

# Business Men of Medford

If Prohibition Prohibits, Why is it that the receipts for REVENUE have INCREASED instead decreased during the years WHEN the territory of PROHIBITION WAS GREATEST?

Prohibition Only Establishes Blind Pigs and Boot Leggers and Robs the Cities and States of Thousands of Dollars

If Prohibition carries in Medford, it will create STAGNATION IN BUSINESS in all lines, and WILL BRING DOWN PROPERTY VALUES accordingly

Will You Vote for the infamous search law, or for the protection of your home and business? Prohibition is no experiment. It has been tried and found wanting.

## Virginia Harned Here Soon

No better, finer play could have been secured than "The Woman He Married," by Herbert Bashford, for Miss Virginia Harned to display her splendid talents that have made her recognized by the theatergoing public as America's leading actress. Several of this country's greatest managers tried hard to secure the play from Mr. Bashford, but he had only one actress in view and he offered it to Miss Harned.

We have not the space here to describe this play of today, but will say the critics who have been fortunate enough to witness it have been universal in their praise of both the play and its production. No money has been spared to make this presentation massive. The scenic effects are described as really wonderful. One car is used to carry the furniture alone. When you have witnessed this powerful play you will say that we have not spoken too highly of it and of America's leading star, Miss Harned.

OIL HEATER

Absolutely smokeless and odorless

It gives just as much heat as you desire. It is safe, odorless and smokeless.

It has an automatic-locking flame spreader, which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back, so the wick can be quickly cleaned. Burner body or gallery cannot become wedged, because of a new device in construction, and can always be easily unscrewed for rewicking.

An indicator shows the amount of oil in the font. Filler-cap does not need to be screwed down, but is put in like a cork in a bottle, and is attached to the font by a chain. Finished in Japan or nickel, strong and durable, well-made, built for service and yet light and ornamental. It has a cool handle and a damper top.
