

TURNER OLIVER VISITING CITY

State Senator From Union Who Is Seeking Place as Secretary of State Is Getting Acquainted in Medford—Friend W. J. Roberts.

Hon. Turner Oliver, state senator from Union county and democratic nominee for secretary of state, spent Tuesday in Medford getting acquainted with the people. Mr. Oliver is an old schoolmate of W. J. Roberts and was introduced by him around the city.

Mr. Oliver has been a staunch friend of Southern Oregon in the state senate. He always voted for the normal schools and championed them in their battle against Mr. Bowerman. He was one of the strongest advocates of the Crater Lake highway and helped that measure to pass the senate.

Justice of the Supreme Court W. T. Slater is also a Medford visitor. He is the candidate for re-election on the nonpartisan judiciary and democratic tickets. His opponent is H. G. Bean of Pendleton, who, after being defeated in the assembly for the nomination, ran as an anti-assembly candidate, defeating the assembly nominee at the primary. Judge Slater has been on the supreme bench for two years and this is his first trip south in many years.

Mr. Turner's platform is as follows:

He believes in the people, and will obey their will. "The will of the people is the law of the land." He upholds the people's laws—direct primary with Statement No. One, corrupt practices act, initiative and referendum and the right of recall.

He opposes the effort to render these laws nugatory by so-called assemblies—packed by the bosses for their own use and benefit. Eastern Oregon wants a member of the state board, and as secretary of state Mr. Oliver will not audit or allow any illegal claims to be paid out of the state treasury. The secretary is auditor of all claims against the state.

If elected Mr. Oliver can and will personally conduct the work of the office, and if \$50,000 per year of state money has been squandered, as alleged by Mr. Bowerman, will save it in the future to the people.

MANY SALES MADE BY ROGUELANDS, INC.

Fred N. Cummings, manager of Roguelands Incorporated, states that the sales department of the company is receiving many inquiries from its campaign of advertising throughout the eastern states and many people are figuring on the purchase of orchard land in the Medford district of the Rogue River valley.

Mr. Cummings reports the following sales which have been made at Roguelands irrigated orchard tracts:

A. Christensen, Portland, Or., 20 acres, \$4500.

C. C. Hall, Alamogordo, N. M., 20 acres, \$5000.

Oswald T. Austen, Medford, Or., 10 acres, \$3500.

W. M. Austen, New York City, 10 acres, \$3500.

Mr. Hall of Alamogordo, N. M., is in the forestry service and has bought 20 acres in the company's tract for the purpose of developing an orchard property and making it his future home. Mr. Hall will move to Medford after the first of the year.

The ten-acre tracts of O. T. Austen of Medford and W. M. Austen of New York City will be plowed, leveled, set to trees and fenced by the company and turned over to the purchasers. Both tracts will be under the care of O. T. Austen, who will build a bungalow on his tract in the near future and make it his home.

OREGON ORCHARD PAYS BIG PROFIT

NYSSA, Ore., Oct. 25.—M. J. Jenkins, who has a fruit ranch two miles from Nyssa, shipped 21 cars of prunes from 65 acres, netting him between \$11,000 and \$12,000. He secured the highest market price paid in Chicago and Cincinnati. From the apple trees and alfalfa in the same orchard he sold a \$5,000 crop this year.

The Nyssa Produce company expects to ship 25,000 to 30,000 boxes of apples this fall. The company is now employing a large number of packers handling the crop.

TED FAVORS COMMISSION PLAN FOR THE TARIFF

GENEVA, N. Y., Oct. 25.—Commenting on the tariff, Colonel Roosevelt said today:

"I am sorry to say that the Saratoga convention was so interested in state issues that it did not take the progressive stand on the tariff that it should have done. President Taft and the republican party universally are in harmony with the suggestion that the tariff hereafter shall be revised by a commission."

BUTTER CASE IS IN COURT

E. N. Warner Charged With Selling Short-Weight Butter—Is But One of Many, as Offense Is Technical—Jury Trial Demanded.

E. N. Warner, of the firm of Warner, Wortman & Gore, was arraigned before Justice Canon Tuesday morning on a charge of exposing short-weight butter for sale.

