WEST GIVEN SPLENDID RECEPTION

Taken by Business Men About the Valley in Automobiles—Greeting Here in Sharp Contrast With Bowerman's—Enthusiasm Runs High—Speaks in Grants Pass Tonight.

Oswald West will address the voters of Medford Tuesday afternoon at 1:30 o'clock on the Nash hotel corner. He speaks tonight in Grants Pass.

Jackson county enthusiastically received Oswald West, democratic candidate for governor, when he arrived in this city this morning. After spending a few moments meeting local voters he was whisked away around the valley in an automobile, accompanied by 15 or 20 leading men of the county. Everywhere he was given a royal greeting, and West is certain of carrying Jackson by a large vote. The lack of enthusiasm which accompanied Bowerman's visit a week ago was brought out in sharp contrast by the welcome extended West.

This evening West will speak in Grants Pass. During the day he will visit all of the larger precincts in the county. He was expected Sunday, but failed to arrive, owing to work he had to dispose of when he reached Salem. Medford was particularly enthusiastic in her greeting to the candidate, as West in a great degree reflects the "Medford spirit," the spirit which does things, Medford is a city which fulfills in every way the slogan of the West campaign—"the man who delivers the goods." In each other they have found a kindred spirit.

The work of West as state railroad commissioner is well known in this section. Recently it was through his efforts that rates on the Southern Pacific were ordered reduced, which, when placed in effect, will save Jackson county business men many thousands of dollars each year. This is appreciated and accounts for the enthusiasm with which he was received.

A feature of his reception in this city was the great number of republicans who greeted him and pledged their support in the November election.

SHAW REACHES END OF TRIP

Agricultural Expert in Personal Employment of James J. Hill Completes Long Trip Through Oregon—Will Return to St. Paul Soon.

PORTLAND, Or., Oct. 24.—The rumor that the Hill system contemplates the construction of a railroad line through Central and Southwest Oregon was revived today, following the arrival in Portland of Professor Thomas Shaw, agricultural expert in J. J. Hill's personal employ.

Accompanied by his son, W. T. Shaw, of the Washington State college at Pullman, Professor Shaw has just completed a thousand-mile automobile trip through the central and western part of Oregon. He expects to return to St. Paul soon, where he will submit an exhaustive report covering the agricultural possibilities of the country lying between Ontario and Prineville, Or. This will be made to Mr. Hill personally. Professor Shaw said he had no specific information as to the reason why he had been sent on the trip. He admitted, however, that Hill never had the habit of sending men out for a pleasant jaunt. The journey began at Ontario and during its course Medford and Grants Pass were visited.

Her Charms Said to Have Cost King Manuel His Throne

Mlle. Gaby Deslys, the Parisian dancer whose charms for Manuel II. of Portugal are supposed to be the partial cause of his downfall, defends her part of the acquaintance. The story given credence everywhere in Paris is that discontent with the rule of Manuel has been recently intensified through his open infatuation for the actress. It is said that she needed no urging to accept his invitation to go to Lisbon, where he gave her every attention. It is believed that he was forced to escape from Lisbon without time to warn her of the danger, and her friends assert that she was last heard from in Manuel's capital. The act of Mlle. Deslys is one of the most daring ever put on in England and made even Londoners gasp, inured as they were after Maud Allan's sensational undraped vision of Salome to scenes of like character.

ATHLETICS ARE, IS, WERE, WAS AND HAVE BEEN THE ONE BEST TEAM

Chicago Sadly Refers Today to "the Philadelphia's Conquering Heroes Team That Was"—Great Globes of Gloom Hang Over Windy City—Fans in Sackcloth and Ashes.

CHICAGO, Oct. 24.—Chicago baseballdom is draped in crepe and the fans are in sackcloth; ashes are strewn upon the noble brows of the game's elite, for the golden idols had feet of clay or other cold material and are fallen. From a baseball viewpoint, the city is "in black," and the mourners speak in whispers of a team that was.

The reason for the chunks and splashes and globes of gloom is the reluctant admission that the Philadelphia Athletics, under the guidance of the wily Connie Mack, known as Cornelius McGillicuddy, are, is, were, was and have been one better team than the Chicago Cubs, who, in their time, were some baseball players. Yesterday's game, which clinched the world's championship for the Athletics, was like the first three easy wins of the Mackmen. Everyone says so, including the defeated heroes, and they should know. The score was 5 to 2.

"We did our best, but our best did not begin to compare with the Athletics' best," said Joe Tinker, the star of the Cub team, during the series.

