

WINTER COURSE TO OPEN JANUARY 3

Six Weeks' Course for the Benefit of the Farmers of the State to Be Held at O. A. C.—Many Men and Women Expected to Attend.

CORVALLIS, Or., Oct. 29.—The winter short course at the Oregon agricultural college will commence January 3, continuing for a period of six weeks, and will be followed immediately by a special course commencing February 13 and extending over a period of one week, which will be known as farmers' week. This announcement has just been made by the chairman of the course committee.

The work will cover a six weeks' course in agronomy, animal husbandry, poultry husbandry, horticulture, dairying, domestic science and art, mechanical arts and forestry. Under these various heads the most practical work that can possibly be prepared will be offered to the short course students. The work is designed to meet the requirements of men and women, old and young.

The college has added greatly to the equipment and building space which will be available for this work. The new agricultural building has been completed and is splendidly equipped with laboratories and recitation rooms. The new greenhouses are also completed and are available for the work in floriculture. New laboratories are also being equipped in the old agricultural building and by the time the short course commences everything will be in splendid condition. A number of new instructors have also been added to the staff and will give special attention to this work.

GOLDEN RULE PROVES POPULAR

New Store on West Side Formally Opened and Many People Are in Attendance—Management Grateful to Public.

The new store on the West Side held their opening sale yesterday and were favored with a very large attendance. From the time the doors opened at 3 a. m. until closing time the store was continually thronged with people. They came to purchase goods and most of them went away with parcels or left goods to be delivered.

Medford is certainly getting a good class of stores and will rank alongside of any city of even a third larger in the country. The new store is no exception to the rule, and will get a goodly share of the business.

An introductory sale was held yesterday and the specials offered showed most conclusively that the new store is going after the business.

Messrs. Adams and Benton desire to thank all who attended the opening sale and wish to assure all who did not get in that they will be welcome any time. Every person in southern Oregon is invited to call on the new store and get acquainted with their methods of doing business.

TEACHERS UNION BEING ORGANIZED

Pennsylvania Federation of Labor Preparing to Admit Teachers—1200 of Them Organized—Want Better Wages.

WILKESBARRE, Pa., Oct. 29.—Preparations are being made today by the Pennsylvania Federation of Labor to admit 1200 school teachers of Luzerne county to membership. The teachers who are preparing a campaign to secure better wages, certain legislation and other wise to improve their condition, decided to ask for admission to the federation yesterday. They say that the moral and financial support of the federation will aid them to accomplish what they desire.

BELIEF PARTY OUT FOR MISSING MEN

SANTA MONICA, Cal., Oct. 29.—Relief parties started into the Santa Monica mountains today in search of four Los Angeles men who have been missing since Tuesday evening, when they were led for a mountain camp 27 miles from Santa Monica.

The lost men are F. J. Palshofer, Dr. C. L. Bennett, Frank Montgomery and George Gebhart. They traveled in Bennett's automobile. Late yesterday hunters found a note tied to a bush in the hills above here. It stated that the automobile had been wrecked and that the men were unable to find their way to a camp. Apparently the note was left in the hope that someone would find it and follow their trail.

The hunters hurried into Santa Monica and organized a searching squad. The party left shortly before midnight.

The Man Behind the Piano

The Man is Behind All The Pianos He Sells

Pianos are like diamonds—it takes an expert to discriminate between the good and the bad. Beautiful cases often cover rank defects in construction. Perfect material and construction produce perfect and permanent tone. An inferior piano may sound good today and in six months it may degenerate into a "dish-pan." I know pianos and where to buy the best values. The piano you buy is more important than the price you pay. So do not be misled. Buy always from the man whose business and environment indicate permanency. "Fly-by-night" stores and "Hurry-up" sales have no national reputation for carrying the best goods. I am an old experienced piano man. I am not ashamed of any sale I ever made. There is no risk in buying a piano from me, and no one is in a position to give you better prices, better values or better terms.

We Save You
\$100.00

ON ANY PIANO YOU WANT

Don't buy a piano until you have talked with us. We can save you at least \$100.00 on any piano that you may select. Come and see our line, which includes the finest and best makes of pianos and player pianos manufactured in the world. If we haven't the piano that you want, just tell us the name of the piano that you like the best and we will guarantee to place it in your home for \$100.00 less than any dealer in this part of the state.

Remember the place—Tenth and Oakdale ave.

The
FAMOUS
Apollo
Player Piano

The manufacturers of the "Apollo" offer to forfeit \$1000.00 to any musician who can tell when the player is playing and when a person is operating on the keys. You get everything there is in any piece of music when it is played on an "Apollo."

The beauty of this celebrated player piano is the fact that you can play either the player or by hand without changing a thing about it. Then, too, if you want it to look like a piano, you can close it up, put the pedals out of sight by slipping them underneath and it looks exactly like the finest piano.

Think of the advantages of being able to sit down and play any piece of music without having to learn it. Anyone can learn in a moment just how to operate it to get the best results and at the same time you have a piano that is ready for the most skilled musician to use. The tone, the finish—the every part of the Apollo is the best that money and brains can produce. Let us show you the Apollo.