The complaint was filed by M. S. Shrook, assistant dairy and food commissioner, who has been investigating charges of violation of the food laws in Southern Oregon for the past several weeks.

Mr. Warner pleaded not guilty and a jury trial was demanded by his counsel, William M. Colvig. In the meantime, the defendant interposed a demurrer to the complaint, alleging that it was not in conformance with the statutes.

Summons were sent out for jurors and the case is on trial this afternoon.

The case is but one of many which are to be tried. The butter handled is from California and every store in Medford is said to be handling it.

PASSMORE TRIO CONCERT SPLENDID

The Passmore trio gave a concert at the Natatorium hall last night and the lovers of music who did not attend this most excellent entertainment were the losers. The trio consists of three sisters, who are each of them artists in their line. These ladies have played together since childhood and, while individually they could not be classed among the greatest of artists, yet collectively we can say with all honesty that they have no superior on the concert stage of this country.

They are graduates of the Conservatory of Music, Berlin, Germany, and appeared in that famous city of music and received recognition as artists.

Miss Mary Passmore, the violinist, is quite the equal of Haroldi, the violinist who played here a short time ago. She plays with expression and technique that is most satisfying. Suzanne is the pianist of the trio and in her rendition of Scharwenka's walse from "Ball Reminiscences," op. 54, she proved herself a pianist of rare ability.

Those who love the soft, dreamy tone of the cello were certainly charmed with Miss Dorothy. Her rendition of Chopin's "Nocturne" was so heartily recalled that she was obliged to respond. There are cellists who will perhaps excel Miss Dorothy in execution, but certainly none in tone.

The sisters are entertained this afternoon at a reception given by Mrs. Ed Gore.

LOVES HUSBAND BETTER THAN HER SPANIELS

NEW YORK, Oct. 25.—Percy W. Evans, millionaire clubman of Seattle, is a happy man today, for Mrs. Mary Bowen Evans, his bride of yesterday, has declared she loves him more than she does her three spaniels who acted as her bridesmaids at her wedding yesterday.

ing. He was introduced by R. B. Neil of Ashland and was cordially received. He spoke for an hour and a half reviewing the campaign issues of the day.

He replied to Judge Fenton, the attorney for the Southern Pacific, who at the Medford depot exercises had indirectly accused Mr. West of ordering a cut in rates on the system to further his political ambition.

Mr. West explained the Southern Pacific financial operations and the reason why the railroad was "in the red," as Mr. Fenton had stated. After leasing the Oregon and California, he stated the the Southern Pacific operated it for a few years at a loss. They were then able to get a new lease on more favorable terms, then the stocks and bonds of the O. & C. were purchased from the foreign owners at a greatly reduced price. The road was rebuilt and the cost was charged to operating expenses, which made the railroad appear to be operating at a loss. The railroad grant lands are estimated to be worth forty millions, and the railroad is paying interest on a capi-

talization of \$120,000 per mile, many times its actual cost, besides cutting two large "melons" recently. Because of this high financing, the railroad appears to be "in the red," when really it is one of the most profitable roads in the country.

Mr. West also stated that since the Harriman merger, the Southern Pacific had been made into a feeder for the Harriman system, originating much traffic in its territory, which was handled at a profit by the O. R. & N. though the Southern Pacific did not get the credit in its earnings.

Mr. West explained the railroad reductions ordered and of the benefit that would redound to Southern Oregon, whereby the people would save \$300,000 a year now being paid to the railroad.

He stated that this was the reason why the Southern Pacific opposed him, and favored Mr. Bowerman, one of their attorneys.

Mr. West also dwelt upon Mr. Bowerman's assembly record and how that he was now opposing what he had before advocated. He fully explained his collection of mileage from the government and his turning it over to the state.

State Senator Turner Oliver, democratic nominee for secretary of state, followed Mr. West in a brief speech which was very well received. He told of the fight in the legislature with Bowerman over the normal school, and gave the history of the assembly movement.
