FINE UMBRELLAS

We are proud of the assortments of umbrellas now on display at this store. Never in the past have we been able to offer such fine bargains in umbrellas as we are now offering. You will find the values at the prices the best that have ever been offered in this city.

50c UP TO \$6.00

SILKS

You will find some very beautiful silks at this store. We have been fortunate in finding exclusive patterns and will be pleased to have you see them.

Mr. and Mrs. Allen Morris of Raymond, Wash., have just completed a new modern bungalow in that place and have moved into the same. Mrs. Morris was formerly a Medford girl, glad to hear of her prosperity.

Every light but electricity gives off smoke and smoke contains soot which deposits on your wall paper, curtains, draperies. Electric light glows in an air tight bulb. 17.

J. C. Mann has just returned from a trip to Chicago and points east where he went to buy dry goods for the new store on North Central avenue. Mr. Mann reports a fine trip and states that the new goods are here.

Miss Manning, head saleslady in the silks and dress goods department at Kontner's, cut her hand, but after being examined carefully was found to be not so serious as her friends had at first thought.

Did you know that the largest fire insurance agency on the Pacific coast is located in Medford, and that R. A. Holmes, the insurance man, is the agent? Companies represented by this agency has a total net surplus of \$79,479,230.00. Think of it. Room 16, over Jackson County bank. 185*

I. B. MacDonald of Table Rock was a Medford visitor Saturday.

Haskins for Health.

The many friends of Mrs. Josephine Estes Applegate, wife of Peter Applegate, state land agent, will be glad to know that she is convalescing from an operation she was forced to undergo lately at a Salem hospital. Mrs. Applegate, while nearly sixty years of age, is active and healthy now and figures on living several years yet.

WORKMAN HAS A NARROW ESCAPE

C. A. Weaver met with a serious accident while working on the gas plant south of the city Saturday about 2 p. m. Mr. Weaver was standing on a cross-piece about 30 feet from the ground, nailing corrugated sheeting. When, without warning, the board that he was standing on gave way and he fell, cutting his left wrist and hand in several places. One of the arteries was severed and for a moment it was feared that he would have trouble in stopping the flow of blood, but a muscle was cut next to the artery and this doubled back in such a way that it stopped the heavy flow of blood and held it

until an examination and operation could be made.

Dr. Conroy dressed the wound, and when Mr. Weaver was seen Saturday afternoon he was feeling much better. He will be compelled to carry his hand in a sling for some time, but if no complications set in he will be able to work in the course of a week or two.

The many friends will regret to learn of the accident and will hope that the wound soon heals.

VALUABLE HORSE IS KILLED BY A COW

One of the prize cow horses belonging to Wortman & Gore met with a fatal accident Friday evening. While handling cattle in the corral a cow made a sudden lunge and one of her horns pierced the breast of the saddle animal. The horse bled to death in a few minutes. It is seldom that a trained cattle horse is killed in this manner, but once in a while overconfidence in his ability to get away catches the horse off his guard. Such was the case in the above incident.

Biggest Bargain in Southern Oregon

Two hundred and fifty acres fine land; 60 acres planted in standard varieties of apples and pears; several acres in alfalfa; first class buildings and improvements; also splendid location for raising chickens, hogs and cattle. Good team, new wagons, implements, machinery—everything complete and in best order. Price will astonish you. Terms also given. Will be divided if desired.

**INQUIRE OF

MEDFORD, OREGON**

FRANCE IS TICKLED; GERMANY QUILTS BALLOONS

PARIS, Oct. 22.—France is tickled to bits. The smile she's wearing threatens to make the top of her head an island. Germany has done the most astounding thing; cut the gordian knot which tied her to the

dirigibles and is going it hotfooted after some aeroplanes.

The army manoeuvres in the Picardie country caused the flop-over in Germany. For the first time in the world's history, first-class dirigibles and first-class aeroplanes met there on equal ground; conditions exactly such as would exist in war. And

while the huge, expensive warships were tended over and shielded from the wind like new born babes, unable to make a sortie, the doughty little monoplanes and biplanes, costing scarcely anything by comparison, were darting about like humbles, stinging as they went.
