PORTLAND FOLK MAY GET SHOCK

Reported That Director Durand Has Inimated That Portland's census Has Been Cut Materially and Number Will Be Much Smaller Than Expected.

PORTLAND, Nov. 1.—Portland citizens are due for a shock similar to that sustained by Tacoma recently when the official population of the city is announced, according to advices reaching Portland today from Washington. It is reported that Director Durand has intimated broadly that Portland's census has been cut materially and that the census when announced will be substantially smaller than was shown by original reports of the local enumerators. In speaking of the matter Durand said: "The reduction will not be so great at Portland as at Tacoma. That is to say, in proportion to the total population, it will not be so great. As to actual numbers eliminated I cannot make any statement. "It is probable that Portland's census will be announced in a week. The census of Spokane, Seattle and several other northwestern cities will not be announced until special agents who supervised the rechecking in those cities have had a conference with Chief Statistician Hunt, who is on his way to recount Tacoma. None of these cities, therefore, is likely to be announced before the end of this week. San Francisco will be announced in a day or two." As to census employees reported for padding in Tacoma, Director Durand said no prosecutions would be started until the federal grand jury meets in January.

Honors Deserved. The successful contestants are named today as the result of the official count made by these disinterested gentlemen, noting as judges, and who have no motive in the contest other than to accept the invitation of the management to make a thorough and complete canvass of the votes. The mere mention of the names of these gentlemen is assurance enough of their integrity. These gentlemen are well known and highly esteemed by their business associates and with all whom they come in contact as thorough and honest business men. District No. 1. Includes all the territory in the city of Medford. May Buchanan 12,506,210 Marie Eifert 9,836,190 Miss Crawford 1,608,150 Agnes McMahon 1,405,350 Birdena Beacon 1,361,570 Mrs. W. M. Thrilling Rescue of Wellman Party From Balloon as Shown In Pictures.

MAY APPOINT ADDITIONAL ELECTION MEN

Registration in Medford is Far in Advance of Number Contemplated by Statutes and Additional Help May Be Needed to Count Votes. Several of the larger precincts of Jackson county, notably three of those in Medford, have a registration of voters far in excess of the number contemplated by the statute. It is impossible under the constitution of the state and of the United States to deprive a man of his vote if he has been duly registered and appears at the voting booth between the opening and the closing thereof. Only one set of judges and clerks are appointed to take charge of the coming election and with the big ballot and large registration they will be overworked. County Clerk Coleman will present tomorrow to the county court the proposition of appointing additional judges and clerks in the congested precincts, so that there will be two shifts at least in the voting and more, if necessary, in the count. Mr. Coleman suggested that central, northwest and southwest Medford send to him names of suitable persons for judges and clerks, six in each precinct, and that he would present the names to the county court.

MILLIONAIRE ON TRIAL FOR LIFE

Automobile Strikes Buggy Killing Murder Charge—Fast Driving Is Charged. NEW YORK, Nov. 1.—Edward Rosenheimer, millionaire, is on trial today for murder. His automobile struck a buggy, demolishing it. Grace Hough was killed and two other persons injured. The accident occurred on August 18. Rosenheimer is the second automobile driver in history to be tried for murder for killing persons with his car. Edward Darragh, whose taxicab killed a child, is now serving a sentence in Sing Sing. The jury in the Rosenheimer case has been completed. The jury consists of prominent merchants, though none of them owns an automobile. In opening the case for the state, Assistant District Attorney Maynard asserted that Rosenheimer was driving his machine at a mile a minute speed when he came up behind the buggy in which Grace Hough was riding. The automobile crashed into the vehicle and threw the occupants to the ground. The driver of the automobile, Maynard said, did not offer to help his victims but increased his speed and fled from the scene. He was arrested soon afterward.

CANADA'S FIRST NATIONAL APPLE SHOW OPENED

There Are 1,300,000 Apple Specimens Represented or About 20 Carloads—Premiums to Extent of \$2500 Will Be Given Out. VANCOUVER, Nov. 1.—Canada's first national apple show is in full swing today, following the formal opening yesterday by Lieutenant Governor Paterson of British Columbia. Premier McBride, Attorney General Bowers, W. E. Scott, deputy minister of agriculture for the province, Mayor Taylor and others of provincial note were among the speakers. There are 1,300,000 apple specimens in the show, or about twenty full carloads. The exhibitors number 287. Premiums to the extent of \$25,000 will be given out during the week. The program during the week includes nothing outside the regular daily concerts of the Forty-ninth Highlanders' band of Toronto, except the session of the Pomological convention tomorrow morning.

JUD PERNOLL BACK IN TOWN Southern Oregon Twirler Losing Nothing of His Prestige While in the East, Calls Again on His Friends in This City. Henry Pernoll of Applegate, Jackson county, who lost nothing of his prestige as a twirler of the Spaniard by his tryout with the Detroit American team, was in Medford on Tuesday from the old home on the Applegate. In spite of the fact that he has been traveling in the big brush, and is the same boy who pitched himself, by having the goods, from a farm to the big league, "Oh, they do things differently there," he said, "but, say, this town is growing faster than I ever thought it would grow. You know when I played ball here I tied up with Grants Pass, but this village of yours here is growing."

