Table with columns for months and circulation figures. Includes rows for January 1910, February 1910, March 1910, April 1910, May 1910, June 1910, July 1910, August 1910, and September 1910.

On the 1st day of October, 1910, personally appeared before me, George Putnam, manager of the Medford Mail Tribune, who upon oath, acknowledges that the above figures are true and correct.

H. N. YOCKEY, Notary Public for Oregon.

MEDFORD, OREGON. Metropolis of Southern Oregon and Northern California, and the fastest-growing city in Oregon.

Population, 1910, 9,900. Bank deposits \$2,750,000. Five hundred thousand dollar Gravity Water System completed in July, 1910, giving finest supply pure mountain water.

Sixteen miles of street being paved at a cost exceeding \$1,000,000, making a total of twenty miles of pavement. Postoffice receipts for year ending June 30, 1910, show a gain of 35 per cent.

Banner fruit city in Oregon—Rogue River apples won sweepstakes prize and title of "Apple King of the World" at the National Apple Show, Spokane, 1909.

Write Commercial Club, enclosing 5 cents for postage of the finest community pamphlet ever written.

HOW ONE APPROPRIATION WAS SECURED.

CONGRESSMAN HAWLEY in that inspiring picture platform of his, enumerating and extolling his own virtues and his alleged accomplishments, which comprise everything done for Oregon, neglects to state the facts regarding the \$10,000 appropriation made for a survey in the Crater Lake National Forest.

A bill for the appropriation of \$15,000 was introduced in the senate by Senators Chamberlain and Bourne and through their influence passed. When the appropriation reached the house it was stricken out without a protest from Mr. Hawley, who was supposed to look after it.

When the bill went to a conference committee for final report with the Crater Lake appropriation stricken out, Senator Hale, whom Senator Chamberlain had enlisted in its behalf, reinserted it, and on final compromise, it was cut to \$10,000 and in this form passed.

This is the part played by Mr. Hawley in securing this Oregon appropriation, and is the part played by him in securing most of the other appropriations, for which he unblushingly claims credit.

PATTERSON AN ENEMY OF DIRECT PRIMARY.

COUNTY COMMISSIONER JOSHUA PATTERSON, having been defeated for renomination by the republican party has refused to abide by the decision of the majority of his party, and is running as an independent candidate.

Mr. Patterson confesses himself opposed to the principles of the direct primary law, opposed to majority control, and therefore opposed to Statement No. 1. Taking advantage of the fact that several candidates have been regularly nominated at the primaries, he seeks success for himself through a divided opposition.

Mr. Patterson seeks to defeat the republican nominee. Having been twice honored with republican nomination and having held two terms, he now seeks a third through the defeat of the party to whom he owes his all in politics.

Mr. Patterson has proved himself a poor loser. He was defeated fairly and squarely, in an open contest. Instead of abiding by the decision of his party, taking his medicine and going on about his business, he seeks personal success by party defeat.

No one believes that party lines should govern in county offices. It is the personality of the candidate that counts, rather than a man's belief in the tariff. But no one believes either that a candidate who has gone before the voters of his party and been rejected, should then refuse to abide by their verdict and try to defeat the will of the voters by running as an independent.

As to Mr. Patterson's ability and record, more will be said later. His so-called roads speak for themselves. His uncourteous treatment of the public speaks for itself. His obstinate opposition to the fruit growers is a matter of record. He has been tried and found wanting.

Mr. Patterson has had eight years at the public crib. It is high time that he made way for some one else. Yet he is doing everything possible to hang on for another four year. Why.

NEW PLAN FOR ENTERTAINMENTS

Natorium Company Plans New Features—Will Put on High-Class Attractions at Popular Prices—First Comes Sunday.

The Natorium company propose to inaugurate something new in the way of Medford amusements. They have a large and commodious auditorium, with excellent acoustics, and a seating capacity of 2000, and it is their intention to supply the people of Medford with a series of high-class entertainments at popular prices. This is very common in cities of the east that make any pretense to the advancement of art.

The first of these entertainments will be given next Sunday night. The talent engaged is the Pasmore Trio, assisted by Mrs. Ed Andrews. This trio of sisters gave a concert Monday night, on which occasion a dollar admission was charged, and all who heard the entertainment at that price were thoroughly satisfied.

These entertainments will be popular, not only in price, but in arrangement of program. It is the idea to suit every one, and to this end at least one-half of the program will be popular numbers that are familiar to all. The admission is to be 25 cents to any part of the house.

Notice is hereby given that the undersigned will apply at the next regular meeting of the city council of the city of Medford, Oregon for a license to sell malt, spirituous and vinous liquors in less quantities than a gallon, at their place of business located at lots 9 and 10, block 21, original townsite in said city for a period of six months.