"They beat us fairly. We couldn't hit their pitchers," chimed in Artie Hoffman.

"Look at the figures," said Charlie Comiskey. "They tell the story. Why, the Athletics batted .322, while the Cubs hit .234. That and the pitching is the open secret of the series." Incidentally the tables show that the Cubs fielded .959 and the Athletics .961. The Athletics stole seven bases, the Cubs three. Eighteen Philadelphia players fanned, and 30 Chicagoans swung at the air. The Athletics averaged 11 2-5 hits per

Philadelphia's Conquering Heroes Home Again and Are Greeted Very Warmly—King Baseball Reigns Supreme.

PHILADELPHIA, Pa., Oct. 24.—With almost the entire population of Philadelphia, headed by Mayor Reuben and the city council, prominent bankers and other business men, at the depot to meet them, the champion Athletics arrived home at 5 o'clock today and were accorded an ovation that would have made Father Penn jealous.

For two hours after the train arrived Philadelphia's main streets were solid banks of wildly cheering humans, who tooted horns, rattled cowbells and whistled sirens. Street car traffic was brought almost to a standstill and King Baseball reigned supreme.

When the champions swung from their special train they were seized by enthusiastic fans who would permit of no police restraint, and hoisting their heroes upon their shoulders headed a gigantic serpentine that marched to a line of waiting automobiles.

A parade was formed that traversed the principal street to the city hall where brief congratulatory speeches were made and an informal reception to the Athletics was held.

The players were cheered to the echo, pitcher Coombs being accorded the greatest ovation. Fans simply went wild as he scrambled down the steps of the railroad coach and he, for a moment, was in grave danger of having his clothes ruined by an enthusiastic fan who fought for the honor of hoisting him on their shoulders. Bender was uproariously cheered.

ROSEBURG, Ore., Oct. 24.—At a special election held Saturday a \$75,000 bond issue was voted for the erection of a new high school building for this city.

GROUND IS BROKEN ON LAKE ROAD

Right of Way for That Section of Road Past Pumice Hill Has Been Cleared and Teams and Men Started Grading Today—Camp is in a Healthful Condition.

Ground was broken Monday morning on the Crater Lake highway, the right of way having been cleared for that section of the road past Pumice Hill. Contractor Natwick now has a crew of 30 men and several teams at work and will increase this number to at least 60 men.

The contractor is not planning to rush the work particularly, as he has all winter in which to take care of it. By April, however, it will be in shape to be thrown open to travel.

Dr. E. H. Porter, who has charge of the sanitary conditions of the camp, motored out on Sunday on an inspection tour and found the camp in excellent condition.

CRIPPEN TO HANG ON NOVEMBER 8

Lord Chief Justice Definitely Sets That Date and Assigns Bentonville Prison as Place of Execution—Miss Leneve Prostrated.

LONDON, Oct. 24.—Dr. H. H. Crippen was sentenced to hang on November 8, for the murder of his wife, Belle Elmore Crippen, whose dismembered body was found in the cellar of the Crippen home at Islington, North London. Lord Chief Alverstone definitely fixed upon that date and assigned Bentonville prison as the place of execution.

Dr. Crippen appeared wholly composed after the ordeal of his trial and judgment Saturday and declined religious consolation.

Miss Leneve, who goes to trial tomorrow on a charge of having been an accessory to the murder, is prostrated at the outcome of Crippen's trial, as she has confidently expected an acquittal. When informed that Crippen would be hanged, she fainted and remained unconscious for some time.

ANOTHER GAME TROWN OUT

This Time It Favors Portland and Fans Ask Manner of Strangle-Hold McCredie Has on the Coast League.

SAN FRANCISCO, Oct. 24.—The decision of President Graham of the Coast league to throw out the game protested by Walter McCredie and won by San Francisco last Wednesday is not being well received by the fans today, a majority of whom believe that San Francisco won it fairly and they do not regard favorably the loss of points in San Francisco's percentage.

McCredie's protest did not bring up the question as to whether or not the runner at second on the disputed decision was safe. It stated that Umpire Toman had reversed his decision. This reversal did not affect the play of the game at the time, as did Umpire Van Halteren's reversed decision earlier in the season, so just why a "reversed decision" should be made grounds for throwing the case out is not clear to some of the fans, who are asking what kind of a strangle hold McCredie has on the Coast league.

Federal Treasury Is Enriched By Collector Loeb's Activity.

Copyright, 1910, by American Press Association.

