

STRIKE WILL BE SETTLED SOON

Everything Looks Bright for Early Settlement of Wagon Drivers' Strike—Mayor Gaynor May Take Hand in Matter.

NEW YORK, Nov. 3.—Prospects for a settlement of the express wagon drivers' strike are bright today. Representatives of the strikers and the express companies will meet this afternoon to outline a proposed agreement to be submitted to the general meeting of the local unions tomorrow.

Vice-President Hoffman, of the International Brotherhood of Teamsters, believes that today's meeting will agree on a plan of settlement. If it fails, Mayor Gaynor will probably endeavor to bring about arbitration.

The strikers are insisting upon recognition of the unions. It is on this point that a feared disagreement will arise if the negotiations today are not successful.

It is estimated that the express companies are losing nearly \$100,000 daily because of the strike.

I. W. W. TOLD TO MOVE ON BY FRESNO POLICE

FRESNO, Cal., Nov. 3.—Fifty-five members of the Industrial Workers of the World pleaded guilty in police court today to violating the street speaking ordinance. They were given orders to leave town before night. The leaders say that the national organization failed to back the coast fight, and the men became discouraged.

Most of the members of the organization here came from Spokane. The police and the sheriff adopted various methods to check the fight for "free speech" instigated by members of the order here.

Prominent merchants were in court today to listen to the proceedings. Although feeling against the Industrial Workers is high, there was no demonstration during the trial.

Members of the order jailed last week attempted a wholesale delivery. They were stopped by the sheriff who put on a night patrol armed with shotguns. It is believed that the Industrial Workers will cease their fight for "free speech" here.

RAILROAD VALUATION OF ROADS INCREASED

OLYMPIA, Wash., Nov. 3.—In a statement just issued by the state tax commission it is shown that the total valuation of railroads operating within the state has increased from a trifle over \$12,000,000 in 1891 to over \$100,000,000 in 1910.

The year 1892 showed an increase over 1891 and 1893 showed a further increase, but the assessed valuation of the railroads did not jump over the 1893 mark until 1897. In 1900 the total valuation of the railroads was fixed at about \$23,500,000.

This was the high mark until 1904, when the total was close to \$27,000,000.

RECIPROCITY MEETING WILL BE HELD SATURDAY

OTTAWA, Ont., Nov. 3.—Hon. W. S. Fielding announced that the reciprocity negotiations will begin at Ottawa on Saturday, he and Hon. William Paterson representing Canada, Charles M. Pepper, Henry M. Hoyt, controller of the Washington state department, and Consul-General Foster representing the United States. The conference is expected to last some weeks and the proceedings are to be based on a free exchange of natural products and raw materials.

Hon. Mr. Fielding says the British preference will not be interfered with.

Sheriff Bob Sued.

NEW YORK, Nov. 3.—"Roses for Lina Cavaleri, \$30."

Charles Thorley, New York's bon-ton florist, filed suit today against "Sheriff Bob" Chauler, in accordance with the foregoing item, which is entered on his books under date of October, 1909.

Thorley is non-committal upon his prospects of recovering the amount from the husband of the Italian songbird.

Keefe to Hawaii.

WASHINGTON, D. C., Nov. 3.—Commissioner of Immigration Keefe will leave Washington today on an extended journey, having for its object an investigation of charges that labor troubles in the Hawaiian islands are caused by a system of peonage in violation of the federal constitution.

Butte Falls Items

H. D. Mills has gone on a business trip to Klamath Falls, and while out will look after certain matters connected with the Butte Falls plant.

C. E. Wolverton is busily engaged in looking after the improving of his homestead and does not waste any time in idling around. He is one of our most active men.

The local telephone company has changed hands and been reorganized, it having passed into the hands of the Pacific States Telephone company and by that company been transferred over to the new organization to be known as the Butte Falls and Eagle Point Telephone company with William von der Hellen as manager.

Engineer Beveridge was visiting the Falls lately and says he is engaged on bridge work and that within a short time all bridges will be completed, as they are now working on the last long bridge which will be finished within ten days or so and then a straight shoot will be made to the Falls and that by the 10th of November trains may be expected to be running into the Falls if no bad weather interferes.

H. A. Reynolds and Frank Netherland have returned from their hunt,

having killed one large bear. Mr. Beale, Sr., father of the Beale boys, living hereabouts, came in from Central Point early in the week and visited his children and then returned home.

Dr. Holt was called professionally to visit the Cook family, Mrs. Cook being sick, during the week, but is now better.

The "Bungalow" addition to Butte Falls is quite an improvement and already several houses have been built for themselves comfortable residences.

It is creditably reported that a tramway or an endless chain rig will be constructed to bring the lumber from the mill onto the townsite and convenient to transportation and that other improvements will be made to facilitate the operations of our mill plant.

The railroad contemplates erecting the needed depot and freight buildings and preparing for the expected output of the mill which is likely to run all winter.

John Wingham, Jean Stowell and some other parties were out hunting near Rancheria and were successful in bagging among them some 13 fine deer and then they did not hunt very hard.

"Our New Minister" Friday

For many years Denman Thompson and George W. Ryer's most successful character play, "Our New Minister", has provided amusement for countless thousands of people of the United States. Richard Nesmith who has played the part of the constable for several seasons, and who has contributed considerably to its success in all parts of the country, still retains his original role in the comedy that will be presented at the Medford theatre on Friday night, November 4.

Sensationalism dies. A beautiful story, simply told and will live forever. The masterpieces of literature are not stories of murder and obscenity. So with the stage. A sawmill scene is not the highest type of dramatic art, and so does not appeal to

the intelligent people. But a simple story of a master's struggle against socially overwhelming odds as is told by those masters of the stage literature, Denman Thompson and Geo. W. Ryer, will teach compassion and sympathy.

The comedy is irresistible, forcible and natural. Each type is clearly depicted and appeals to everyone's ideas of humor. The "auspicious" constable, some real gossip, that delights every woman, a boy who distributes current slang in an original way, several types that are real in every-day-life, and a carload of special scenery, stage effects and other paraphernalia marks the production and with many of the original players in the cast makes this one of the strongest originations on the road. Seats are now selling.

FILTHY STOMACH.

Food Fermenting in Stomach Causes a Bank Condition.

When you have indigestion your food sours; many times it actually rots and forms gases that poison the blood.

UNCLE JOE SENDS HIS REGARDS TO THE PAPERS

CHICAGO, Nov. 3.—Speaker Joseph G. Cannon arrived in Chicago this afternoon to confer with Acting Chairman Tawney of the republican congressional campaign. Asked regarding the progress of his campaign in his own district, Uncle Joe became trifle testy.

"You tell the newspapers for me", he said shifting his cigar to a defiant angle, "respectively and diplomatically to go to Hell".

Then he proceeded on his own way to find Tawney.
