SEATTLE NEWSPAPERS ARE SENT A THREAT

SEATTLE, Wash., Oct. 24.—Unsigned letters from the Black Hand with skull and crossbone emblems were found pasted on the door of three daily newspapers today. All predicted disaster for the Seattle Times and warned employees of that paper to quit their jobs before November 30 or be "blown to hell." It is believed to be the work of a crank or jokers.

NEW WRIGHT RACER SHOWN

Walter Brookins Takes New Machine for Trial Flight and Makes Great Speed—Not Yet Let Out—Looks More Like Toy Than Air Craft.

BELMONT PARK, N. Y., Oct. 24.—The new Wright racer, about which there has been much mystery, made its initial appearance on the field at Belmont Park shortly after noon today. Walter Brookins, Wright's most promising pupil, took the machine aloft for a trial trip. Although he remained in the air but a short time, he was up long enough to demonstrate all promises of the wonderful racer justified. The machine looked more like a toy than an airworthy craft. But it sustained Brookins' weight without trouble and his control of the machine was perfect. Brookins did not let out his motor to the limit, but in a short flight showed a wonderful burst of speed.

Count de Lesseps was the second aviator of the day to attempt a flight. De Lesseps, garbed in a baby blue aeroplane suit, ascended, discovered that he had forgotten his cigarettes and returned. Lighting a smoke, he again ascended. It was announced that the biplanes would race in the elimination contests for the grand speed prize this afternoon. The monoplane will race some other day this week.

WILL NOT REVIEW CASE OF HEINZE

WASHINGTON, Oct. 24.—The supreme court of the United States today refused to review the case of Arthur P. Heinze, brother of F. Augustus Heinze, in which the United States district court at New York sentenced the defendant to ten days in the custody of a federal marshal and to pay \$200 fine for inducing a witness to go to Canada. He must now serve his sentence.

The trial of Arthur Heinze was an incident of the charges that F. A. Heinze violated the national banking act. It was alleged that, in connection with his brother's case, Arthur Heinze gave Tracy Buckingham \$100 to go to Canada after the grand jury had subpoenaed Buckingham as a witness.

WABASH FOOTBALL BOY DEAD; GAME TABOOED

ST. LOUIS, Oct. 24.—Football may be tabooed at St. Louis university and it is probable that the Wabash college team will be disbanded for the season as a result of the death of Ralph Wilson, 19, half-back of the Wabash team, and the severe injury of two St. Louis players in mass plays during the game between the two schools here Saturday. Wilson died last night at a local hospital and today his body will be sent back to his Indiana home.

Wilson was found unconscious after a scrimmage touchdown in the first half. He was removed to a hospital, but did not rally.

The accident has caused the faculty to consider abandoning football. It is possible that it may influence the faculty of Washington university to take similar action.

What the Home Rule Bill [328] Really Is

It gives cities and towns the right to have saloons or no saloons. It gives the people who live in cities the right to vote on and decide this question themselves. It puts the control of the liquor traffic into the hands of the voters of each precinct, so that every residential district in a city or town is protected. It means real local option. All state criminal laws are maintained. Under it the farmer has the same protection he now enjoys. It is a law fitted to local conditions as they exist in every section of the state. It gives absolute control of the liquor traffic, particularly in towns and cities, where it is most needed. It will prevent the county from wiping out the city vote on city measures. It is a law which makes prohibition possible where wanted, and impossible where not wanted. It means regulation which regulates.