By the activity of Collector William Loeb, Jr., in detecting attempted evasions of the payment of customs duties at New York and by his keenness in searching out undervaluations of dutiable goods in the past the federal treasury stands fair to be enriched by great sums. In the case of the Duveens, the wealthy art importers arrested in New York city on charges of undervaluing very high priced works of art, it is said that millions of dollars are rightfully owed to the government.

"JACKASS CLUB" LATEST CREATION OF ROOSEVELT

District Judge Anderson Is Charter Member—Teddy Is Quoted as Saying Anderson Is "a D-d Crook and a Jackass—Colonel Is Mum."

NEW YORK, Oct. 24.—Theodore Roosevelt refused today to deny or confirm the report that he had founded the "Jackass club" and had installed United States District Judge A. B. Anderson as charter member.

According to the story, Roosevelt is alleged to have remarked at a reception in his honor at the Columbia club in Indianapolis that Judge Anderson's ruling on the World lawsuit was "the ruling of a d-d crook and a jackass."

It is said that Roosevelt's alleged remark was made to Harry S. New, former chairman of the republican national campaign committee.

The colonel said today:

"There is nothing I can say about this matter. It is just the kind of thing a man can expect in the closing days of the campaign. There have been other similar instances. "It can be definitely understood that I will not affirm or deny any statements made by third and fourth parties regarding what I said to them in a private conversation. The effort to draw me into saying something publicly is too obvious. "I shall say nothing regarding any alleged remarks that I do not make publicly or in regard to any statement supposed to have come from me, but not over my signature."

HAY CROP YIELDS 3000 CARLOADS

ELLENSBURG, Wash., Oct. 24.—Crop reports from Kittitas county to the produce dealers here indicate that fully 3000 carloads of hay will be produced in the county this season. This is the largest crop of hay ever harvested in the valley. Fully 300 carloads of potatoes, 60 carloads of apples and 300 carloads of grain, vegetables and miscellaneous products are reported. There are now 50,000 sheep pasturing in the valley and nearly 25,000 head of cattle.

CHART OF BUILDING IS FOUND

Supposed to Be of Los Angeles Times and Is Found in Room of Smithy in San Francisco—Other Evidence Said to Be in Hands of Police.

SAN FRANCISCO, Oct. 24.—Samples of the handwriting found on torn bits of card in the rooms alleged to have been occupied by F. A. Perry, alias "Smithy," at Corte Madera, are in the hands of handwriting experts today. These samples and the handwriting of men now under suspicion will be handed to William J. Burns when the detective returns from Portland.

The writing on the card was not disguised and the man who wrote it can be identified, provided the chirographist is put in possession of other specimens of his handwriting. Part of the card was written and part hand printed. Even the part printed would lead to the identification, so plainly are the characteristics of the writer shown.

The hand that wrote the address found on a portion of a postcard and the hand that printed the initials "O. A. T." near the typewritten words, "I'll do it," left sufficient clues for identification.

Men having the handwriting investigation in charge refuse to reveal definitely their discoveries, but predict sensational and decisive developments soon.

SAN FRANCISCO, Oct. 24.—Chief of Police Seymour today served notice on the Los Angeles detectives working on the case in this city that kidnaping or any other irregular practices to get witnesses to Los Angeles will not be tolerated.

Detective Brown of Los Angeles, in an interview today, stated that none of the subpoenas he held are for local labor leaders. He also declared that the fact that Antone Johansen, O. A. Tveitmo and E. B. Morton knew "Smithy" and David Caplan and frequently met them at Caplan's home, will not be held against them.

A roughly drawn chart, supposed to be of the Los Angeles Times, found in the room of Smithy in a Corte Madera hotel, is considered by the police an important piece of evidence and an effort is being made to identify the handwriting. The three bits of card found in the flat formerly occupied by Caplan also are under investigation.

One of the pieces bears the words "I'll do it," and the initials, "O. A. T.," another the name "Russian Peace Society," and the third, the address, "Jack Ryan, Sacramento street, city."

MRS. KERSCH IS PUT ON TRIAL

Morning Is Given Over to Selection of Jury—Woman Shows Evidence of Sleepless Night—On Verge of Breakdown.

PORTLAND, Or., Oct. 24.—Mrs. Carrie Kersch, who was charged jointly with Jesse P. Webb for the murder of William A. Johnson in the Grand Central hotel June 20, was brought to trial in the circuit court today. Webb was convicted of murder in the first degree last week.

The morning was given over to the selection of a jury. Mrs. Kersch appeared in court a few minutes before the session began. She showed evidences of a sleepless night, passed in pacing her cell, and appeared almost on the verge of a nervous breakdown.

The state probably will introduce the same evidence that was used to convict Webb.
