time it looked as though the game would be called before the necessary five innings had elapsed.  
 The world's series now stands: Philadelphia, 3; Chicago, 0.  
 In spite of the rain the attendance was over 20,000.  
 Before the game the Athletics and Cubs came in for ovations from the crowd. Johnny Evers, still on crutches, watched the defeat of his teammates from a press box.  
**COMMITTEE DISCHARGED.**  
 (Continued on Page 5.)  
 have received a vote of thanks.  
 At the city election two years ago Mayor Canon named the old light and water committee as a special water committee to complete the gravity water system. This has just been done. The system throughout was under the direct supervision of the committee.  
**Thank Engineer Roberts.**  
 The council at its meeting also passed a resolution thanking Engi-

neer Roberts for his labors on the city's behalf. The resolution follows:  
 Be it resolved by the city council of the city of Medford, That the council hereby expresses its appreciation of the faithful and efficient services rendered to the city by Consulting Engineer W. J. Roberts, in laying out, planning and directing the construction of the city's gravity water system.  
 The completed system has proven itself in operation to equal every requirement and to surpass the estimates made by the engineer, and it is a matter for congratulation to every resident of this community that the city was fortunate enough to secure the services of an engineer possessing the technical knowledge, skill and fidelity of Mr. Roberts.  
**Vincent & Baker, Too.**  
 The council also passed a resolution thanking Vincent & Baker, contractors, saying:  
 Be it resolved by the city council of the city of Medford, that it is the unanimous sense of the council that in addition to the payment which Vincent & Baker have recently received of the balance of the contract price for the construction of the gravity water system of this city, there is due them the thanks and congratulations of the council for the faithful, skillful and successful manner in which they have car-

ried out and completed their contract.  
**Routine Business.**  
 The city council transacted considerable routine business as follows:  
 Street and road committee was authorized to macadamize a portion of the road beyond the pavement on West Main.  
 The water committee was instructed to repair the city's bridge across Little Butte creek.  
 John Harrington was granted a saloon license.  
 Bise & Foss were given a contract to build sidewalks for the city. Their bid was 11 1-2 cents a square foot and 46 cents per cubic yard for excavations.  
 Sidewalks were ordered in on East Main, Riverside and West Jackson.  
 The issuance of \$34,500 improvement bonds was authorized.  
 The alley between the Nash hotel and the First National bank was vacated.
