

NORTH MAY SOON LOSE HIS HEAD

Commissioner of Immigration at San Francisco May Be Dismissed as Result of Influx of Hindus—Senator Perkins Involved.

SAN FRANCISCO, Oct. 21.—That Hart H. North, commissioner of immigration at San Francisco, is about to lose his head officially, is reported today in private messages. According to reports Commissioner of Immigration Keefe will recommend to Secretary Nagel that North be dismissed from the service as a result of Keefe's investigation of a controversy between North and F. H. Ainsworth, North's assistant, over the admittance of Hindus into this port.

The allegations on which the prospective retirement of North will be based is a charge that United States Senator George C. Perkins and R. P. Schwerin, president of the Pacific Mail Steamship company, were persons who exerted influence over North detrimental to a fair administration of the commissioner's duty.

It will also be charged, according to those who know, that former Judge Clift of Oakland, once North's law partner, handled many Hindu cases and that Clift and North attempted to start a great tide of Hindu immigration toward the United States.

The investigation resolved itself into a bitter fight between North and Ainsworth. The intimation is that North will go and Ainsworth will hold his position.

NO BALL GAMES TODAY.

(Continued from Page 1.)

are off to Connie's rare judgment.

A re-organization of the Cubs, following the expected fourth defeat, is a general prediction here. Several of the old standbys of the Cub machine will be disposed of and the Chicago Nationals next year will have an infusion of new young blood. Many even predict that if, by some miracle, the Cubs win from the Athletics finally, changes in the team next year will be made.

Phillies Ticked.

Meanwhile, the Athletics have broad and bland smiles adorning their frontpieces. Their share of yesterday's receipts amounted to \$20,000. If they pull down \$15,000 today or whenever the game is played, the winners will divide at least \$44,000. This is almost \$2,000 for each player. Here are a few crystalline comments on yesterday's Cub faux pas:

Hugh Fullerton: "The Cubs looked like a stale, worn-out organization, pitted against a brilliant team with a dashing attack. Their fight and courage apparently oozed out."

Fleider Jones: "The offensive and defensive playing of the Athletics was far superior to that of the Cubs."

Charley Comiskey: "The Cubs are done for. It was the worst defeat I ever saw the Cubs take."

Joe Tinker—"Our pitchers failed us. That is all there is to it."

Ty Cobb—"Bender and Coombs have won the series. The Athletics are the world's champions."

Cap Anson: "It was a perfect slaughter. The Cubs were out-hit, out-fielded and out-generated."

Pitching Records.

SENATOR ALDRICH INJURED.

(Continued from Page 1.)

hap. No person was found who saw an attack or any accident befall the senator. The clues led only to the Aldrich apartments, from which the reporters were barred.

Cab, taxicab and street car companies declared that no accident had been reported.

Dr. Holbrook Curtis, Aldrich's physician, today described the senator's injuries, but refused to state how they were received, except to say that Aldrich was "run down."

The physician said: "There is a cut over the right eye, extending over the forehead. The face and head are both badly bruised. There are no internal injuries. Senator Aldrich will be out and about in a couple of days."

DIVISION OF MOROCCO SOON

Four Powers Each Expect to Get a Share—Government Now Practically Without an Income—Ravenous Tribes Seize Taxes.

TANGIER, Oct. 21.—The division of Morocco, is inevitable, according to the best authority and the initial steps may be taken before many weeks. Which of the four powers interested, in the partition—France, Germany, England and Spain—will get the lion's share it is as yet not possible to forget.

The Moroccan government is now practically without income. The sultan does not dare leave Fez. Ravenous tribes seize taxes intended for the treasury and there is no loyalty among the kais for the sultan.

When the partition comes, France, with a strong military foothold in the country, probably will demand virtual control. Germany will insist upon mining rights in the Hogador country. Spain will ask for extensions of her Riff territory and Great Britain will have an eye on the strategic importance of Tangier.

M'HARG ATTACKS COL. ROOSEVELT

Declares That Federal Control of Resources Means Putting American Business in Hobbie Skirts—Attacks "New Nationalism."

ATLANTIC CITY, N. J., Oct. 21.—Theodore Roosevelt came in for an indirect attack by Ormsby McHarg in the address made before the American Hardware Manufacturers' association here today.

McHarg, who was formerly assistant secretary of commerce and labor, declared that federal control of the country's resources meant "putting American business in a hobbie skirt." This policy, he believed, to be nothing short of socialistic.

"It was left for one man to re-discover the ten commandments," said McHarg. "After it was left for one man to discover the laws of ancient morality and the laws of conservation. It was left for one man to re-discover constitutional checks on headstrong rulers, which was not a good thing for the ruler. All of these things he crystallized into the 'new nationalism.'"

