AGAIN ROGUE RIVER APPLES WIN.

A CAR of Medford Newtown apples has just won first prize at the Canadian International Apple Show at Vancouver, B. C., in competition with those from all parts of the northwest. The car also won third sweepstakes in competition with twelve other cars.

A year ago a car of Spitzenberg apples from Eagle Point won the sweepstakes prize and first prize on Spitzenberg at the Spokane National Apple Show.

Rogue River apples have thus established their superiority in the apple world in the great apple shows of two nations. No matter where exhibited, their pre-eminence is acknowledged.

Last year's prize winners were grown by Tronson & Guthrie, who have since worn the title of Apple King. This year's prize apples were grown by E. Kenschaw, a couple of miles from Medford, and the exhibit was shipped by the Medford Commercial club.

Rogue River pears even outclass Rogue River apples, for the pears grown here are without equal anywhere. It is a matter of regret there is not a national pear show. If there was, nearly all the prizes for every variety grown would be captured by the Rogue River valley product.

DO YOU WANT GOOD ROADS?

EVERYONE in favor of good roads should vote for George L. Davis, republican nominee for county commissioner.

Mr. Davis fairly and squarely defeated Joshua Patterson in the republican primaries. Mr. Patterson held the office for eight years—yet Mr. Patterson so desires to continue in office that he refuses to abide by the decision of his party and is striving to defeat his party nominee by running as an independent.

Mr. Davis stands pledged to a square deal for all sections and factions, no neglecting certain portions for years and over-attention to other sections, no favoritism to certain cliques and the frozen mit for others. He stands for modern methods of construction and supervision and business system. Himself a successful business man, a resident of the county for upwards of twenty years, he promises to devote the same care and attention to county business that he does to his own.

Jackson county has grown. The ways and methods of the past will not fill the bill for the future. Progress means change and change is essential to progress.

Mr. Patterson really thinks he is building fine roads. That is the hopeless part of it, for when ignorance is bliss, evidently 'tis folly to be wise.

COMPARISON OF CANDIDATES.

WHAT has Jay Bowerman done for Jackson county? He killed its only state institution, the normal school. He refused it even funeral expenses to finish the year. The money had to be raised locally.

What has Oswald West done for Jackson county? As state land commissioner he saved our school lands from being stolen by the timber ring.

As railroad commissioner he gave increased depot facilities and traveling conveniences.

He cut down express rates and ordered freight rates cut 20 per cent, thereby saving \$300,000 a year to the people of southern Oregon.

He rendered substantial aid in the legislative fight for normal schools and Crater Lake road.

He has gone "down the line" for us on our every request.

Bowerman is a southern Pacific attorney, nominated by the corporation controlled assembly, whose slate was fixed in a Southern Pacific attorney's office, with the object of defeating popular government.

West is a product of the direct primary, believes in it and stands for it, believes in the rule of the people.

To build this section up, we must have lower freight rates. Will we get them with a railroad attorney as governor?

With a long drawn out battle against the railroads under way, is it to our interests to turn the government over to the railroads?

Bowerman or West? Which will serve our interests best?

Jackson County to Blaze Trail

Ashland, Ore., Oct 21, 1910.

To the Voters of Jackson County:
You know that the producing class of society are not being represented in any of our law-making bodies, consequently our conditions are becoming unbearable and this must be changed. The start must be made some time, and why not have the voters of Jackson county remembered as the trail-blazers in this movement which is fast becoming popular and of a world interest. We are especially favored and encouraged in Jackson county this fall for the Democrats have no candidates in the field for the legislature and many will support us, so with just a little extra effort to arouse the spirit of justice among the people we shall win. Do not think that you are only sending a couple of working men who must only be block-heads, to become bewildered and chagrined by these great mental

lights and their legal lore, because we will receive the hearty support of Oregon's best talent in the legislative committees, for the Socialist party, the State Federation of Labor, the Farmer's union, the People's Power league and many others whose interests and efforts are leading through different channels, toward the social revolution which we are organized to bring about. The cooperative commonwealth in which the child at birth will become an owner in all productive (not private) properties equally as much as each man now owns the use of the county roads, and the incentive will be to make everything the best for use and not for profit in the business.

Yours sincerely,
F. E. SMITH,
C. C. STRICKLAND,
Socialist Representatives.

CALUSE FOUND FOR PHILIPPINE WAR
WASHINGTON, Nov. 2.—Although it was given out at the war department that religious differences were responsible for the recent outbreak in the Philippines, private advices received indicate that the real cause was the lack of organization in the Philippine army. According to these advices, the Philippine branch of the service is totally lacking in discipline. The reports say the troops show no respect for their officers, it is alleged, who are "not up to the mark."

Johnson to Paris
CHICAGO, Nov. 2.—Jack Johnson is soon to invade Paris, according to an announcement made by the dusky champion himself today. Johnson said he had an offer of \$20,000 for four theatrical engagements.

Johnson will go to England in April and will cross the channel as soon as his English engagements are over.

You believed that "dead stock" to be salable when you bought it. Probably it was—and is. Concentrate a little advertising on it—and, in a week, forget that it ever worried you.

What the Home Rule Bill [328] Really Is

It gives cities and towns the right to have saloons or no saloons. It gives the people who live in cities the right to vote on and decide this question themselves. It puts the control of the liquor traffic into the hands of the voters of each precinct, so that every residential district in a city or town is protected. It means real local option. All state criminal laws are maintained. Under it the farmer has the same protection he now enjoys. It is a law fitted to local conditions as they exist in every section of the state. It gives absolute control of the liquor traffic, particularly in towns and cities, where it is most needed. It will prevent the county from wiping out the city vote on city measures. It is a law which makes prohibition possible where wanted, and impossible where not wanted. It means regulation which regulates. (Paid Advertisement.)
