

Business Men of Medford

Medford is the Most Prosperous City in the State of Oregon Leading All The Northwest in Growth

Medford has doubled in population in two years.

Medford bank deposits have increased 100 per cent.

Medford postal receipts have increased in two years 100 per cent and show a monthly increase of over 50 per cent leading all cities of Oregon.

Medford railroad business has more than doubled, increasing faster than any city in Oregon on the Harriman lines.

Property values have increased more rapidly in Medford than in any city in Oregon.

Medford has paved 15 miles of city streets, constructed a \$500,000 water system, a \$150,000 sewer system, leading all cities of its size in municipal improvements.

Medford is doing more building, both business blocks and residences, than any city in Oregon outside of Portland.

Medford in two years has passed both Ashland and Grants Pass, both "dry" towns. Medford is a high license city, saloons paying \$1000 a year license. Neither Grants Pass or Ashland derive any revenue from the sale of liquor, yet seven blind pigs were raided in Grants Pass.

Medford's prosperity may not be due to its being "wet," but any change which involves a rearrangement of conditions, such as prohibition, means a halt in progress, a slump in values, and business stagnation for an extended period, at least until the readjustment is completed, and perhaps indefinitely.

A vote for principle is never lost. Rather vote for what you want, and not get it, than vote for what you do not want, and then kick about it.

Any people or any class who wait for liberty to be handed down to them from above, will forever remain enslaved.

No man who is prejudiced is, or can be free.

Charity is not justice—it is degrading.

How can a man get wealth who does not produce it, unless someone producing it does not get it?

We (socialists) know that our present business methods made paupers faster than charity can relieve them.

He that will not reason is a bigot; he that dare not is a slave.

THE SOCIALIST PARTY represents the best thought of an age teeming with problems, and fraught with immense significance to the generations of the future. Have you a better solution?

THIS DOG, LIKE CAT, COMES BACK

"Jack" Shows Up Again After Short Vacation—Often Goes Off on a Trip, But He Never Fails to Show Up Again for Something to Eat.

"Well, here I am again," said Jack, the yellow dog who has his habitat at Warner, Wortman & Gore's grocery, as nearly as he could in dog language, as he bounded into the store, barking vociferously, Friday morning.

Jack has a history. He became acquainted with Lou Warner at the depot while the latter was looking out for the dinner business several months ago, and recognizing him as pretty good people, adopted him. From that on Jack was there at every train, watched the trucks and incidentally took care of the business. Finally he drifted down to the store and made his headquarters there. Twice has he been claimed by different parties and taken protesting away, but each time he has returned joyously to the store. Last evening he was claimed and taken away with a rope around his neck, but this morning he showed up bright and early with an appetite which might have been the reason of his desertion of his latest master.

DALLAS, Tex., Nov. 4.—Sergeant J. D. Manley, a guardsman, who killed Louis Reichstein with a bayonet while President Taft was visiting here in October, 1909, was convicted of murder in the first degree today and sentenced to 99 years' imprisonment.

POPE PIUS IS REPORTED ILL

Physician Urges His Holiness to Cancel All Audiences for Period of Two Weeks, But Pontiff Refuses to Do So.

ROME, Nov. 4.—The condition of Pope Pius is worrying the physicians at the vatican. Dr. Marcia Fava today urged his holiness to cancel all audiences for a period of two weeks, but the pontiff refused to accede to the request.

YOUNG & HALL MAKE BIG PROFIT ON LAND

A. G. Ahlefeld of Kenton, O., and J. B. Anderson of Goshen, Ind., have purchased 40 acres from Young & Hall, east of Medford and adjoining the "401" ranch, paying therefor \$350 per acre.

The tract is set to 2-year-old pears and Newtowns and is one of the desirable young orchards in that section. Messrs. Ahlefeld and Anderson leave for the east this evening, but expect to return in a few months and make further investments. They already have options on a number of other orchards and intend putting quite an amount of money into Jackson county lands during the next year. The sale was made through the agency of J. E. Barkdull.

Medford vs. Grants Pass.

The football teams of the Medford and of the Grants Pass high schools will enjoy the gentle art of disfiguring each other, smashing ribs and such like diversions tomorrow afternoon at the ball park.

Medford lost to Ashland last Saturday, and since then have been working with the intention of "bringing home the bacon" Saturday and incidentally putting themselves in line for the championship of Southern Oregon, which they won easily last year.