SITUATION OF STRIKE IS SERIOUS

Executive Committee of International Brotherhood of Teamsters Meets Tonight to Decide Whether Sympathetic Strike Shall Be Called of All Teamsters. NEW YORK, Nov. 1.—One hundred thousand teamsters, chauffeurs and helpers may be called on strike in New York city and a nation-wide strike of express drivers is threatened as a result of the strike of drivers and helpers employed by the express companies now out in New York, Jersey City and Hoboken. The executive committee of the International Brotherhood of Teamsters will meet tonight to decide whether a sympathetic strike shall be called in New York. If they decide to take their men from the wagons, vehicle traffic in greater New York will be paralyzed. It is generally believed today that the council intends to come to the aid of the express men. It is said that the decision, which was expected last night, was postponed to allow further organization. Organizers representing the various locals affected by the possible order are busy as bees today and merchants and wholesalers in New York are preparing for the expected emergency. In the meantime the international union is preparing a new monthly wage scale to be demanded in the principal cities of the United States. The scale calls for \$80 monthly for route drivers; \$70 for transfer men; \$65 for drivers of wagons without helpers; \$50 for chauffeurs; \$55 for first helpers, and \$50 for other helpers. The scale calls for a work day of not to exceed eleven hours and no Sunday work. A committee of the striking drivers today told Health Commissioner Federle that 100,000 cars of perishable goods would be allowed to be unloaded and distributed among the consumers. A committee of strikers also called on Mayor Gaynor and protested against using policemen as guards on express wagons being operated by strikebreakers. The platform men of the express companies struck today and strikebreakers are being sought to fill their places. About 400 wagons were moved up to noon.

56 PERCENT GAIN LOCAL POST OFFICE

Great Increase Is Made Over a Year Ago—During October \$2983.50 Were Received in Local Postoffice—Gain Over Last Year Is Remarkable. 7-56 PER CENT. The business for the month of October in the local postoffice shows a gain of 56 per cent over October, 1909. In October, 1910, the receipts of the local office totaled \$2983.50, while one year ago they were \$1908.14. The gain was 56 per cent. Every month shows increased receipts in the local office, thereby reflecting the steady growth of the city. Today a fourth carrier was put at work in the city and practically every street in the city is covered.

ARCHDEACON IS READY TO FIGHT

Rev. Henry Chambers Calls Bluff of Contractor, Who Backs Down. When Spectacles Are Removed by Reverend Gentleman. The Telegram says: A Portland business man returning from Medford brings a tale of how Archdeacon Henry D. Chambers of the Episcopal church is succeeding as the militant representative of that denomination in the industrial world. The church owns some property in the heart of the town and is building a business block on part of it and plans to have a church on the rest. Because work was not progressing on the building as fast as the powers that be thought it ought, Archdeacon Chambers was sent up from Portland to oversee it. Another building is being put up near by and on several occasions the contractor, perhaps through some sympathetic feeling for his fellow contractor, sought trouble with the church delegate on some small matters. Waxing hot one day last week, the contractor doubled up his fists and said: "Take off your glasses and I'll show you how we do things in this town." The archdeacon was all attention. He not only took his glasses off, but he peeled his coat and drew himself up ready for defense. The contractor was not prepared for that warlike attitude, and in a tone several shades more meek said: "Well, hit me if you dare." Archdeacon Chambers today said that the foregoing story was not true in one particular, and that was he did not remove his coat.

DEFENSE IN KERSH TRIAL SCORES POINT PORTLAND, Nov. 1.—The defense in the case of Mrs. Carr's Kersh, charged with complicity in the murder of William A. Johnson at the New Grand Central hotel in June, scored decidedly today when Mrs. Kersh's attorneys succeeded in tangling Jessa Long, a bellboy, in his own testimony. Long was a witness for the state and it was upon his testimony principally that Jesse Webb was convicted for Johnson's murder recently. On direct examination this forenoon Long testified that Mrs. Kersh purchased the trunk in which Johnson's body was stuffed later, the morning of the murder. He then asserted that he saw Johnson's body in the trunk.

COOK CONGRATULATES WELLMAN ON ATTEMPT NEW YORK, Nov. 1.—Dr. Frederick A. Cook, first American claimant to the discovery of the north pole, has sent a message of congratulation to Walter Wellman, Arctic explorer and first aeronaut to attempt to cross the Atlantic in an airship. The message came in the form of a letter sent by a London newspaper man addressed to Wellman. "Kindly send my heartfelt congratulations to Walter Wellman for his wonderful initial success," the letter quotes Dr. Cook as saying. "If he crosses the Atlantic he will have gained an object of far greater use to mankind than the conquest of the north pole."

OREGON NOW IS AFTER GAME WITH WASHINGTON UNIVERSITY OF OREGON, Eugene, Or., Oct. 31.—Manager Watson of the University of Oregon last night wired a challenge to the University of Washington for a football game in Portland next Saturday in view of a rupture of the relations of Idaho and Washington over the game scheduled for next Saturday in Seattle. The difference between the two universities arose over the demand of Washington to admit two thousand five students to the game without charge on account of their holding season tickets. Idaho insisted that the students be made to pay the same as any ordinary spectators and declined to go to Seattle under any other conditions. Manager Victor Zednick is now at Moscow trying to patch the matter up with the Idaho managers.