NO CENSUS RETURNS SPOKANE UNTILL 1911

WASHINGTON, D. C., Oct. 21.—Following the report of Special Agent McKenzie, who has been reviewing the census of Spokane, Director of Census Durand declared that the population of Spokane would be announced probably next year. "While there was some padding at Spokane," said Durand, "evidence tends to indicate that it was not done intentionally and the few names that were stricken from the rolls will not make any appreciable difference."

The population of Boise, Idaho, will be made public late this week. It was charged by the census bureau officials that Boise returns were padded, but later reports tend to show that the reported padding was not as bad as intimated.

SAYS TEDDY WILL NOT BE CANDIDATE

PORTLAND, Ore., Oct. 21.—Theodore Roosevelt will not be a candidate for the presidency again but Taft will come up for the nomination for a second term backed by Roosevelt, according to the theory propounded by Jared L. Bush, ex-lieutenant governor of Colorado and a prominent banker of his state. Mr. Bush stopped off in Portland while en route to his home at Fort Collins, Colo., from Los Angeles, where he attended the bankers' convention.

"My opinion is that Theodore Roosevelt will not be a candidate for the nomination for the presidency, but he is planning to bring the party together again in two years for the nomination of Taft," said Bush. "The New York state platform indicates that attitude as plainly as anything can be put into words. Roosevelt and Taft have been together and while the results of their conferences has never been given to the public, I feel that it is safe to assume that they understand one another perfectly."

TWO BALL TEAMS FOR PORTLAND

Directors Forgive and Forget State-ments Accredited to Walter McCredie and Expected Fight Terminates in a Love Feast.

SAN FRANCISCO, Cal., Oct. 21.—Just what hold the McCredies of Portland have over the directors of the Pacific Coast league, is a matter of much discussion among the followers of the national game in San Francisco.

The action of the directors in forgiving and forgetting statements accredited to Walter McCredie and derogative to President Graham, came as a surprise, but the permission granted the McCredies to run two teams in Portland next year on their simple promise that the schedules would not conflict was a greater one. Why the offer of a bonus to Sacramento if it beats Oakland four games this week was not investigated also is a source of much wonder.

At their meeting last night the directors, besides adjusting the McCredie matters, decided to adopt a schedule for next year at the regular meeting November 3.

GRAFT PROBERS IN SING SING

But Simply for the Purpose of Quizzing Former Quarantine Commissioner Schroeder. Now a Convict. In Regard to \$50,000 Bribe.

NEW YORK, Oct. 21.—The executive and legislative graft investigation committee held its session this morning in Sing Sing prison, in order to give former Quarantine Commissioner Frederick Schroeder, now a convict, an opportunity to reply to the charge that he attempted to bribe former State Senator Otto H. Foelker with \$50,000 to oppose the anti-race track gambling bills in 1908.

Chairman Merritt of the committee said today that the committee had unlimited power to carry on its investigation. He said he was unable to tell where it might end.

TO RUSH WORK ON NEW MOTOR DEPOT

ASHLAND, Or., Oct. 21.—Tenants on the property recently acquired on Water and Main streets by the Southern Pacific company for up-town motor depot facilities were given verbal notice yesterday to vacate the premises within 30 days. Advertisements are now being inserted for tenders for the old buildings to be razed or moved at once, says the Tidings.

It is understood that the company will rush the extension of the ice plant siding track to the new terminal and that the up-town depot for motor travel at least will become a reality at an early date. It is also understood that while the company contemplates the erection of a substantial depot building, such a structure cannot be gotten ready until considerable time shall have expired after it is desired to inaugurate the new depot facilities, and that meantime the Evans store buildings may be utilized for temporary quarters.

Messrs. Eddy and Chase of the Harriman lines were in Ashland yesterday on business connected with this improvement.

Are You Wise?

Few people stop to consider why one store is always busy and why their stock and goods are always fresh and clean.

It's because the goods are sold on a close margin and the stock kept moving.

TOO LATE TO CLASSIFY.

Nature's Gift from the Sunny South

Cottolene

Doughnut Day is enjoyed by all the family without fear of future disaster

There are two kinds of doughnuts—
There's the lard-laden doughnut that is heavy, soggy and lies like lead in the stomach—that's the old-fashioned kind. Steer clear of it; it's the lard that makes it indigestible, not the cook.

Then there's the crisp, flaky, richly browned doughnut, that almost melts in your mouth, yet without the suspicion of greasiness. This kind is made with *Cottolene*, a vegetable product that makes food that even a child can digest with ease.

You never knew real doughnut goodness until you try the kind made with *Cottolene*.

Cottolene is much purer and more wholesome than lard.

Made only by THE N. K. FAIRBANK COMPANY

COTTOLENE is Guaranteed

Your grocer is hereby authorized to refund your money in case you are not pleased, after having given *Cottolene* a fair test.

Never Sold in Bulk

Cottolene is packed in pails with an air-tight top, to keep it clean, fresh and wholesome, and prevent it from catching dust and absorbing disagreeable odors, such as fish, oil, etc.
