

# PRINCE QUILTS JOB IN BANK

### "Director of Foreign Department" in Chicago Bank is Asked to Go Down Among Common People After Business and He Balks.

CHICAGO, Oct. 24.—"Yes, I quit my position because there was not enough work attached to it. There was no other reason," explained Prince Nicholas W. Engalitcheff why he resigned from the position of "director of foreign department" in United States Senator Lorimer's La Salle street national bank. Prince Engalitcheff believed when he assumed the position last August that he would have an opportunity to share the great responsibilities attendant to directing a big financial institution. The prince never dreamed he would be asked to go down among the common people in the foreign quarter and solicit business. He expected to be a power in the financial world, but he found that the old officials of the bank had a knack of handling the big propositions without consulting him.

# FAVORITISM CHARGE IS HOTLY DENIED

CHICAGO, Oct. 24.—Resenting intimations that the American league umpires favored the Athletics, Ban Johnson, president of that organization, today declared that the charges were "unwarranted, unfounded and unfair."

"The most partisan Cub fan must admit that superior playing and not the umpires defeated Chicago," said Johnson. "Sheridan is one of the most capable umpires in the American league. The plays were close in the last game but no favoritism was shown any man."

# MINNESOTA TOWN IS BURNING UP

WINNIPEG, Man., Oct. 24.—Reports reached here this morning that Warren, Minn., 50 miles from Thief Falls, Minn., at the junction of the Soo and Great Northern railways, is afire. Calls for help have been sent to Crookston and Grand Forks. A special train has been sent from Thief Falls. The blaze is now beyond control. All wires are reported down.

# RIDES TRAIN FIRST TIME IN 41 YEARS

SILVER LAKE, Or., Oct. 24.—H. C. Fleming took his first ride on a railroad train since 1869, Sunday, when he left Klamath Falls on the local for Siskiyou county, California, to make a visit to relatives and old friends.

Mr. Fleming has passed the three score and ten summers and has been a resident of this part of Oregon for more than 30 years. He first resided in the Rogue River country and served a number of years as county school superintendent when the entire territory now embraced in Lake and Klamath was one big county and known as Jackson. After serving this territory as superintendent he removed to the Silver Lake region, where he settled, taking up land, and went into the stock business. Later he went into the general merchandise business and now has two sons who conduct a store at New Pine Creek.

# COURT OF COMMERCE TO BE NAMED LATER

WASHINGTON, Oct. 25.—The positive statement is made at the White house that President Taft will not name the new court of commerce until the reconvening of congress.

For weeks railroad lawyers and shippers who have been in Washington attending the sessions of the interstate commerce commission in connection with the increase in freight rates, have been discussing the possible personnel of the new court.

It is known that a dozen or more names are before the president for appointment to the commerce court. The northwest and the south are particularly anxious to be represented and favorite sons of those sections are being pressed to the attention of the president.

# Central Point Items

T. M. Jones of the Central Point Furniture company has added a fine new delivery wagon, purchased a new horse and is now ready to deliver the goods at any point within five miles of Central Point.

Quite a number of the Greater Oregon Home Rule association's placards were in town from the sides of buildings and fences this week by the over-enthusiastic prohibitionists, but as none of the people here care for either home rule or prohibition, no one was visibly affected by the operation, save those who wasted their time "fingering the pasteboards."

E. Price announces his intention of putting up a new brick business building in the spring, on the ground where his wooden shop now stands.

Henry L. Held of Warsaw, Ill., accompanied by his wife and daughter, was looking over Central Point Saturday afternoon. Her. Held expects to locate at some point on the coast but has not as yet selected the spot.

Walter McCann of Maryville, Mo., spent a few hours in town Saturday going from here to the Applegate country.

Frank Plavich, manager of the Antlers at Seaside, spent a few hours in Central Point Saturday with Col. C. L. Grant. Mr. Plavich is on his return to Seaside after a sojourn of several weeks in Los Angeles. He was only one block from the Times building when the explosion occurred.

The cement work for the abutments and piers of the Bear creek bridge is complete and work of filling in the approaches is now progressing. It will be several weeks, however, before the bridge structure will be placed on its new foundation. The cement work looks substantial enough to outlive the century.

Oswald West, democratic candi-

date for governor, was given an ovation by the people of Central Point at noon on Friday. Mr. West is the man of the hour in this community, regardless of party affiliation. In receiving Mr. West the people of Central Point as good as declared their allegiance to his cause. James Shields, J. O. Isaacson and Ben Peart have gone to the Round mountain country on a deer hunt. If Mr. Isaacson fails to bring a deer into camp this time it is the intention of Peart and Shields to "call for volunteers" among the antlered throng to allow Mr. Isaacson some rifle practice, and if possible induce one of the fleet-footed bucks to die a martyr in the cause of the financial nimrod.

John Albert is improving some more of his Pine street property with small buildings to be used in connection with his storerooms.

R. B. Dunlop, an expert grocer, arrived from Peoria, Ill., this week and has taken charge of the grocery department of the Quality store. Mr. Dunlop comes highly recommended by prominent Peoria business men and we extend to him a cordial welcome.

Mr. and Mrs. C. L. Gant visited the historic town of Jacksonville on Sunday and found the village of '49 to be coming right along in the line of improvement. We also noticed—that is, he did—that according to signs displayed above three or four doors, that Jacksonville is not in the arid regions.

Dr. E. Davis was in Medford Sunday evening to hear the great socialist orator, Eugene V. Debs.

S. B. Reeves and two children, of Oregon City, are here, the guests of Mr. and Mrs. J. A. Mann. Mr. Reeves is a brother of Mrs. Mann.

# SHIPS ASKED TO LOOK FOR LOST STEAMER JAPAN TO INCREASE ITS NAVAL FORCE

NANTUCKET, Mass., Oct. 24.—Atlantic liners and United States revenue cutters were today asked to search for the tank steamer Oklahoma, whose wireless call for aid was picked up last night by the revenue cutter Acushna.

The whereabouts of the Oklahoma is unknown, the Acushna losing communication with its wireless after the first flash for aid was received.

Operators of various wireless stations are trying to get in touch with the Oklahoma.

# SAN DIEGO MAN WINS AVIATION PRIZE

LOS ANGELES, Cal., Oct. 24.—Aviator Charles F. Walsh of San Diego today holds three trophies offered by the California Aero club for altitude, distance and sustained flight. Walsh made a clean sweep of the final events of the first novice meet ever held in California and plans to return to San Diego today with his spoils.

While the flights on the Playa del Rey motorhome yesterday were not so thrilling as those of the big meet held here a year ago, they evidenced the progress of aviation in southern California.

# NO WORD YET OF PORTLAND CENSUS

PORTLAND, Ore., Oct. 24.—Urban Hester, in charge of the investigation of the enumeration of the population of Portland as made in April, probably will conclude the work by Wednesday night of this week.

The schedules, as conducted by Hester, will be forwarded to Washington for announcement and Portland will be compelled to wait until the work is completed by the census bureau to ascertain just what reduction has been made.

Hester refused to give any information as to what the total population of the city may be.

"I have never added up the returns," he said. "I cannot say how near the tally the newspapers estimate of 223,000 may come to the official count."