DIRIGIBLE CROSSES ENGLISH CHANNEL

LONDON, Oct. 26.—From Moissons, France, to Aldershot, England, in five hours was the feat accomplished today by the dirigible balloon Morning Post. It was the second time in history that the English channel had been crossed by a dirigible, a balloon having made the same flight, though in slower time, ten days ago.

The balloon Morning Post was presented to the war office by the Morning Post newspaper at the completion of the flight today.

NOTICE

Notice is hereby given that the undersigned will apply at the next regular meeting of the city council of the city of Medford, Oregon for a license to sell malt, spirituous and vinous liquors in less quantities than a gallon, at their place of business located at lots 9 and 10, block 21, original townsite in said city for a period of six months.

M. AND E. J. ADAMS. Dated at Medford, Oregon, October 20th, 1910.

Where Are You Going to Winter?

WILLOWS, CAL., county seat of Glen county, on main line of S. P. railroad. In heart of Sacramento valley; 150 miles north of San Francisco. The Sacramento valley is the largest stock and wheat country on the Pacific coast. A large irrigation project is now in operation, covering at present 60,000 acres, and will cover 200,000 acres, which makes it possible, with our fine climate, sunshine and fertile soil, to raise anything that grows, from oranges to alfalfa. Land sells at \$25 to \$200 per acre.

THINK CREW OF 40 MILE GALE BALLOON LOST STAYS MEET

Men Were Equipped for Long Stay in Wilds of Canada—Report Comes That Balloon Was Seen Near Toronto.

OTTAWA, Ont., Oct. 26.—Although government officials today profess to believe that Allan D. Hawley and Augustus Post, crew of the missing balloon America II, are alive and well somewhere in the Canadian fastnesses, there are few others in this section that accord them a chance of ever reaching civilization again.

Contrary to belief, it was learned positively here today that Hawley and Post carried firearms and fishing tackle and other equipment to enable them to withstand days of hardship in any land, and it is believed they are somewhere in the region of Hudson Bay, making their way to civilization by easy stages.

Professor Bock, chief of the geological survey, is one of the many who believe the two aeronauts cannot possibly be alive.

"The region they are supposed to be in is barren of game and at this time of the year is so cold as to be unbearable by any one not acclimated and thoroughly equipped to live in the open."

Searchers who left here yesterday remained out all night without reporting any success, but Edward F. Stratton, an official of the Aero club, of America, who is in charge of the search from Ottawa, declared he expected news soon.

TORONTO, Ont., Oct. 26.—A report that the balloon America II had been seen last night at the western end of Lake Superior reached here today. It was contained in a news dispatch from Ft. William. Three men declared they saw the balloon sailing through the heavens, according to the special. Although the report is generally not credited, it is being investigated.

Good tenants are to be had—for the advertising.

Aviator Blanchard Killed. PARIS, Oct. 26.—While attempting to alight at Issy after a flight from Bourges, Aviator Blanchard was killed today. He fell with his aeroplane 150 feet.

40 MILE GALE STAYS MEET

Aviators Cannot Fly at Belmont Park Today—Curtiss Was to Have Tried Out His New Racing Machine.

BELMONT PARK, N. Y., Oct. 26.—A 40-mile gale swept over the aviation field at Belmont today, but in spite of the announcement that there would be no flights unless the wind subsided a large crowd gathered and patiently waited for the aviators to begin. The wind was a source of keen disappointment to all the birdmen, especially to Glenn H. Curtiss, who had completed his new monoplane racer and intended to take it out for a trial flight before entering it in the elimination contests to choose the American entries for the Coupe International races, which were scheduled for this afternoon.

SIGNALS OF DISTRESS

Medford People Should Know How to Read and Heed Them.

Sick kidneys give many signals of distress. The secretions are dark, contain a sediment. Passages are frequent, scanty, painful.

Backache is constant day and night. Headaches and dizzy spells are frequent. The weakened kidneys need quick help.

Don't delay! Use a special kidney remedy. Doan's Kidney Pills cure sick kidneys, backache and urinary disorders.

Medford evidence proves this statement. C. W. Barnard, 424 S. W. Hamilton street, Medford, Ore., says: "I always use Doan's Kidney Pills when suffering from a cold in my kidneys or when I have any rheumatic pains, and I never fail to get relief. I gladly recommend this excellent remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

Haskins for health.

What the Home Rule Bill [328] Really Is It gives cities and towns the right to have saloons or no saloons. It gives the people who live in cities the right to vote on and decide this question themselves. It puts the control of the liquor traffic into the hands of the voters of each precinct, so that every residential district in a city or town is protected. It means real local option. All state criminal laws are maintained. Under it the farmer has the same protection he now enjoys. It is a law fitted to local conditions as they exist in every section of the state. It gives absolute control of the liquor traffic, particularly in towns and cities, where it is most needed. It will prevent the county from wiping out the city vote on city measures. It is a law which makes prohibition possible where wanted, and impossible where not wanted. It means regulation which regulates.
