

NEAR BEER TOO NEAR IS CHARGE

Grants Pass Near-Beer Dealers Are Arrested—Arrests Come Like Bolt Out of Blue Sky—Six Bound Over to Grand Jury.

GRANTS PASS, Nov. 4.—Like a bolt from the blue came the news yesterday afternoon that the proprietors of six of the near-beer places in town had been arrested on warrants charging them with selling liquor in prohibition territory. Following is the list of those dealers who were arrested: M. F. Hull, J. D. Williams, Dan Heam, Fred Pilkinton, Jack Whitsett, Fern West. Three complaints were filed against G. D. Williams, charging him with selling liquor on October 2, 14 and 24. There are two against Hull and two against Whitsett.

In addition, Len Martin of Alice was arrested on a similar charge preferred by the district attorney himself. The complaints against Whitsett and Pilkinton are sworn to by Mrs. T. C. Booth of this city. She said that she asked William Scroggins and George Barrows to buy the liquor on which the complaints are based, while she remained outside. The Anti-Saloon league has had half a dozen detectives working on these cases for the past six weeks. All the complaints are for selling beer. Not one of them is for anything stronger.

The district attorney states that more than a dozen bottles have been analyzed by local chemists and they have been found to contain from 4 1/2 to 5 per cent of alcohol. All six of the defendants waived examination and were bound over to the grand jury in the sum of \$200 each.

Cottolene Comes from the Land of Sunshine

The very source of Cottolene inspires confidence in the product. It is pure. It comes from the cottonfields of the Sunny South and from cottonfield to kitchen human hands never touch the oil from which Cottolene is made. Being a vegetable product, Cottolene is pure—and just as digestible as the purest olive oil. You can never be sure of this when using lard, which is simply hog fat—an animal product. Cottolene is immeasurably superior to lard from a health standpoint. It makes pure, digestible, nourishing food, and food which any stomach can digest. The careful, once-posted housewife will use Cottolene in place of lard every time.

CATARRH SUFFERERS

Go! A thing to know. If you have a cough, a cold, a sore throat, a runny nose, or any other sign of catarrh, you should know that you are suffering with a bottle of HYOMEI for only 50 cents. Remember this, all who suffer with catarrh—a bottle of HYOMEI (pronounced High-o-me) is put up in a separate package and sold for 50 cents, to accommodate the vast army of people who already own a Hyomei Inhaler. Chas. Strang will sell it to you at that price and give you the opportunity to begin at once to rid yourself of vile catarrh and the snuffling, hawking and spitting that go with it. Many people through years of neglect have let catarrh get a strong hold upon them. Some of those people unreasonably think that one bottle of HYOMEI ought to cure them. No matter how chronic your catarrh troubles, HYOMEI is guaranteed by Chas. Strang to cure them if you give it half a chance. Just you breathe it, that's all, and its healing, soothing, antiseptic properties will make you feel better in a day. If you own an inhaler get a 50-cent bottle of HYOMEI today. If you do not own a Hyomei inhaler, ask for a \$1.00 outfit, which includes inhaler.

What the Home Rule Bill [328] Really Is

It gives cities and towns the right to have saloons or no saloons. It gives the people who live in cities the right to vote on and decide this question themselves. It puts the control of the liquor traffic into the hands of the voters of each precinct, so that every residential district in a city or town is protected. It means real local option. All state criminal laws are maintained. Under it the farmer has the same protection he now enjoys. It is a law fitted to local conditions as they exist in every section of the state. It gives absolute control of the liquor traffic, particularly in towns and cities, where it is most needed. It will prevent the county from wiping out the city vote on city measures. It is a law which makes prohibition possible where wanted, and impossible where not wanted. It means regulation which regulates. (Paid Advertisement.)
